Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

No fiscal impact. This legislation is not expected to generate any costs or savings for the Attorney General's Office (AGO). The AGO completed an analysis for legal services and fiscal impact from the most likely state agencies.

The AGO Governmental Compliance Enforcement Division (GCE) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Liquor and Cannabis Board (LCB). This bill would prohibit persons from knowingly selling or offering for sale any hemp cannabinoid product if the product contains less than the marked or labeled concentration of cannabidiol (CBD) or cannabinoid. Violations would be actionable under the consumer protection act. However, under section 1 (4), the provisions of the bill would not apply to products sold by marijuana retailers licensed by the LCB. As a result, we do not anticipate that this bill would result in any increased administrative litigation for GCE. New legal services are nominal and costs are not included in this request.

The AGO Agricultural and Health Division (AHD) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing Washington State Department of Agriculture (WSDA). The enactment of this bill will not impact the provision of legal services to WSDA because it would give WSDA no new duties or authorities upon which they would require more than incidental legal advice. New legal services are nominal and costs are not included in this request.

The AGO Consumer Protection Division has reviewed this bill and determined it will not significantly increase or decrease the division's workload. Any new work would be nominal and costs are not included in this request.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.
