The flexible work policy may include alternative shift and work schedules that fit the needs of the law enforcement agency.

II. B - Cash receipts Impact

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed legislation creates an indeterminate fiscal impact to the Washington State Patrol (WSP).

Section 1 allows for general authority and limited authority Washington peace officers to work at less than full-time when feasible, such as supplementing work during peak hours with part-time officers.

Section 2 amends the definition of "general authority" and "limited authority" Washington peace officers from full-time to include any fully compensated officer.

Section 3 amends the definition of "law enforcement officer" to include any fully compensated officer on a less than full-time basis beginning July 1, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is an indeterminate fiscal impact as we are unable to identify how many officers will want to become part-time. If officers become part-time, we may need to hire additional officers or incur additional overtime costs to meet workload demands.

If there is an increase in officers, regardless of hours worked, this may require additional staff in support divisions, to include but not limited to Training Division, Supply, Fleet, Human Resources, and Payroll.

Also, compared to one full-time officer, part-time officers working an equivalent number of hours may have an increase or decrease in cost depending on if they are eligible for benefits.

All officers, regardless of hours worked, will need to be completely outfitted (uniform, vehicle, mobile phone, radio, etc...). We estimate this at \$136,000 for initial outfitting and up to \$56,000 in subsequent years per officer.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

5424 SB allows law enforcement agencies to adopt a flexible work policy. The policy may allow for general authority and limited authority Washington peace officers to work, and be hired, at less than full time when feasible. This could be used to supplement work during peak hours with part-time officers. The flexible work policy may include alternative shift and work schedules that fit the needs of the law enforcement agency. However, this bill states that it does not modify existing collective bargaining agreements.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to Department of Corrections (DOC).

DOC does not have any part-time job classifications that meet those defined in the bill, at this time, so it is assumed this bill will have no fiscal impact. However, should DOC choose to pursue part-time staff or positions, for the applicable job classes, there would be potential future fiscal impacts and DOC will submit a corresponding decision package.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Senate Bill 5424 concerns work policies for law enforcement officers.

Section 1 allows each general authority and limited authority law enforcement agency to adopt a flexible work policy. Options that can be outlined in the policy include allowing officers to work less than full time when feasible as well as alternative shift and work schedules to meet the needs of the law enforcement agency. The University of Washington Police Department (UWPD) currently offers flexible work schedules for officers and may consider allowing certain officers to work less than full time should the bill pass. While a new policy would require staff time to develop and review, any associated costs can be absorbed using existing resources. Therefore, there is no fiscal impact to UWPD from this section.

Section 2 removes references to “full time” in the definitions of “General authority Washington peace officer” and “Limited authority Washington peace officer” to allow these officers to work less than full time. There is not fiscal impact to the UWPD from this section.

Section 3 adds to the definition of “law enforcement officer” to includes officers working less than full-time in the Law Enforcement Officers’ and Firefighter’ Retirement System statutes. There is no fiscal impact to UWPD from this section.

Overall, any costs to UWPD, and the University of Washington as a whole, can be absorbed with existing resources and therefore there is no fiscal impact for this measure.

II. B - Cash receipts Impact

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Proposed HB 5424 adds a new section to RCW 49.28; Section 1 allows law enforcement agencies to adopt flexible work policies allowing officers to work at less than full time when feasible. (2) The flexible work policy adopted in subsection (1) may require an officer have a certain number of years of experience as a full-time officer or additional training to work part time or be eligible for any other types of flexible work. (3) indicates this statute does not supersede existing collective bargaining units or the provisions of any existing agreement. (4) indicates this section does not alter any laws or workplace policies to restrictions on secondary employment for general authority and limited authority Washington peace officers.

Section 2 amends RCW 10.93.020 and removes the reference to "full-time".

Section 3 amends RCW 41.26.030 and adds 19(f) Beginning July 1, 2023, the term "law enforcement officer" also includes any person who is commissioned and employed by an employer on a fully compensated basis to enforce the criminal laws of the state of Washington generally, on a less than full-time basis, with the qualifications in (a) through (e) of this subsection.

Eastern has not decided whether this policy would be implemented or not but either way we don't anticipate a fiscal impact.

Policies may have requirements related to length of service or training. No existing CBAs or laws are to be altered because of this bill.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No Fiscal Impact because it does not change our current staffing or cause additional resources.

(1) Every general authority and limited authority Washington law enforcement agency may adopt a flexible work policy. The policy may allow for general authority and limited authority Washington peace officers to work at less than full time when feasible, such as supplementing work during peak hours with part-time officers. The flexible work policy may include alternative shifts and work schedules that fit the needs of the law enforcement agency.

(2) The flexible work policy adopted in subsection (1) of this section may require an officer have a certain number of years of experience as a full-time officer or have additional training for the officer to work part time or be eligible for any other types of flexible work.

(3) This section does not alter any existing collective bargaining unit or the provisions of any existing agreement.

Sec. 2

(1) "Agency with primary territorial jurisdiction" means a city or town police agency which has responsibility for police activity within its boundaries; or a county police or sheriff's department which has responsibility with regard to police activity in the unincorporated areas within the county boundaries; or a statutorily authorized port district police agency or four-year state college or university police agency which has responsibility for police activity within the statutorily authorized enforcement boundaries of the port district, state college, or university.

Sec. 3 (f) Beginning July 1, 2023, the term "law enforcement officer" also includes any person who is commissioned and employed by an employer on a fully compensated basis to enforce the criminal laws of the state of Washington generally, on a less than full-time basis, with the qualifications in (a) through (e) of this subsection.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 allows for general and limited authority Washington peace officers to work at less than full time.

Section 3 (19) (f) changes the definition of law enforcement officer to include commissioned officers working on a less than full-time basis.

This legislation would have no fiscal impact on State Parks. Although the bill would allow for less than full-time officers to be employed by Parks, the agency would not move to this type of staffing strategy.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Distinguished between one time and ongoing functions.

This legislation would have no fiscal impact on State Parks. Although the bill would allow for less than full-time officers to be employed by Parks, the agency would not move to this type of staffing strategy.

Employing commissioned officers working at less than full-time would require backfilling to provide necessary enforcement, inflating costs for training, uniforms, equipment, benefits, etc.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 3 (19) (f) changes the term “law enforcement officer” to include any person who is commissioned and employed by an employer on a fully compensated basis, or on a less than full time basis. The nature of WDFW law enforcement work already accommodates flexible schedules, however the Department does not have part time officers. No fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

The proposed legislation would allow law enforcement officers in Washington to have flexible work arrangements.

Section 1 would create a new section in chapter 49.28 RCW, allowing law enforcement agencies in Washington to adopt flexible work policies that would allow general and limited authority peace officers “to work at less than full time when feasible.” These policies could also include “alternative shift and work schedules that fit the needs of the law enforcement agency.”

Section 2 would reenact and amend RCW 10.93.020, removing the specification that an officer work full time from the definitions of general and limited authority Washington peace officers.

Section 3 would amend RCW 41.26.030 (19), specifying that for the purposes of chapter 41.26 RCW, “beginning July 1, 2023, the term ‘law enforcement officer’ also includes any person who is commissioned and employed by an employer on a fully compensated basis to enforce the criminal laws of the state of Washington generally, on a less than full-time basis” and meets the other requirements of this subsection.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The proposed legislation could result in an indeterminate increase in local government expenditures.

The Washington Association of Sheriffs and Police Chiefs (WASPC) indicates that some local law enforcement agencies have already adopted flexible work policies like those that section 1 of this bill references, and does not anticipate that law enforcement agencies taking advantage of this local option would incur any additional costs. WASPC does anticipate, however, that cities and counties could incur administrative costs if their local law enforcement agency does adopt a flexible work policy.

Both the Association of Washington Cities (AWC) and the Washington State Association of Counties (WSAC) agree that local government expenditures could increase as a result of additional staff time needed for human resources, accounting and other administrative needs if a local law enforcement agency chooses to implement a flexible work policy. AWC also indicates that because of the definitional changes that section 3 of the proposed legislation would make, additional employer contributions to LEOFF 2 pensions for part-time officers covered by flexible work arrangements could be another source of local government expenditure impact.

Since it is unknown, however, how many local law enforcement agencies may choose to take advantage of the local option to adopt flexible work policies, as well as what the details of those arrangements may be, the expenditure impact on local governments resulting from additional administrative time is indeterminate. WSAC anticipates that apart from the largest counties, this indeterminate impact is likely to be small.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The proposed legislation would have no impact on local government revenues.
