Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1327 (SB 5113) would allow the commission that accredits faculty in dental schools to expand the accreditation from the University of Washington (UW) to any institution of higher education in Washington state. The expansion of accreditation is stipulated in four ways: issuing of licenses without examination, issuing of limited licenses to university postdoctoral students, creating conditions for granting a license, and stipulating reasonable license application fees.

Generally, given that the bill is changing an existing policy to enhance/increase faculty recruitment and retention in dental schools statewide, at UW, we anticipate that there will be little to no costs associated with the implementation of the bill; therefore, we submit a no-impact fiscal note.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1327 expands RCW 18.32.195 to read that any accredited institution of higher education in Washington State may issue license to practice dentistry to a faculty who have been licensed to practice dentistry in another state or country. Previously it applied only to University of Washington.

Washington State University does not currently have an accredited dental school and therefore does not anticipate incurring any fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Proposed HB 1327 – Amends RCW 18.32.195 to allow the dean of the school of dentistry in any institution of higher education in Washington state accredited on dental accreditation to request a license to practice dentistry to faculty members of the school of dentistry authorized to practice dentistry in other states, postdoctoral students or residents in dental education, or to postdoctoral residents in a dental residency program. This license would permit the holder to practice dentistry in connection with their employment with the school of dentistry.

Eastern partners with the University of Washington Dental School on the Regional Initiatives in Dental Education program. Eastern is not accredited by the commission on dental accreditation therefore, this bill has no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1327 amends section 1 by removing references to the University of Washington and replaces it with any institution of higher education in Washington state accredited by the commission on dental accreditation. This change poses no fiscal impact as it does not require any action on the part of the University.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would allow the Washington state Dental Quality Assurance Commission to issue a license to practice dentistry to persons who have been licensed or otherwise authorized to practice dentistry in another state or country, who have been accepted for employment by an Institution of Higher Education's school of dentistry. The bill would apply to teaching members of the faculty for any school of dentistry at an Institution of Higher Education in Washington state accredited by the Commission on Dental Accreditation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipts impact.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill would allow dentists licensed in other states or countries to be employed as faculty at Institutions of Higher Education, upon written request by the Dean of the School of Dentistry of a school accredited by the Commission on Dental Accreditation.

Community and technical college dental programs are accredited by the Commission on Dental Accreditation and they do employ dentist as faculty in their programs. Because they do not have "Schools of Dentistry", it is unclear whether this bill would apply to them.

Because the bill references "Schools of Dentistry", for the purposes of this fiscal note, it is assumed that the bill does not apply to community and technical colleges and they would not be able to take advantage of the employment option listed in the bill to fill available teaching positions.

No expenditure impact.
