### Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill requires the Office of the Secretary of State (OSOS) to assume costs related to placing a constitutional amendment on the General Election ballot. This would increase the prorated state share of election costs paid under RCW 29A.04.420

Additionally, submission of a constitutional amendment for a vote of the people results in expenses to OSOS for including it in the voters' pamphlet and to publish the notice four times in every legal newspaper in the state prior to the election.

There are no other fiscal impacts based on the contents of the bill.

#### II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

#### II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

The following fiscal impacts broken out by category:

#### Voters' pamphlet

This bill requires OSOS to print the constitutional amendment in the voters' pamphlet. Printing the constitutional amendment, estimated to be 8 pages, has a projected cost of approximately \$59,453 which is comprised of \$49,476 for printing, \$5,040 for composition, and \$4,937 for language translation. Postage costs are not included for odd-year pamphlets because those costs are fixed for voters' pamphlets below 88 pages (less than 4oz, per the USPS). The additional 8 pages are not expected to push an odd-year voters' pamphlet over 88 pages.

If the Legislature provides the additional funding for OSOS's voters' pamphlet request, we will likely not require this additional funding requested in this fiscal note.

#### Odd-Year election costs

Adding an additional issue for the state results in increased odd-year election costs of \$64,428. This amount was calculated by adding an additional issue the state proration for each of the 39 counties 2019 odd-year election costs; the resulting change between the base and the base + 1 is the cost seen here. All other factors were held constant.

#### Legal advertisements

The Office of the Secretary of State operating budget includes funding for the publication of notices in every legal newspaper in the state four times prior to the general election. This fiscal note does not assume additional cost to publish this measure because the notices would be customized such that they remain within the authorized budget for legal advertising.

# Part III: Expenditure Detail

## III. A - Operating Budget Expenditures

Account Title Type		FY 2022	FY 2023	2021-23	2023-25	2025-27
