Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would amend RCW 41.04.005 to expand the definition of veteran to include those who have received an expeditionary medal, campaign badge or medal in any armed conflict, rather than limiting it to a campaign badge or medal in certain listed conflicts.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Administrative Assumptions:

- The revised definition would apply to all members with eligible military service credit in all systems, including those who have previously applied for and been denied service credit because their service did not meet the current definition.
- DRS would review past military service credit requests to determine if they would be eligible for service credit under the new definition.
- DRS estimates that there are approximately 4,500 accounts to review for eligibility.
- Members who purchased partially subsidized service credit and whose service meets the new eligibility requirements would receive a refund of their prior payment.
- Retirees whose service meets the new eligibility requirements would:
 - o Receive a refund of their prior payment made for eligible service credit, and
 - o Have their pension benefit recalculated prospectively only (no retroactive pension benefit payments).

To implement this legislation DRS will:

- Update member guides on the DRS website,
- Update agency reference materials,
- Confirm project scope and tasks for the Retirement Services Division,
- Identify impacted members,
- Research accounts to determine refund eligibility,
- Program a repeatable automated process for refunding any overpayments without affecting service credit,
- Manually create refunds for eligible accounts that cannot be processed automatically, and
- Communicate to affected members by letter.

To support this implementation, DRS will form a project team that will include a communication consultant, retirement specialist and fiscal analyst.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

House Bill 1007 seeks to amend RCW 41.04.005. If adopted, the proposed amendment will have no fiscal impact on the Law Enforcement Officers' and Fire Fighters' Plan 2 Retirement Board's operations.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures
