Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

House Bill 1345 amends RCW 72.09.470 and 1995 1st sp.s c 19 s 7 to allow the Department of Corrections (DOC) to develop and adopt standards to ensure that incarcerated individuals contribute to the department's direct costs related to providing specific privileges. Specific privileges include cable television access, weightlifting, and other recreational sports supplies and equipment. The bill removes extended family visitation (EFV) as a required cost that an incarcerated individual must contribute to.

By striking the word "significant", the bill removes any question to what a significant contribution is and the need to calculate the DOC's operating costs directly associated with providing privileges.

Effective date is assumed 90 days after adjournment of session in which this bill is passed.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will be no fiscal impact to DOC.

This legislation eliminates the EFV fees completely. However, the incarcerated individuals still contribute towards cable/satellite TV and recreation equipment and DOC may consider contributions for other privileges in the future.
