Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This legislation would prohibit cities and counties from adopting or enforcing an ordinance against the use of electric security alarm systems as outlined in the bill.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This bill would have an indeterminate impact on local government operating costs, but likely minimal. Some cities and counties would need to amend sections of their codes that address fence regulations to comply with the statute. It is unknown which jurisdictions would need to amend codes, so administrative costs cannot be estimated.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This bill would not impact local government revenues.
