Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

ESHB 1521 creates the manufacturing and warehousing job centers account, coupled with the general fund as the recipient of the earnings from investments under RCW 43.84.092 (4).

The department of revenue (DOR) provided the section 2 transfers and distributions amounts.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

DOR provided the section 2 transfer amounts included in this fiscal note.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

Debt Limit

There may be an impact on the debt service limitation calculation. Any change to the earnings credited to the general fund will change, by an equal amount, general state revenues.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

DOR provided the section 2 distribution amounts included in this fiscal note.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Briefly describe, by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.*

Note: This fiscal note reflects language in ESHB 1521, 2021 Legislative Session.

#### CURRENT LAW:

Streamlined sales tax mitigation payments ended June 30, 2020, with the Governor's veto of Engrossed House Bill 1948 passed during the 2020 Legislative Session.

#### COMPARISON OF ENGROSSED SUBSTITUTE BILL WITH THE SUBSTITUTE BILL:

The engrossed substitute bill adds an emergency clause.

#### PROPOSED LAW:

Qualified local taxing districts will receive a quarterly streamlined sales and use tax mitigation payment (SST mitigation payment) from the manufacturing and warehousing job center account.

At first, the payment amounts will equal the payments received June 30, 2020. Beginning July 1, 2022, the amount of the payment will be reduced by 20 percent from the previous year's payment for the same quarter.

The manufacturing and warehousing job center account is created in the state treasury. July 1, 2021, and each July 1 through July 1, 2026, the State Treasurer transfers from the general fund the sum required to mitigate actual net losses.

A qualified local taxing district is defined as having received more than \$60,000 in the June 30, 2020, SST mitigation payment.

#### EFFECTIVE DATE:

This bill contains an emergency clause and takes effect July 1, 2021. The payments expire July 1, 2026.
