Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1330 HB adjusts the threshold for requiring certifications for contributions.

Sec. 1 adjusts the language of RCW 42.17A.418 and 2020 c 152 s 10 from requiring a certification for a contribution to requiring a certification for contributions totaling \$2,500 from a partnership, association, corporation, organization, or other combination of persons.

Sec 3 The language has changed to read that statements filed with the Public Disclosure Commission (PDC) by out-of-state committees will include a statement that the out-of-state committee has received a certification from a partnership, association, corporation, organization, or other combination of persons for one or more contributions totaling \$2,500 in the aggregate.

Sec 4 The language has changed to read that the special report delivered to the PDC shall include a statement from a candidate or political committee has received a certification from a partnership, association, corporation, organization, or other combination of persons for one or more contributions totaling \$2,500 in the aggregate.

Increasing the threshold will result in a reduction in the amounts of certifications required, which would not have a financial impact on the PDC.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

The Public Disclosure Commission currently has rules that apply to foreign donor certificates. These rules may have to be adjusted to account for the new monetary threshold added in each section of the bill.
