Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 (4) removes the requirement for OFM to compile and publish the Performance-Based Incentives and Recognition Report.

Section 2 (3) amends language regarding employee pay procedures, requiring payment by electronic funds transfer for all new employees after July 1, 2023.

Section 3 (6) suspends an employee's right of reversion to a classified salary during an active workplace investigation in which the employee is the subject and the investigation could result in a finding of gross misconduct or malfeasance. This section requires OFM to update rules implementing those changes.

Section 4 (2) changes the required timeline and process for the Disability Employment Report from calendar year to fiscal year.

The changes in these sections can be implemented by OFM within existing resources and workload, and therefore have no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 2 (3)(a) of this bill requires that the payment for salaries for state officers and employees whose appointment to state service begins July 1, 2023 or after must be made by electronic funds transfer (EFT). This can be incorporated into our normal business process, therefore, it has no fiscal impact to Department of Enterprise Services (DES).

Section 3 (6)(a) of this bill states a person cannot exercise the right of reversion (from an exempt position) to a classified position if the employee has been given notice that they are subject of an active workplace investigation in which the allegations being investigated, if founded, could result in a finding of gross misconduct or malfeasance. The right of reversion is suspended during the investigation. This has no fiscal impact to DES as it can be incorporated into our routine business process.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
