Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 5071 changes from SB 5071:

Changes the bill title and language to refer to a Purple Star Designation rather than a Purple Star Award.

Section 1(1)(a) creates the Purple Star Designation to recognize school districts that demonstrate educational and social-emotional supports to students of military service members as they face transitions to a new school. The Office of the Superintendent of Public Instruction (OSPI) may collaborate with a state agency or nonprofit organization that has experience serving military-connected students and families to administer the designation. If a school applies and completes all of the required activities and at least one optional activity listed in section 1, it must be considered for the purple star designation.

Section 1(1)(b) lists the required activities a school must complete to be considered for the Purple Star Designation:

A school must have a staff point of contact for military students and families and complete professional development on special considerations for military students and families to ensure responsive supports.

A school must maintain a dedicated page on its website featuring resources for military families.

Section 1(1)(c) lists the optional activities from which a school must complete at least one to be considered for the Purple Star Designation:

The school provides professional development for additional staff on special considerations for military students and families.

The local school district board of directors passes a resolution publicizing the school's support for military children and families.

The school hosts a military recognition event that demonstrates a military friendly culture.

Section 1(2) requires OSPI to make available on its website:

A simple application for a school or school district to submit for consideration to receive a Purple Star Designation.

A timeline for the application submittal and for the announcement of designation recipients.

The criteria being used to review the applications and determine which schools receive the designation.

Section 1(3) states that the Purple Star Designation shall be awarded every two years, beginning in 2024.

Section 2 is a null and void clause which requires that funding for the bill be provided by June 30, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill would have no cash receipts impact on OSPI.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OSPI expenditure impact:

OSPI estimates that the work from section 1(2) of the bill requiring OSPI to make available on its website a simple

application for a school or school district to submit for consideration to receive a Purple Star Designation, a timeline for the application submittal and for the announcement of award recipients, and the criteria being used to review the applications and determine which schools receive the designation, would require a 0.3 FTE Administrative Program Specialist 2, step M, and a 0.1 FTE Administrative Assistant 4, step M, both starting in FY 2024. Additionally, \$56,000 for a contractor to oversee the application review process would be required, starting in FY 2024. These cost elements are assumed to be ongoing. And the expenditure impact is estimated at \$118,000 in FY 2024, and \$115,000 in years thereafter.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 5071 changes from SB 5071:

Changes the bill title and language to refer to a Purple Star Designation rather than a Purple Star Award.

Section 1(1)(a) creates the Purple Star Designation to recognize school districts that demonstrate educational and social-emotional supports to students of military service members as they face transitions to a new school. The Office of the Superintendent of Public Instruction (OSPI) may collaborate with a state agency or nonprofit organization that has experience serving military-connected students and families to administer the designation. If a school applies and completes all of the required activities and at least one optional activity listed in section 1, it must be considered for the purple star designation.

Section 1(1)(b) lists the required activities a school must complete to be considered for the Purple Star Designation:

A school must have a staff point of contact for military students and families and complete professional development on special considerations for military students and families to ensure responsive supports.

A school must maintain a dedicated page on its website featuring resources for military families.

Section 1(1)(c) lists the optional activities from which a school must complete at least one to be considered for the Purple Star Designation:

The school provides professional development for additional staff on special considerations for military students and families.

The local school district board of directors passes a resolution publicizing the school's support for military children and families.

The school hosts a military recognition event that demonstrates a military friendly culture.

Section 1(2) requires OSPI to make available on its website:

A simple application for a school or school district to submit for consideration to receive a Purple Star Designation.

A timeline for the application submittal and for the announcement of designation recipients.

The criteria being used to review the applications and determine which schools receive the designation.

Section 1(3) states that the Purple Star Designation shall be awarded every two years, beginning in 2024.

Section 2 is a null and void clause which requires that funding for the bill be provided by June 30, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipts impact.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is not a requirement that a school district apply to be considered for the Purple Star Designation, so there is not a cost impact requirement on this bill. If a school district does choose to apply, then there would be an indeterminate cost impact to the school district for the activities that would be required per the proposed bill.
