Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Senate Bill 5101 updates language from “person” or “offender” to “incarcerated individual” where appropriate in RCW 9.94.728, defines “low-risk” as it pertains to individuals who may need extraordinary medical placement; and adds language pertaining to the requirement of electronic monitoring.

Section 1 (B) clarifies language that low risk to the community can be assessed so long as certain criteria is met.

Section 1 (C)(iii) adds the electronic monitoring is not required if detrimental to the individual’s health, and/or the option for electronic monitoring be waived if the medical condition as certified by the treating physician prevents the individual from being independently mobile.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department of Corrections (DOC) assumes no fiscal impact relating to this bill.

The proposed bill language revision related to extraordinary medical placement does not increase costs, as DOC cannot predict when or if an individual is placed on extraordinary medical placement.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

IV. A - Capital Budget Expenditures

NONE

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.
