II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

See attached narrative.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

See attached narrative.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

See attached narrative.

HCA Fiscal Note

Bill Number: 5796 SB

Part II: Narrative Explanation

This bill is AN ACT Relating to restructuring cannabis revenue appropriations creating a cascading three subsection system where each new subsequent subsection is allocating funds by the remains of the previous subsection. Any remaining amounts under each subsection must be distributed as indicated in each section.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Section 1 – Amends RCW 69.50.530 (Dedicated Marijuana Account). This section renames the Dedicated Marijuana Account to the Dedicated Cannabis Account. states that the dedicated cannabis account is created in the state treasury. And all moneys received by the board, or any employee thereof, from marijuana-related transactions must be deposited into the account.

Section 2 – Amends RCW 69.50.540 (Dedicated Marijuana Account – Appropriations).

(1)(a) The legislature must appropriate nineteen percent of all money in the Dedicated Cannabis Account on a quarterly basis or as follows:

- i. \$12,148,000 to the board for administration of this chapter.
- ii. Until June 30, 2032, \$200,000 to the Heath Care Authority (HCA) for the purpose of contracting with the Washington State Institute for Public Policy.
- iii. \$2,423,000 for fiscal year 2022 and \$2,793,000 for fiscal year 2023 to the Washington state patrol for a drug enforcement task force.
- iv. \$270,000 for fiscal year 2022 and \$464,000 for fiscal year 2023 to the Department of Ecology for implementation of accreditation of marijuana product testing laboratories.
- v. \$800,000 for each of fiscal years 2020 through 2023 to the Department of Health for the administration of the marijuana authorization database.
- vi. \$621,000 for fiscal year 2022 and \$635,000 for fiscal year 2023 to the Department of Agriculture for compliance-based laboratory analysis of pesticides in marijuana.

(1)(b) Any amounts remaining after the distributions made under (1)(a) of this subsection must be distributed as follows:

- i. \$27,800,000 to counties, cities, and towns.
- ii. Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

(1)(c) By September 15th of each year, the board must provide the state treasurer the annual distribution amount made under (b) of this subsection, if any, for each county and city as determined in (b)(i) of this subsection.

(1)(d) Any amounts remaining after the distributions made under (b) of this subsection must be deposited in the state general fund.

Section 2(2) From the amounts in the Dedicated Cannabis Account after appropriation of the amounts identified in subsection 2(1) of this section, the legislature must annually appropriate for the purposes listed in this subsection (2) as follows:

- a) Fifty-eight percent to the state Basic Health Plan Trust account to be administered by the Washington Basic Health Plan Administrator and used as provided under chapter 70.47 RCW (Basic Health Plan – Health Care Access Act).
- b) Any remaining amounts under this subsection (2) must be distributed as follows: i. \$49,246,000 to HCA for the following:
 - A. Design and administer the Washington State Healthy Youth Survey.

HCA Fiscal Note

Bill Number: 5796 SB

HCA Request #: 22-042

B. Develop, implement, maintain, and evaluate programs and practices aimed at the prevention or reduction of maladaptive substance use, substance use disorder, substance abuse or substance dependence, as these terms are defined in the Diagnostic and Statistical Manual of Mental Disorders, among middle school and high school-age students, whether as an explicit goal of a given program or practice or as a consistently corresponding effect of its implementation, mental health services for children and youth, and services for pregnant and parenting women.

C. Contract with community health centers to provide primary health and dental care services, migrant health services, and maternity health care services as provided under RCW 41.05.220.

Section 2(3) requires the treasurer transfer any amounts in the Dedicated Cannabis Account that are not appropriated pursuant to subsection (1) or (2) of this section at the end of each fiscal year into the Community Reinvestment Account and appropriated to the Department of Commerce to establish a cannabis equity grant program.

Section 3 - The Community Reinvestment Account is created in the state treasury. Money from the distribution required in RCW 69.50.540 must be deposited into the account. Moneys in the account may be spent only after appropriation.

II. B - Cash Receipts Impact

The requirements of this bill related to the Basic Health Trust Account impact HCA's revenue.

| ACCOUNT | FY-2022 | FY-2023 | FY-2024 | FY-2025 | 2021-23 | 2023-25 | 2025-27 |
|---|--------------|-------------|--------------|---------------|--------------|---------------|---------------|
| Basic Health Plan Trust Acct-Non Appr 172-6 | 8,543,000 | (25,000) | 7,875,000 | 16,427,000 | 8,518,000 | 24,302,000 | 24,302,000 |
| Totals | \$ 8,543,000 | \$ (25,000) | \$ 7,875,000 | \$ 16,427,000 | \$ 8,518,000 | \$ 24,302,000 | \$ 24,302,000 |

II. C – Expenditures

HCA requests \$8,212,000 GF-State in the 2021-2023 biennium to cover the estimated fiscal impact from this proposed legislation.

This bill restructures cannabis revenue appropriations creating a cascading three subsection system where each new subsequent subsection is allocating funds by the remains of the previous subsection. Any remaining amounts under each subsection must be distributed as indicated in each section. HCA estimates the cost of the new appropriation methodology for distributing DMA funding will have a significant fiscal impact to HCA's Community Behavioral Health and Apple Health programs.

| Account | Account Title | Туре | FY-2022 | FY-2023 | FY-2024 | FY-2025 | 2021-23 | 2023-25 | 2025-27 |

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill restructures the appropriations in the Dedicated Marijuana Account and changes the name of the account to the Dedicated Cannabis Account.

However, the Liquor and Cannabis Board's (Board) appropriation is not impacted by the changes made by the bill as the appropriation in section 2(1)(a)(i) is consistent with the omnibus appropriations act.

Additionally, the Board is responsible for distributing revenues from the account to local governments. Although section 2(1)(b)(i) of the bill changes where these distributions fall in the hierarchy of appropriations in the account and increases the amount to distribute, the distribution formula remains the same so there is no additional workload from this change.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill amends RCW 69.50.530 (Dedicated marijuana account.) to rename the account to the dedicated cannabis account. The bill also amends RCW 69.50.540 (Dedicated marijuana account—Appropriations.) to restructure how funding is appropriated within the account itself.

This bill does not impose any fiscal impacts upon the Department of Health through creation of new programmatic or new staffing demands as the stipulated uses of funds in Section 2(2)(b)(ii) are already outlined in the current version of RCW 69.50.540. This bill only more explicitly codifies the amounts to be appropriated for said purposes.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill restructures the Cannabis Revenue Appropriation, an appropriation from which the Office of the Superintendent of Public Instruction (OSPI) receives spending authority.

Section 2 of the bill eliminates a subsection that authorizes the Health Care Authority (HCA) to receive specific spending authority of \$125,000 to design and administer the Washington State Healthy Youth Survey, analyze the collected data, and produce reports, in collaboration with OSPI and other state agencies. It is replaced by another subsection that authorizes the same work without a specific spending authority for only that work.

Section 2 also eliminates a subsection that requires the legislature to appropriate a minimum of \$511,000 to OSPI to fund grants to building bridges programs for each fiscal year. It is replaced by a subsection that annually appropriates \$530,000 to fund grants to building bridges programs.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

This bill would have no cash receipts impact on OSPI.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

This bill would have an indeterminate expenditure impact on OSPI.

OSPI currently collaborates with HCA on the Healthy Youth Survey, but does not receive any funding, and the collaborative work is done within existing agency resources. It is assumed for this fiscal note that the same level of collaboration with HCA would occur in the future and no additional funding would be needed. This would have no expenditure impact on OSPI.

OSPI currently receives a yearly appropriation for the Building Bridges Program from the Dedicated Marijuana Account, the amount has varied over the last three biennia, with FY 2018 at \$513,000, FY2019 at \$515,000, FY 2020 at \$522,000, FY 2021 at \$530,000, and the current biennium funding is \$520,000 for FY 2022, and \$533,000 for FY 2023. This bill would set the amount at \$530,000 per state fiscal year, going forward with no yearly variation. OSPI assumes for this fiscal note that the legislature is "right-sizing" the proviso funding that it receives from the Cannabis Account, and any increase or decrease would be addressed in another agency fund source.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

SB 5796 modifies appropriations from the Dedicated Marijuana Account (renamed by the bill to the Dedicated Cannabis Account). The following changes are relevant to the University of Washington :

Section 2 (p.2 line 36) removes a quarterly \$5,000 appropriation to the Alcohol and Drug Abuse Institute (ADAI, now renamed the Addictions, Drug, and Alcohol Institute) for the purposes of web-based public education materials about the health and safety risks of marijuana use. This is replaced by an annual appropriation (p.7 line 5) of \$20,000 for the same purpose. This has no net change.

Section 2 (p.7 lines 1-3 and 10-15) suspends the percentage-based distribution to the University of Washington, which has been suspended each biennium in favor of static annual appropriations, and replaces it with an annual appropriation to the University of \$378,000 for research on the short and long-term effects of marijuana use.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

The University currently receives a total of \$263,000 per year from the Dedicated Marijuana Account. Currently, \$20,000 of this allocation is distributed directly to ADAI for web-based education materials and the remainder is distributed by UW Research for cannabis research activity. In total, the bill would have no change on the direct allocation to ADAI, but would increase the research portion by \$135,000 (\$378,000 - \$243,000).

UW Research has directed the research portion of the funding to ADAI to perform and oversee cannabis research efforts since July 2015. Consistent with RCW 69.50.530 and 69.50.540, these funds are used to support "research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research", as documented in the 2015-17, 2017-2019 and 2020-21 UW ADAI Research Reports disseminated to the public every biennium.

The University has a robust portfolio of cannabis research and significant interest in additional research. By legislative request, potential additional research projects were submitted as part of the University's 2017-19 budget request (ML AD Marijuana Research).

Additional funding would likely allow expansion of the Cannabis Small Grants Program. This program supports UW researchers selected through a rigorous peer-reviewed process to investigate cannabis use consequences and develop /test prevention, treatment, and public health approaches to minimize risks associated with its use.

Funding could also support the addition of one full time investigator to UW ADAI Cannabis Research and Education Program focused on cannabis legalization impact on social and health equity.

Given that it is unknown which projects or additional activity would be selected out of a competitive pool to be funded by this increase, we have estimated a salary and benefits split based on the faculty benefit load rate (23.2 percent) and total new funding of \$135,000 (for an estimated 1.0 FTE total in FY23 and beyond). In reality, the activity would likely be a

combination of faculty researcher salaries and benefits, research assistant (RA) salaries and benefits (a similar benefit load rate to faculty), and supplies and materials.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Section 2 (2) (b) (iv) of SB 5796 states that Washington State University will receive an additional \$69,000 per year bringing the total to \$207,000 annually from the dedicated cannabis account for research on the long and short term effects of marijuana use.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Funding from the dedicated cannabis account would fund additional cannabis research through WSU"s Center for Cannabis Policy, Research, and Outreach. The Director (0.03 FTE), Assistant Director (0.02 FTE), and Administrative Assistant (0.04 FTE) would be partially funded with cannabis account funds. The majority of funds (approximately \$45,000) would fund grants for research projects across multiple academic disciplines.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Under current law, Ecology has an appropriation of \$284,000 in FY 2022 and \$290,000 in FY 2023 from the Dedicated Marijuana Account, as provided in the 2021-23 Enacted Operating Budget (ESSB 5092). Ecology participated on the cannabis science task force to develop recommendations for laboratory quality standards, and is responsible for accreditation of marijuana-testing laboratories beginning July 1, 2024.

Section 1 of this bill would amend RCW 69.50.530 to change the name of the Dedicated Marijuana Account to the Dedicated Cannabis Account. There are no changes to the uses of the the account.

Section 2 of the bill would amend RCW 69.50.540 to restructure how funding is appropriated within the Dedicated Cannabis Account.

Section 2(1)(iv) of the bill states that the legislature must appropriate \$270,000 for FY 2022 and \$464,000 for FY 2023 from the Dedicated Cannabis Account to Ecology for "implementation of accreditation of marijuana product testing laboratories". This bill more explicitly codifies the amounts appropriated for said purposes. For Ecology, the FY 2023 appropriation indicated in this bill is higher than Ecology's current appropriation. However, the agency's appropriation is determined separately under the budget appropriations bill, so this bill would not change Ecology's appropriation from the Dedicated Cannabis Account. Since the bill does not add any additional workload to Ecology, nor does it modify any of Ecology's existing responsibilities, the bill would not affect Ecology's planned expenditures and would have no fiscal impact on Ecology.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Senate Bill 5796 restructures the dedicated cannabis account appropriations to provide transparency and accountability and to increase community infrastructure and investment. The bill has little to no impact to WSDA, as it only amends the 2023 appropriation to WSDA from \$627,000 to \$635,000, an increase of \$8,000.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Minimum to zero impact - a small increase in appropriation will be allocated to those WSDA programs already receiving cannabis monies.

FNS060 Local Government Fiscal Note

Part IV: Analysis A. SUMMARY OF BILL

Provide a clear, succinct description of the bill with an emphasis on how it impacts local government.

This bill restructures cannabis revenue appropriations to provide transparency and accountability and to increase community infrastructure and investment, including \$27,800,000 to counties, cities, and towns every biennium.

B. SUMMARY OF EXPENDITURE IMPACTS

Briefly describe and quantify the expenditure impacts of the legislation on local governments, identifying the expenditure provisions by section number, and when appropriate, the detail of expenditures. Delineate between city, county and special district impacts.

This legislation has no impact on expenditure.

C. SUMMARY OF REVENUE IMPACTS

Briefly describe and quantify the revenue impacts of the legislation on local governments, identifying the revenue provisions by section number, and when appropriate, the detail of revenue sources. Delineate between city, county and special district impacts.

This bill would have indeterminate revenue impact.

This proposed bill would change the allocation amount for local governments from a variable amount to a set \$27.8 million dollars per biennium. Because the current law provides a variable allocation rate to local governments the revenue impact of this bill is indeterminate.

The legislature appropriates \$27,800,000 to counties, cities, and towns each biennium as follows :

-- Thirty percent must be distributed to counties, cities, and 16 towns where licensed marijuana retailers are physically located based on

the proportional share of the total revenues generated in the individual jurisdiction

-- Seventy percent must be distributed to counties, cities, and 26 towns ratably on a per capita basis. Counties must receive 60 percent of

the distribution, which must be disbursed based on each county's total proportional population.

-- Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal

quarter

-- By September 15th of each year, the board must provide the state treasurer the annual distribution amount made for each county and

city

-- Any amounts remaining after the distributions made under this subsection must be deposited in the state general fund.

Background:

Under existing statute local governments are awarded money collected from marijuana sales taxes from the general fund. These funds are allocated to be 30% of the previous year's marijuana excise taxes deposited in the general fund provided that year exceeded \$25 million in total collections. According to the Washington State Liquor and Cannabis Board, in the 19-21 biennium local governments received \$15 million and in the 21-23 biennium counties have been allocated \$20 millic

Cannabis revenue has increased significantly since the current statute was enacted. The revenue set in this bill may not be as high as would occur under the existing statute. However, the November 2021 update from the Washington State Economic and Revenue Forecast Council suggests that cannabis revenues may be stabilizing which could result in a revenue increase or little change from the existing statute.
