Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 4 amends RCW 18.340.020 to expedite the issuance of professional licenses to qualified military spouses within 30 days of submitting a completed application and all required supporting materials.

Section 8 adds a new section and a new chapter to RCW 43.60A requiring the Department of Veterans Affairs, the Employment Security Department, and Department of Commerce to consult the local chamber of commerce, associate development organization, and businesses to initiate a demonstration campaign to increase military spouse employment.

Section 9 (1) adds a new section and a new chapter to RCW 38.42 stating a military spouse may terminate an employment contract without penalty.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is no impact to the department. The activities stated in SHB 1009 will be incorporated as part of the normal operating procedures in the Office of Economic Development & Competitiveness within the department.

Request #	1
Bill #	SHB 1009

Part 2 – Explanation

The Military Spouse Employment Act addresses employment obstacles for military spouses. The bill will create new requirements for license-issuing authorities related to military spouse licensing including issuing temporary licenses of at least 180 days, within 30 days of a license application, identifying a specific contact to assist military spouses, providing training to board or commission members, and maintaining a military spouse assistance web page. Additionally, the bill changes the reporting requirements to the legislature and the Washington State Military Transition Council (WSMTRC).

2.A – Brief Description of What the Measure Does That Has Fiscal Impact

The substitute version clarifies that licensing authorities have 30 days to issue a license or temporary license after receiving a completed application which includes all supporting materials and fees. Additionally, a new effective date of October 1, 2023 is set for Section 4 regarding the issuance of expedited and temporary licenses.

2.B - Cash receipts Impact

To implement this legislation, a one-time assessment would need to be added to licenses that are funded with dedicated funds, equal to the costs contained in the expenditure section of this fiscal note. The cost allocation model applied to current expenditures is used to establish the revenue breakdown. For efficiency purposes, the department will add inclusion of this one-time assessment per license, to a planned fee rulemaking process in the spring of 2024, with any fee proposed increases to go into effect in June 2024. The revenue increase in years 2025 and on is not due to changes in this bill. This is a correction to a calculation error in the fiscal note for HB 1009.

Revenue	Fund	FY 24	FY 25	23-25 Total	25-27 Total	27-29 Total
Architects' License	003	2,000	3,000	5,000	6,000	6,000
Real Estate Commission	026	18,000	25,000	43,000	50,000	50,000
Uniform Commercial Code	04E	3,000	5,000	8,000	10,000	10,000
Real Estate Education Program	04F	3,000	5,000	8,000	10,000	10,000
Business and Professions	06L	28,000	42,000	70,000	84,000	84,000
Funeral and Cemetery	15V	4,000	5,000	9,000	10,000	10,000

Account Totals		62,000	91,000	153,000	182,000	182,000

2.C – Expenditures

A Full-Time Equivalent (FTE) Program Specialist 5 (PS 5) will serve as the Military Coordinator to perform on-going requirements listed in the bill. In fiscal year 2024 0.7 FTEs are required due to the effective date change to October 1, 2023. The expenditure increase in years 2025 and on is not due to changes in this bill. This is a correction to a calculation error in the fiscal note for HB 1009.

The PS 5 would:

- Manage the division’s relationship with the military community and help military spouses navigate professional and business licensing with the Department.
- Is responsible for tracking and reporting the division’s military spouse outreach and licensing activities and leads rulemaking and policy to support related military issues
- Using knowledge of military community, this position will provide briefings, issue analysis, and advise the division; coordinate and develop the division’s military policy, guidance, and outreach to support related military issues
- Creates single division point of contact for PLU for federal or state inquiries on the division’s military support activities.
- Engages with approximately 400 military spouses applying per year, providing basic knowledge of requirements for all professional licenses provided by the DOL.
- Will provide support to staff on questions surrounding accelerating applications.
- Will create and run required reports.
- Will provide input and suggest changes to the DOL’s military spouse assistance web page.
- Will assist with state work groups DOL is a member of that the WA Dept of Veterans of Affairs leads.
- Will work on the mandated reports DOL provides and assist with regulatory review as it relates to credential portability.

Information Services:

Information Services has no fiscal impact generated by this bill. Any changes to current Information Services systems can be accomplished within current allotments.

What IS Will Implement:

Assumptions:

- BPD staff will use existing POLARIS functionality to manage applications submitted through the portal.
- BPD staff will use the submission status to identify and manage military applications. No additional automated processes are identified.

Support Services:

Agency Administrative Overhead is included at a rate of 23.4 percent of the direct program costs. This funding received covers agency-wide functions such as vendor payments, contract administration, financial management, mail processing, equipment management, help desk support, and technical assistance to DOL employees.

Standard FTE goods and services (object E) costs are included on Table 3.B. Standard FTE costs do not include objects EM (AG services), ER (contractual services), and EZ (Other goods & Services).

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the bill clarifies the license or temporary license should be issued within 30 days of a completed application being received, rather than submitted, and clarifies what constitutes a completed application. Additionally, an effective date of October 1, 2023 is provided for section 4.

There is no change in fiscal impact from the previous version of the bill, however, the department does not believe implementation by the effective date stated in this version of the bill is feasible.

This bill makes changes to chapter 18.340 RCW (Military Spouses – Professional Licensing) to expedite applications for military spouses.

Section 4: Requires the Department of Health (department) establish procedures for issuing a license, certificate, registration, or permit (license) to a person who is licensed, certified, or registered, or has a permit in another state to perform professional services in that state. The department must develop a method and adopt rules to issue a temporary license within 30 days of receiving a completed application. The temporary license must be for a period of no less than 180 days to allow the person to perform services while completing any specific additional requirements in Washington not required in the other state in which the person is licensed.

Section 5: The department must identify a contact or coordinator to assist military spouse applicants and licensees, provide training to each board or commission member on the culture of military spouses, the military spouse experience, and issues related to their career paths.

Section 6: The department must maintain a military spouse assistance web page with information specified in the bill.

Section 11: Section 4 takes effect October 1, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Current law, RCW 43.70.250 (License fees for professions, occupations, and businesses), requires the department to charge a fee to generate sufficient revenue to fully support the costs of administering its programs. Programs must be fully self-supporting and sufficient revenue must be collected through fee increases to fund expenditures. At this time, the department believes costs associated with this bill will be minimal and therefore will utilize its current fund balance. Depending on the impact of this and other new legislation, the programs current fee may not be sufficient and fee increases may be required in the future.

The department will monitor the fund over a 6-year period and will adjust fees as needed to ensure that the fees are sufficient to cover all program expenses.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS: This version of the bill sets the effective date for Section 4 as October 1, 2023. The bill requires the department adopt rules to issue a temporary license for a period of no less than 180 days. While the department has existing rules for most health profession credential types which allow for a military spouse to receive a temporary practice permit,

significant rulemaking will be required to align existing rules with the requirements in this bill, specifically extending the duration of temporary practice permits to at least 180 days and removing certain requirements excluded from this bill. Due to the number of professions impacted and intentional collaboration with interested parties across multiple boards and commissions, the department anticipates this rulemaking will take approximately 18 months to complete, and the effective date stated in the bill is not identified as feasible.

Section 4: The department has existing rules for most health profession credential types which allow for a military spouse to receive a temporary practice permit (TPP) while completing any additional requirements for licensure. The department will engage in rulemaking to align the existing rules with the requirements of this bill. This will require extensive rulemaking.

The department will adopt rules to:

1. Amend WAC 246-12-051 (How to obtain a temporary practice permit – Military spouse.), which applies to all secretary professions;
2. Update secretary profession rules that incorporate by reference WAC 246-12-051 to ensure each rule cites the new requirements;
3. Update current military spouse temporary practice rules, where necessary. This includes extending the duration of TPPs to at least 180 days and removing certain requirements not included in the bill. This will require changes to 5 WACs.
4. For board and commission professions without a military spouse TPP rule, create new rules incorporating by reference WAC 246-12-051, create new rules with military spouse TPP requirements, or update current TPP rule to ensure alignment with changes in the bill.

These 4 rule projects will include changes to up to 21 WACs. Though rulemaking is not anticipated to be complex, due to the number of professions impacted and intentional collaboration with interested parties across multiple boards and commissions, the department anticipates this rulemaking will take approximately 18 months to complete. Each of the department's 4 rulemaking projects will include 1 meeting with interested parties and 1 formal hearing, held virtually, which allows for participation of interested parties. Staff costs include Health Services Consultant 4 for research and drafting of the updates to the rules and a Management Analyst 5 to coordinate the overall rules project.

The Chiropractic Quality Assurance Commission (CQAC) will adopt rules to align with the requirements of the bill for providing temporary practice permits for military spouses seeking a Chiropractic license. CQAC assumes this will be a standard rulemaking process taking approximately 12 months to complete. CQAC rulemaking will include 2 stakeholder meetings and 1 formal hearing which allows for stakeholder participation.

The Washington Medical Commission (WMC) will adopt rules to align with the requirements of the bill for providing temporary practice permits for military spouses seeking Physician and Physician Assistant licenses. Due to increased stakeholder involvement and efforts to engage in a collaborative model of rulemaking, WMC assumes this will be a complex rulemaking process taking approximately 20 months to complete. WMC rulemaking will include 3 stakeholder meetings, as well as 1 formal hearing which allows for stakeholder participation.

Rulemaking costs include staff, associated expenses (including goods and services, travel, intra-agency, and indirect charges), and Office of Attorney General support in the amount of \$18,000. Total one-time costs for rulemaking costs will be 0.8 FTE and \$106,000 (02G) in Fiscal Year (FY) 2024 and 0.4 FTE and \$52,000 in FY 2025 (02G).

Sections 5 & 6: The department estimates the staff costs to be minimal as most of the work identified in this bill is work the department is currently doing. Existing staff will complete work required to implement this bill within their normal workload. Therefore, no fiscal impact for sections 5 & 6.

TOTAL FISCAL IMPACT:

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No change from previous bill version.

Section 5 requires the Washington Department of Veterans Affairs (WDVA) to create an internet-based training on military spouse culture and career paths as well as a military spouse webpage. WDVA has a fully funded Military Spouse Liaison position that will allow WDVA to address the requirement within existing capacity; no additional fiscal impact.

Section 6 requires WDVA to maintain a military spouse assistance web page. Again, WDVA's Military Spouse Liaison position can address the requirement within existing capacity; no additional fiscal impact.

Section 8 requires WDVA to initiate a military spouse employment demonstration campaign. This will result in fiscal impact to WDVA for creation and printing of marketing materials, signage, and awards.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 8, Subsection (1), will impact WDVA as we estimate the demonstration campaign include approximately 5,000 brochures for distribution through area Chambers of Commerce and to the business community, as well as signage/window clings for approximately 2,500 participating businesses, and annual awards for business participants. We estimate the annual cost would be \$10,000 for the demonstration campaign materials. Section 8, Subsection (3) states that funding for the demonstration campaign shall be established from existing resources. WDVA assumes it will partner with local chambers of commerce and private business for the campaign marketing materials; or WDVA cannot produce marketing, information and other materials without resources.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This substitute house bill clarifies processing requirements for licensing agencies and timeline for reports to the legislature. These changes will have no fiscal impact to ESD.

This bill creates processes and procedures within licensing authorities to expedite issuance of licenses (within 30 days) to a person who is: licensed in good standing in another state, the spouse of a military servicemember who was transferred to Washington state, and who left employment in another state to follow their military spouse. These licensing authorities are to identify a coordinator to work with military spouses, provide training on military culture to their board members, review fees to try to reduce costs to military spouses and develop and maintain a single click military spouse resource webpage with existing resources.

Section 6: Adds a new section in RCW 18.340 stating that the Employment Security Department (ESD), Department of Health (DOH), Department of Licensing (DOL) and Department of Veteran Affairs (DVA) shall maintain a military spouse assistance web page that is a direct one-click link from ESD home pages, containing each licensing authority's rules and procedures on expedited licensing for military spouses, fees, contact information for a liaison or coordinator, and links to each licensing authority.

Section 8: Adds a new section to RCW 43.60A stating that Department of Veterans Affairs (DVA), the Employment Security Department (ESD), and Department of Commerce (COM) shall collaborate and consult local chambers of commerce, businesses, and development organizations to initiate a demonstration campaign to increase military spouse employment.

Maintaining our support for the shared webpage should not result in fiscal impact. ESD expects to consult with local chambers of commerce, business, and development organizations for the demonstration campaign within existing resources

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ESD expects no fiscal impact. Existing FTEs will be used to maintain our support for the shared webpage. The demonstration campaign with local chambers of commerce, business, and development organizations will be provided within existing resources.
