Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill establishes the maximum number of clinical experience hours for Registered Nurses (RNs) and Licensed Practical Nurses (LPNs). The bill also will limit the number of direct patient care or clinical experience hours required to 300 hours for LPN programs, 500 hours for associate degree nursing programs, and 600 hours for Bachelor of Science in nursing programs. The Nursing Commission (commission) will review the number of hours annually and adjust as necessary based on national licensing or accreditation standards.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Rulemaking

Section 1: The commission will develop and adopt rules that allow the commission to establish the maximum number of clinical experience hours for RNs and LPNs.

The commission anticipates utilizing a team of subject matter experts to implement this bill. This team will consist of the program manager and a community engagement specialist to identify underreached communities and engage them in the rulemaking process. This process will include two meetings with interested parties as well as one formal rules hearing, all held virtually, and will take approximately 12 months to complete. The commission anticipates providing the rules hearing announcement and materials in both English and Spanish and providing ASL and Spanish interpretation services at the rules hearing.

Costs include staff, associated expenses (including goods and services, travel, intra-agency, and indirect charges), and Office of Attorney General support in the amount of \$4,000.

FY 2024 one-time costs will be 0.2 FTE and \$29,000 (GF-S).
