### **Part II: Narrative Explanation**

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is no fiscal impact associated with RCW 72.09, Victim Notification. The proposed changes relate to making sensitive personnel information exempt from public inspection and copying under RCW 42.46, Public Records Act.

Section 1(10) amends RCW 72.09.712 adding a new subsection, stating information and records, etc., relating to victim notifications are not subject to the Public Records Act.

Section 2 is a new section added to RCW 42.56 that applies specifically to the Department of Correction's (DOC) victim/witness notifications listed in subsection (2). The intent is that information about enrollees and information about specific victim/witness notifications requested and/or sent are exempt from the Public Records Act, consistent with the Washington Association of Sheriffs and Police Chiefs (WASPC) victim notifications in ESSB 5245.

Section 3 amends RCW 72.09.714, the statute that directs DOC to notify identified victims and witnesses of the opportunity to receive notification, to align with the notification requirements update made to RCW 72.09.712 per ESSB 5245.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to DOC.

The proposed bill language revised statutes related to Victim Notification – exempting from Public Records Act information about enrollees and information about specific victim/witness notifications and aligning 72.09.714 with the new offenses added for notification requirements made to 72.09.712 per ESSB 5245.
