Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill is an act relating to ensuring that firefighters who accept promotional firefighter positions within a fire department remain members of the Law Enforcement Officers' and Firefighters' (LEOFF) Retirement System. It amends the definition of "firefighter" in RCW 41.26.030(17) to include "any person who is serving on a full-time, fully compensated basis as an employee of a fire department and who is serving in a position that requires an experienced firefighter."

This change does not have a cost impact on the Department of Retirement Systems (DRS) as DRS relies on public employers to make determinations on whether or not a position is eligible for membership in a retirement system/plan, and this represents a small subset of potential LEOFF members.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
