Individual State Agency Fiscal Note

Bill Number: 5796 2S SB	Title: Cannabis revenue	Agency: 090-Office of State Treasurer
--------------------------------	--------------------------------	--

Part I: Estimates

No Fiscal Impact

Estimated Cash Receipts to:

Non-zero but indeterminate cost and/or savings. Please see discussion.

Estimated Operating Expenditures from:

Non-zero but indeterminate cost and/or savings. Please see discussion.

Estimated Capital Budget Impact:

NONE

The cash receipts and expenditure estimates on this page represent the most likely fiscal impact . Factors impacting the precision of these estimates , and alternate ranges (if appropriate) , are explained in Part II.

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia , complete entire fiscal note form Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia , complete this page only (Part I).
- Capital budget impact, complete Part IV.
- Requires new rule making, complete Part V.

Agency Preparation: Dan Mason	Phone: (360) 902-8990	Date: 02/09/2022
Agency Approval: Dan Mason	Phone: (360) 902-8990	Date: 02/09/2022
OFM Review: Cheri Keller	Phone: (360) 584-2207	Date: 02/09/2022

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency .

2SSB 5796 restructures the cannabis revenue appropriations. The community reinvestment account is created, coupled with the general fund as the recipient of the earnings from investments under RCW 43.84.092 (4).

In addition, this bill modifies the name of the dedicated marijuana account to the dedicated cannabis account. There is no fiscal impact to the office associated with name changes.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates . Distinguish between one time and ongoing functions .

Transfers and projected cash flows are currently unavailable; therefore, transfers and earnings from investments are indeterminable.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Section 2 states in part:

- By September 15th of each year, the board must provide the state treasurer the annual distribution amount made under this subsection (3)(c), if any, for each county and city as determined in (c)(i) and (ii) of this subsection
- Estimates are currently unavailable.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. C - Operating FTE Detail: *List FTEs by classification and corresponding annual compensation . Totals need to agree with total FTEs in Part I and Part IIIA*

NONE

III. D - Expenditures By Program (optional)

NONE

Part IV: Capital Budget Impact

IV. A - Capital Budget Expenditures

NONE

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Identify acquisition and construction costs not reflected elsewhere on the fiscal note and describe potential financing methods

NONE

IV. D - Capital FTE Detail: *List FTEs by classification and corresponding annual compensation . Totals need to agree with total FTEs in Part IVB*

NONE

Part V: New Rule Making Required

Part V: New Rule Making Required

HCA Fiscal Note

Bill Number: 5796 2SSB

HCA Request #: 22-129

Part II: Narrative Explanation

This bill is AN ACT Relating to restructuring cannabis revenue appropriations creating a cascading three subsection system where each new subsequent subsection is allocating funds by the remains of the previous subsection. Any remaining amounts under each subsection must be distributed as indicated in each section.

The current second substitute version differs from the previous substitute version by restructuring distributions in the substitute bill to the following:

- The Legislature must annually appropriate \$250,000, which will be adjusted annually based on the Seattle-area consumer price index (CPI), from the Cannabis Account to the Health Care Authority (HCA) to contract with the Washington State Institute for Public Policy (WSIPP); and
- Of the remaining amounts in the Cannabis Account, the Legislature must appropriate: **(1) 50 percent to the Basic Health Trust Plan Account for Medicaid services; (2) 10 percent to the Health Care Authority (HCA) for the administration of certain reporting and prevention work relative to substance use, and community health services;** (3) one and one-half percent to local governments based on proportional, jurisdictional cannabis revenue collections; (4) three and one-half percent to local governments ratably on a per capita basis; and (5) 35 percent to the State General Fund, of which of the amount going to the State General Fund in fiscal year 2023, up to \$125,000,000 must be transferred to the Community Reinvestment Account..

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Section 1 – Amends RCW 69.50.530 (Dedicated Marijuana Account). This section renames the Dedicated Marijuana Account to the Dedicated Cannabis Account. states that the dedicated cannabis account is created in the state treasury. And all moneys received by the board, or any employee thereof, from marijuana-related transactions must be deposited into the account.

Section 2 – Amends RCW 69.50.540 (Dedicated Marijuana Account – Appropriations).

(1) The legislature must appropriate:

- a) \$12,500,000 annually to the board for administration of this chapter.
- b) \$11,000,000 annually to the Department of Health (DOH).
- c) \$3,000,000 annually to the Department of Commerce (COM) to fund cannabis social equity grants and loans and \$200,000 annually to the COM to fund technical assistance through a roster of mentors.
- d) \$250,000 annually, until June 30, 2032, to HCA to contract with WSIPP for public policy to conduct the cost-benefit evaluations and produce the reports.
- e) \$25,000 annually to the University of Washington alcohol and drug abuse institute.
- f) \$300,000 annually to the University of Washington and \$175,000 annually to the Washington State University for research on the short-term and long-term effects of marijuana use.
- g) \$550,000 annually to the Office of the Superintendent of Public Instruction (OSPI).
- h) \$2,423,000 for fiscal year 2022 and \$2,793,000 for fiscal year 2023 to the Washington State Patrol for a drug enforcement task force.
- i) \$270,000 for fiscal year 2022 and \$464,000 for fiscal year 2023 to the Department of Ecology for implementation of accreditation of marijuana product testing laboratories.
- j) \$800,000 for each of fiscal years 2020 through 2023 to the DOH for the administration of the marijuana authorization database.

HCA Fiscal Note

Bill Number: 5796 2SSB

HCA Request #: 22-129

- k) \$621,000 for fiscal year 2022 and \$635,000 for fiscal year 2023 to the Department of Agriculture.

(2) Subsections (1)(a) through (g) of this section must be adjusted annually based on the United States bureau of labor statistics' consumer price index (CPI) for the Seattle area.

(3) Any amounts remaining after the distributions made under subsection (1) of this section must be annually appropriated as follows:

- a) Fifty percent to the state Basic Health Plan Trust Account.
- b) Ten percent to HCA to:
 - i. Design and administer the Washington State Healthy Youth Survey, analyze the collected data, and produce reports, in collaboration with OSPI, DOH, COM, family policy council, and board. The survey must be conducted at least every two years.
 - ii. Develop, implement, maintain, and evaluate programs and practices aimed at the prevention or reduction of maladaptive substance use, substance use disorder, substance abuse or substance dependence, as these terms are defined in the diagnostic and statistical manual of mental disorders, among middle school and high 20school-age students, whether as an explicit goal of a given program or practice or as a consistently corresponding effect of its implementation, mental health services for children and youth, and services for pregnant and parenting women. In deciding which programs 24and practices to fund under this subsection (3)(b)(ii), HCA must consult, at least annually, with the University of Washington's social development research group and the University of Washington's alcohol and drug abuse institute.
 - iii. Contract with community health centers to provide primary health and dental care services, migrant health services, and maternity health care services as provided under RCW 41.05.220 (Community and migrant health centers—Maternity health care centers—People of color—Underserved populations).
- c) One and one-half percent to counties, cities, and towns where licensed marijuana retailers are physically located.
- d) Thirty-five percent must be deposited in the state general fund. By December 31, 2022, up to \$125,000,000 of the amount in this subsection (3)(d) must be transferred to the Community Reinvestment Account under section 3 of this act.

New Section 3 - The Community Reinvestment Account is created in the state treasury. Money from the distribution required in RCW 69.50.540 must be deposited into the account. Moneys in the account may be spent only after appropriation.

II. B - Cash Receipts Impact

The requirements of this bill related to the Basic Health Trust Account impact HCA's revenue.

II. B - Estimated Cash Receipts to:

ACCOUNT	FY-2022	FY-2023	FY-2024	FY-2025	2021-23	2023-25	2025-27
Basic Health Plan Trust Acct-Non Appr 172-6	8,149,000	(528,000)	10,276,000	19,377,000	7,621,000	29,653,000	38,754,000
Totals	\$ 8,149,000	\$ (528,000)	\$ 10,276,000	\$ 19,377,000	\$ 7,621,000	\$ 29,653,000	\$ 38,754,000

II. C – Expenditures

HCA requests \$6,297,000 GF-State in the 2021-2023 biennium to cover the estimated fiscal impact to from this proposed legislation.

This bill restructures cannabis revenue appropriations creating a cascading three subsection system where each new subsequent subsection is allocating funds by the remains of the previous subsection.

HCA Fiscal Note

Bill Number: 5796 2SSB

HCA Request #: 22-129

Any remaining amounts under each subsection must be distributed as indicated in each section. HCA estimates the cost of the new appropriation methodology for distributing DMA funding will have a significant fiscal impact to HCA's Apple Health programs.

II. C - Operating Budget Expenditures

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

This bill restructures the appropriations in the Dedicated Marijuana Account and changes the name of the account to the Dedicated Cannabis Account.

However, the Liquor and Cannabis Board's (Board) appropriation is not impacted by the changes made by the bill as the appropriation in section 2(1)(a) is consistent with the omnibus appropriations act.

Additionally, the Board is responsible for distributing revenues from the account to local governments. Although section 2(1)(b)(i) of the bill changes where these distributions fall in the hierarchy of appropriations in the account and increases the amount to distribute, the distribution formula remains the same so there is no additional workload from this change.

This version (5796 2SSB) makes the following minor changes, none of which affect the Board.

- Restructures distributions in the substitute bill to the following:
 - o The Legislature must annually appropriate specified amounts, which are adjusted annually based on the Seattle-area consumer price index (CPI), from the Cannabis Account to the Liquor and Cannabis Board, Department of Health, Department of Commerce, and others for specified purposes; and
 - o Of the remaining amounts in the Cannabis Account, the Legislature must appropriate:
 1. 50 percent to the Basic Health Trust Plan Account for Medicaid services ;
 2. 10 percent to the Health Care Authority for the administration of certain reporting and prevention work relative to substance use, and community health services ;
 3. One and one-half percent to local governments based on proportional, jurisdictional cannabis revenue collections;
 4. Three and one-half percent to local governments ratably on a per capita basis; and
 5. 35 percent to the state General Fund.
 - o Appropriations expiring in 2022-2023 are reinstated, which are not adjusted annually based on the CPI.
- Provides that, in fiscal year 2023, the State Treasurer must transfer \$125 million from the State General Fund to the Community Reinvestment Account (Community Account).
- Adds the Governor's Office of Indian Affairs to the list of organizations the Department of Commerce must collaborate with in distributing funds from the Community Account.
- Includes after-school programs in the community-based violence intervention and prevention services for which funds from the Account may be used.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency .

This second substitute senate bill version changed the appropriation amount to the Department of Health (department) and added new activities to do with those funds.

Section 2: Reduced the appropriation to the department from \$12,000,000 to \$11,000,000 to add vapor product and commercial tobacco to the department’s education and public health program. Also added marijuana use by youth and marijuana cessation treatment.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates . Distinguish between one time and ongoing functions .

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Section 2: The following is how the department intends to implement the new activities identified in the bill :

The appropriation change would add \$384,000/FY to the department from the Dedicated Marijuana Account (DMA), the Youth Cannabis and Commercial Tobacco Prevention Program (YCCTPP) would enhance the current policy, systems, and environmental work already being implemented with the nine regional contractors and five priority populations. Fourteen community contractors will receive an additional \$23,857/FY in their contract to better support of the current regional networks formed throughout the state to prevent initiation of youth cannabis and commercial tobacco use and address cannabis and commercial tobacco-related disparities.

The department will also add \$50,000 to the existing contract with Health Care Authority for the hotline to address marijuana referrals for cessation treatment services.

Starting with FY2023, costs are \$384,000 each following year.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Changes compared to SSB 5796:

Section 2(2)(g) This substitute bill increased the funding amount to the Office of the Superintendent of Public Instructions from \$530,000 to \$550,000.

This bill restructures the Cannabis Revenue Appropriation, an appropriation from which the Office of the Superintendent of Public Instruction (OSPI) receives spending authority.

Summary of 2SSB 5796:

Section 1: Renames the dedicated marijuana account to the dedicated cannabis account.

Section 2(1): Restructures, modifies, and/or removes appropriations to the Board for Administration, Department of Health, Department of Commerce, Health Care Authority, UW Alcohol and Drug Abuse Institute, UW, WSU, OSPI, Washington State Patrol, Department of Ecology, Department of Health, and the Department of Ag.

Section 2(2): Indicates that subsections (1)(a) through (g) of section 2 must be adjusted annually based on the US Bureau of Labor Statistics' consumer price index for the Seattle area.

Section 2(3): After appropriation of the amounts identified in subsection (1) of this section, requires the legislature to annually appropriate remaining amounts to certain agencies, local governments, and the state general fund for specific purposes.

Section 3: Creates the community reinvestment account in the state treasury. Outlines what expenditures that can be made from this account by the Department of Commerce. Requires that any distribution of grants under this section must be done in collaboration with the governor's office of Indian affairs and "by and for community organizations" as defined by the Department of Commerce and the Office of Equity.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

No cash receipts impact anticipated.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

This bill would have an indeterminate expenditure impact on OSPI.

OSPI currently collaborates with HCA on the Healthy Youth Survey, but does not receive any funding, and the collaborative work is done within existing agency resources. It is assumed for this fiscal note that the same level of collaboration with HCA would occur in the future and no additional funding would be needed. This would have no expenditure impact on OSPI.

OSPI currently receives a yearly appropriation for the Building Bridges Program from the Dedicated Marijuana Account, the amount has varied over the last three biennia, with FY 2018 at \$513,000, FY2019 at \$515,000, FY 2020 at \$522,000, FY

2021 at \$530,000, and the current biennium funding is \$520,000 for FY 2022, and \$533,000 for FY 2023.

This bill would set the amount at \$550,000 per state fiscal year, going forward with no yearly variation. OSPI assumes for this fiscal note that the legislature is "right-sizing" the proviso funding that it receives from the Cannabis Account, and any increase or decrease would be addressed in another agency fund source.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency .

The changes in the Second Substitute SB 5796 revise the appropriation amounts previously in the bill, and would subject those amounts to an inflationary increase :

2 S SB 5796 modifies appropriations from the Dedicated Marijuana Account (renamed by the bill to the Dedicated Cannabis Account). The following changes are relevant to the University of Washington :

Section 2 removes all previous appropriations to the UW, including a quarterly \$5,000 appropriation to the Alcohol and Drug Abuse Institute (ADAI, now renamed the Addictions, Drug, and Alcohol Institute) for the purposes of web-based public education materials about the health and safety risks of marijuana use, as well as a percentage-based distribution to the University of Washington or cannabis research, which has been suspended each biennium in favor of static annual appropriations.

These previous appropriations are replaced by annual appropriations (starting p.8 line 3) of \$25,000 to ADAI and \$300,000 for cannabis research.

Section 2 (page 8, line 29) also requires that the appropriations be adjusted annually based on the consumer price index (CPI) for the Seattle area.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates . Distinguish between one time and ongoing functions .

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

The University currently receives a total of \$263,000 per year from the Dedicated Marijuana Account. Currently, \$20,000 of this allocation is distributed directly to ADAI for web-based education materials and the remainder is distributed by UW Research for cannabis research activity. In total, the bill would increase the direct allocation to ADAI by \$5,000 per year, and would increase the research portion by \$57,000 (\$300,000 - \$243,000), for a total of \$62,000. While these amounts would be subject to an inflationary increase in subsequent years, we are not assuming increases per fiscal note instructions, and because CPI is unknown.

The additional \$5,000 for ADAI would be used to add new interactive elements to the LearnAboutMarijuana.org website and expand outreach and marketing of its resources to communities in Washington State and beyond.

UW Research has directed the research portion of the funding to ADAI to perform and oversee cannabis research efforts since July 2015. Consistent with RCW 69.50.530 and 69.50.540, these funds are used to support “research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research”, as documented in the 2015-17, 2017-2019 and 2020-21 UW ADAI Research Reports disseminated to the public every biennium.

The University has a robust portfolio of cannabis research and significant interest in additional research. By legislative request, potential additional research projects were submitted as part of the University’s 2017-19 budget request (ML AD Marijuana Research).

Additional funding would likely allow expansion of the Cannabis Small Grants Program. This program supports UW researchers selected through a rigorous peer-reviewed process to investigate cannabis use consequences and develop /test prevention, treatment, and public health approaches to minimize risks associated with its use. Funding could also support the addition of one full time investigator to UW ADAI Cannabis Research and Education Program focused on cannabis legalization impact on social and health equity.

Given that it is unknown which projects or additional activity would be selected out of a competitive pool to be funded by this increase, we have estimated a salary and benefits split based on the faculty benefit load rate (23.2 percent) and total new funding of \$57,000 (for an estimated .42 FTE total in FY23 and beyond, \$46,266 in salary and \$10,734 benefits). In reality, the activity would likely be a combination of faculty researcher salaries and benefits, research assistant (RA) salaries and benefits (a similar benefit load rate to faculty), and supplies and materials.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency .

SB 5796 states that Washington State University will receive an additional \$37,000 per year bringing the total to \$175,000 annually from the dedicated cannabis account for research on the long and short term effects of marijuana use.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates . Distinguish between one time and ongoing functions .

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Funding from the dedicated cannabis account would fund additional cannabis research through WSU's Center for Cannabis Policy, Research, and Outreach. The Director (0.02 FTE), Assistant Director (0.01 FTE), and Administrative Assistant (0.02 FTE) would be partially funded with cannabis account funds. The majority of funds (approximately \$24,000) would fund grants for research projects across multiple academic disciplines.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency .

Compared to SSB 5796, 2SSB 5796 does not contain any changes related to Ecology. Differences between the two versions affect other agencies and accounts that receive funding from the Dedicated Marijuana (Cannabis) Account. Therefore, there remains no fiscal impact to Ecology.

Under current law, Ecology has an appropriation of \$284,000 in FY 2022 and \$290,000 in FY 2023 from the Dedicated Marijuana Account, as provided in the 2021-23 Enacted Operating Budget (ESSB 5092). Ecology participated on the cannabis science task force to develop recommendations for laboratory quality standards, and is responsible for accreditation of marijuana-testing laboratories beginning July 1, 2024.

Section 1 of this bill would amend RCW 69.50.530 to change the name of the Dedicated Marijuana Account to the Dedicated Cannabis Account. There are no changes to the uses of the account.

Section 2 of the bill would amend RCW 69.50.540 to restructure how funding is appropriated within the Dedicated Cannabis Account.

Section 2(1)(i) of the bill states that the legislature must appropriate \$270,000 for FY 2022 and \$464,000 for FY 2023 from the Dedicated Cannabis Account to Ecology for “implementation of accreditation of marijuana product testing laboratories”. This bill more explicitly codifies the amounts appropriated for said purposes. For Ecology, the FY 2023 appropriation indicated in this bill is higher than Ecology’s current appropriation. However, the agency’s appropriation is determined separately under the budget appropriations bill, so this bill would not change Ecology’s appropriation from the Dedicated Cannabis Account. Since the bill does not add any additional workload to Ecology, nor does it modify any of Ecology’s existing responsibilities, the bill would not affect Ecology’s planned expenditures and would have no fiscal impact on Ecology.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates . Distinguish between one time and ongoing functions .

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Briefly describe by section number, the significant provisions of the bill, and any related workload or policy assumptions, that have revenue or expenditure impact on the responding agency.

Second Substitute Senate Bill 5796 restructures the dedicated cannabis account appropriations to provide transparency and accountability and to increase community infrastructure and investment. The second substitute was amended to strike all appropriations in Section 2, (1) (a) (vi) and restates them in Sec 2, (1) (k) Washington State Department of Agriculture (WSDA).

The bill has little to no impact to Washington State Department of Agriculture (WSDA), as it only amends the 2023 appropriation to WSDA from \$627,000 to \$635,000, an increase of \$8,000.

II. B - Cash receipts Impact

Briefly describe and quantify the cash receipts impact of the legislation on the responding agency, identifying the cash receipts provisions by section number and when appropriate the detail of the revenue sources. Briefly describe the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explain how workload assumptions translate into estimates. Distinguish between one time and ongoing functions.

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

Minimum to zero impact - a small increase in appropriation will be allocated to those WSDA programs already receiving cannabis monies.

Part III: Expenditure Detail

Part V: New Rule Making Required

LOCAL GOVERNMENT FISCAL NOTE

Department of Commerce

Bill Number: 5796 2S SB

Title: Cannabis revenue

Part I: Jurisdiction-Location, type or status of political subdivision defines range of fiscal impacts.

Legislation Impacts:

- Cities: Revenue based on per capita basis.
- Counties: Revenue based on per capita basis.
- Special Districts:
- Specific jurisdictions only: Location where licensed marijuana retailers are physically located based on proportional share of revenue generation.
- Variance occurs due to:

Part II: Estimates

- No fiscal impacts.
- Expenditures represent one-time costs:
- Legislation provides local option:
- Key variables cannot be estimated with certainty at this time: Changes in revenue distribution compared to current law

Estimated revenue impacts to:

Non-zero but indeterminate cost and/or savings. Please see discussion.

Estimated expenditure impacts to:

None

Part III: Preparation and Approval

OFM Review: Cheri Keller	Phone: (360) 584-2207	Date: 02/15/2022

Part IV: Analysis

A. SUMMARY OF BILL

Provide a clear, succinct description of the bill with an emphasis on how it impacts local government .

CHANGES BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

This bill amends the previous amounts of revenue distributed to counties, cities and towns from set amounts to percentages. After appropriation of the amounts identified in subsection 3, the legislature must annually appropriate :

- 1.5% to counties, cities, and towns where licensed marijuana retailers are physically located.
- 3.5% to counties, cities, and towns ratably on a per capita basis. Counties must receive 60 percent of the distribution based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

SUMMARY OF CURRENT BILL VERSION:

This bill restructures cannabis revenue appropriations to provide transparency and accountability and to increase community infrastructure and investment, including quarterly distributions of :

- 1.5% to counties, cities, and towns where licensed marijuana retailers are physically located.
- 3.5% to counties, cities, and towns ratably on a per capita basis. Counties must receive 60 percent of the distribution based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

This bill expands on the established grants program under the department of health to support development and implementation of coordinated intervention strategies for the prevention and reduction of commercial tobacco, vapor product, and marijuana use by youth and marijuana cessation treatment services, including grant programs to local health departments or other local community agencies. This program emphasizes outreach to priority populations regarding commercial tobacco, vapor product, and marijuana use, prevention, and cessation.

B. SUMMARY OF EXPENDITURE IMPACTS

Briefly describe and quantify the expenditure impacts of the legislation on local governments , identifying the expenditure provisions by section number, and when appropriate, the detail of expenditures. Delineate between city, county and special district impacts.

NO CHANGES FROM PRIOR BILL VERSION:

This legislation has no impact on expenditures.

C. SUMMARY OF REVENUE IMPACTS

Briefly describe and quantify the revenue impacts of the legislation on local governments , identifying the revenue provisions by section number, and when appropriate, the detail of revenue sources. Delineate between city, county and special district impacts.

CHANGES FROM PRIOR BILL VERSION:

The second substitute changes the indeterminate revenue impacts discussed below as they are now percentages, rather than the previous set amount of \$27.8 million dollars per biennium.

SUMMARY OF CURRENT BILL VERSION:

This bill would have indeterminate revenue impact. This proposed bill would change the allocation amount for local governments from \$27.8 million dollars to a set total percentage per biennium. Because the current law provides a variable allocation rate to local governments the revenue impact of this bill is indeterminate.

After appropriation of the amounts identified in subsection 3, the legislature must annually appropriate :

- 1.5% to counties, cities, and towns where licensed marijuana retailers are physically located.
- 3.5% to counties, cities, and towns ratably on a per capita basis. Counties must receive 60% of the distribution based

on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

Background:

Under existing statute local governments are awarded money collected from marijuana sales taxes from the general fund. These funds are allocated to be 30% of the previous year's marijuana excise taxes deposited in the general fund provided that year exceeded \$25 million in total collections. According to the Washington State Liquor and Cannabis Board, in the 19-21 biennium local governments received \$15 million and in the 21-23 biennium counties have been allocated \$20 million. Cannabis revenue has increased significantly since the current statute was enacted. The revenue set in this bill may not be as high as would occur under the existing statute. However, the November 2021 update from the Washington State Economic and Revenue Forecast Council suggests that cannabis revenues may be stabilizing which could result in a revenue increase or little change from the existing statute.
