(360) 280-7584

Date Published:
Final 2/ 8/2023

Judicial Impact Fiscal Note

Bill Number: 1385 HB	Title: Civil forfeiture proceedings	Agency: 055-Administrative Office of the Courts
-----------------------------	--	--

Part I: Estimates

No Fiscal Impact

Estimated Cash Receipts to:

NONE

Estimated Expenditures from:

NONE

Estimated Capital Budget Impact:

NONE

The revenue and expenditure estimates on this page represent the most likely fiscal impact. Responsibility for expenditures may be subject to the provisions of RCW 43.135.060.

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note for Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).
- Capital budget impact, complete Part IV.

Request # 102-1

Bill # 1385 HB

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

This bill amends multiple statutory provisions and creates a new chapter in Title 7 RCW establishing procedures, requirements and limitations on the seizure and civil forfeiture of certain assets under specified circumstances.

II. B - Cash Receipts Impact

None

II. C - Expenditures

Minimal impact. The Administrative Office of the Courts would not need to change case management systems or court forms. There could some impact to update court education about the new process and updates to bench books. There could be some impact to the court from increased filings and from the requirement for the court to forward a copy of the order of forfeiture to the assessor.

Part III: Expenditure Detail

III. A - Expenditure By Object or Purpose (State)

NONE

III. B - Expenditure By Object or Purpose (County)

NONE

III. C - Expenditure By Object or Purpose (City)

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/07/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 directs the state treasurer to establish and maintain a searchable public website pertaining to seized and forfeited property.

Annually, the state treasurer shall submit to the speaker of the house of representatives, president of the senate, attorney general, and governor a written report summarizing forfeiture activity for the preceding fiscal year.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

One-Time Expenditures: The work to establish a searchable public website will require three FTE's (IT App Development - Journey level) for a six-month period, including but not limited to, office space, equipment, furniture, supplies, etc.

On-Going Expenditures: The work to maintain a searchable public website will require one FTE; 0.5 FTE at an IT App Development - Journey level and 0.5 FTE at a FA 2 level, including but not limited to, office space, equipment, furniture, supplies, etc.

The required work necessitates additional resources. The money to fund the additional staff and expenditures will require an increase to the state treasurer's service fund appropriation.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 creates comprehensive reforms to the civil forfeiture of property statutes.

- Section 1 states the purpose of the bill.
- Section 2 sets forth the process for commencing and achieving a civil forfeiture of seized property.
- Section 3 discusses procedures for forfeiture of real property.
- Section 4 sets forth the permissible distribution of forfeited property.
- Sections 5 lists the records that must be kept regarding forfeited property and requires a seizing agency to report annually to the State Treasurer. Failure to submit a timely report subjects an agency to a fine of the greater of \$500 or one quarter of forfeiture proceeds received during the reporting period. The State Treasurer must then make an aggregate report to House, Senate, Attorney General, and Governor.
- Section 6 requires each seizing agency to submit 10 percent of the net proceeds of any property forfeiture to the State Treasurer.
- Section 7 allows the State treasurer to adopt relevant rules.
- Section 8 amends existing RCW 9.68A.120 to clarify that the procedures for forfeiture of property related to sexually explicit materials involving children are placed in the newly created chapter.
- Section 9 amends existing RCW 9A.88.150 to clarify that the procedures for forfeiture of property related to other sexually explicit materials are placed in the newly created chapter.
- Section 10 amends existing RCW 9A.83.030 to clarify that the procedures for forfeiture of property related to money laundering are placed in the newly created chapter.
- Section 11 amends existing RCW 10.105.010 to clarify that the procedures for forfeiture of property involved in a felony are placed in the newly created chapter.
- Section 12 amends existing RCW 19.290.230 to clarify that the procedures for forfeiture of property related to theft of metal property are placed in the newly created chapter.
- Section 13 amends existing RCW 46.61.5058 to clarify that the procedures for forfeiture of property related to driving offenses are placed in the newly created chapter.
- Section 14 amends existing RCW 70.74.400 to clarify that the procedures for forfeiture of property related to explosives are placed in the newly created chapter.
- Section 15 amends existing RCW 77.15.070 to clarify that the procedures for forfeiture of property seized by the Department of Fish and Wildlife are placed in the newly created chapter.
- Section 16 amends existing RCW 69.50.505 to clarify that the reporting requirements in Section 5 apply to forfeiture of property related to controlled substances.
- Section 17 amends existing RCW 38.42.020 to clarify that civil forfeitures of property are subject to the Service Members' Civil Relief Act.
- Section 18 declares Sections 1-7 to constitute a new chapter in Title 7 RCW.
- Section 19 declares that the new chapter applies to seizures occurring on or after the effective date of the bill.
- Section 20 sets an effective date of January 1, 2024, except for section 7.

There is no fiscal impact to the Lottery. Pursuant to RCW 67.70.330, Washington's Lottery is a limited authority law enforcement agency. However, Lottery employees do not engage in the civil forfeiture of property used in lottery-related crimes. Civil forfeiture of property, if any, would be conducted by the relevant general authority law enforcement agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Gwen Stamey	Phone: (360) 790-1166	Date: 01/31/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 of the bill states this new chapter is applicable to laws that authorize civil forfeiture of property and that indicate this new chapter applies.

Section 2 of the bill requires notices to be served to the owner, person in charge thereof and any person having any known right or interest of the seized property within fifteen days following the seizure.

Section 2 (3) of the bill requires any person providing claim of ownership within the specified time be given reasonable opportunity to be heard regarding the claim.

Section 2 (4) of the bill requires the hearing must be before the chief law enforcement officer of the seizing agency or administrative law judge appointed by certain agencies.

Section 2 (8) provides that in cases where the claimant substantially prevails, the claimant is entitled to reasonable attorney's fees incurred.

Section 3 provides that a landlord may, in certain circumstances, assert a claim against the seized property if an employee, agent, or officer of the seizing agency caused damage to the landlord's property while executing a search of a tenant's residence.

Section 4 of the bill allows seizing agencies to sell forfeited property.

Section 5 (3) of the bill requires all seizing agencies, whether the seizure is pursuant to this new chapter or any other section in the RCW to keep records about seized and forfeited property. Section 5(3) of the bill also requires seizing agencies to file a report that includes all the records.

Section 5 (3) also requires each agency to file a report of these records with the state treasurer on an annual basis by a date specified by the treasurer.

Section 5 (3) also requires seizing agencies, by March 1 of each year, to file a report with the state treasurer that summarizes expenditures from the sum of net proceeds of all seized and forfeited property from the previous calendar year.

Section 5 (3) of the bill imposes fines for failure to file the report.

Section 6 of the bill requires agencies to remit an amount equal to 10% oof the net proceeds to the state.

Section 1 states the new chapter created is applicable to laws of this state that authorize civil forfeiture of property and that indicate the provisions of this chapter apply. Chapter 9.46, under which the Gambling Commision executes seizures, is not amended to indicate the provisions of this chapter apply.

Section 5 of this bill requires record keeping and reporting of seizures and forfeitures by seizing agencies. the Gambling Commission assumes ongoing work of one hour per month for forfeiture recordkeeping, four hours per year to submit records, and eight hours per year to compile and submit the annual expenditure report. This workload is negligible and will be absorbed by current staff, resulting in no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Request # 1385-1-1

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

CURRENT LAW:

The law contains seizure and forfeiture procedures and reporting requirements in:

- The seizure and forfeiture of property involved in the sexual exploitation of children (RCW 9.68A.120).
- The seizure and forfeiture of property involved in the commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, and promoting prostitution (RCW 9A.88.150).
- The seizure and forfeiture of proceeds derived from money laundering (RCW 9A.83.030).
- The seizure and forfeiture of property involved in a felony (RCW 10.105.010).
- The seizure and forfeiture of property involved in an unlawful possession of commercial metal property (RCW 19.290.230).
- The seizure and forfeiture of vehicles of alcohol violators (RCW 46.61.5058).
- The seizure and forfeiture of explosives and explosive devices used or intended to be used unlawfully (RCW 70.74.400).
- The civil forfeiture of property used to violate fish and wildlife laws and rules (RCW 77.15.070).

PROPOSAL:

This bill eliminates the seizure and forfeiture procedures and reporting requirements in the law and creates a new chapter with respect to civil asset forfeiture proceedings and seizure of property (Title 7 RCW).

COMMENCEMENT OF FORFEITURE PROCEEDINGS

Except with respect to contraband items, which are seized and summarily forfeited, proceedings for forfeiture are deemed started by the seizure. The agency making the seizure must serve notice of seizure and possible forfeiture upon the owner within 15 days. A person forfeits property if they do not notify the seizing agency in writing of a claim of ownership or right to possession within 60 days of service of notice in the case of personal property, and 120 days in the case of real property.

The Service Members' Civil Relief Act is applicable to civil asset proceedings.

HEARING PROCESS

A person has a right to a hearing if they timely notify the seizing agency in writing of a claim of ownership or right to possession of the seized property. The hearing is by an administrative law judge if the seizure is by a state agency; however, the person asserting a claim or right may remove the matter to a court of competent jurisdiction. In all cases, the burden of proof is on the seizing agency to establish by a preponderance of the evidence that the property is subject to forfeiture. An owner cannot forfeit their interest in personal or real property by reason of any act or omission committed or omitted without their knowledge or consent.

The seizing agency must promptly return seized property in the same or substantially similar condition when seized once a court or hearing officer establishes an owner's entitlement to possession of the property. Prevailing claimants may collect reasonable attorneys' fees.

DISPOSITION OF FORFEITED PROPERTY AND PROCEEDS

The seizing agency may sell, retain for official use, request another entity to take custody of, or forward to an appropriate entity property forfeited if the law doesn't require destruction of the property. By January 31 of each year, each seizing agency must remit to the State Treasurer (treasurer) 10% of the proceeds of any property forfeited during the previous

calendar year. The treasurer deposits the proceeds into the general fund. Seizing agencies do not send forfeited property and any additional net proceeds to the treasurer. The seizing agency retains forfeited property and net proceeds to use it exclusively for the expansion and improvement of related enforcement activities, but not for supplanting preexisting funding sources.

REPORTING REQUIREMENTS APPLICABLE TO SEIZING AGENCIES

The new chapter includes general reporting requirements applicable to all seizures by seizing agencies, regardless of whether the seizure was pursuant to the new chapter, other state statutes, or in collaboration with a federal agency under federal law.

Seizing agencies must keep records about property seized and forfeited indicating:

- Name of agency.
- Date of seizure.
- Description of property.
- Location where seizure occurred.
- Whether the federal government, part of a joint task force with the federal government, or other arrangement with the federal government adopted the seizure.
- Whether a suspect, innocent owner, claimant, joint owner, or other property owner contested the forfeiture.
- The method of disposition of the forfeited property.
- The date of disposition of the forfeited property.
- Whether a default, contested hearing, or agreed settlement resolved the forfeiture.
- Value of the forfeited property.
- Net proceeds retained.

Annually, each seizing agency must file a report that includes all the records about seized property. In addition, each seizing agency must file a report that summarizes the agency's expenditures from the sum of the net proceeds of all seized and forfeited property. The seizing agencies file these reports with the treasurer. The treasurer must establish and maintain a searchable public website of all the report information.

Annually, the treasurer must submit a written report to the legislature and the governor summarizing forfeiture activity. The report must provide a categorized accounting of all proceeds expended. Each seizing agency must disaggregate the summary data on seizures, forfeitures, and expenditures. The treasurer must make the aggregate report available on their web site.

A seizing agency failing to file a report as required is subject to a civil penalty payable to the general fund of \$500 or the equivalent of one-quarter of the forfeiture proceeds received during the reporting period, whichever is greater.

The data and reports are public information under the Public Records Act.

The act applies to seizures occurring on or after January 1, 2024.

EFFECTIVE DATE:

The bill takes effect on January 1, 2024, except for section 7, authorizing the State Treasurer to adopt rules necessary to implement the new chapter, which takes effect 90 days after adjournment of this session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

- This legislation applies to all civil seizures, and includes per year average receipts of approximately:
 - \$24 million from 34,000 withhold and delivers.
 - \$1.4 million from contractors' bonds via the Attorney General's bankruptcy and collection unit.
- The Department of Revenue (department) provides 10% of net proceeds to the State Treasurer for deposit into the state general fund.

DATA SOURCES:

Department of Revenue, compliance data

REVENUE ESTIMATES:

This bill could potentially reduce state revenues by an indeterminate amount if the department:

- Could retain additional funds to cover the costs needed to meet the ongoing reporting requirements of this legislation.
- Reduces the number of property seizures, resulting in decreased tax collections, should significant resources be necessary to comply with the bill's requirements.

TOTAL REVENUE IMPACT:

State Government (cash basis, \$000): Indeterminate

Local Government, if applicable (cash basis, \$000): None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

FIRST YEAR COSTS:

The department will incur total costs of \$144,100 in fiscal year 2024. These costs include:

Labor Costs - Time and effort equate to 1.2 FTEs.

- Provide technical advice, interpretation, and analysis of new laws for internal use during the implementation process.
- Track and run internal reports and organize and prepare annual reports of seized and forfeited property for the state treasurer.
- Perform accounting activities for transfers to the state treasurer.

SECOND YEAR COSTS:

The department will incur total costs of \$121,200 in fiscal year 2025. These costs include:

Labor Costs - Time and effort equate to 1.1 FTE.

- Track and run internal reports and organize and prepare annual reports of seized and forfeited property for the state treasurer.
- Perform accounting activities for transfers to the state treasurer.

ONGOING COSTS:

Ongoing costs for the 2025-27 biennium equal \$242,400 and include similar activities described in the second-year costs. Time

Request # 1385-1-1

and effort equate to 1.1 FTEs.

Part III: Expenditure Detail

III. A - Expenditures by Object Or Purpose

OFM Review: Jason Brown	Phone: (360) 742-7277	Date: 01/30/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 is concerning seizure and forfeiture procedures and reporting. The bill attempts to revise the procedures and reporting requirements for state agencies engaged in civil asset seizures and forfeitures. The Office of Insurance Commissioner (OIC) does not engage in civil asset seizures and forfeitures of any properties. Therefore, this bill has no fiscal impact on the OIC.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill provides standard procedures governing civil asset forfeiture and is applicable to laws of this state that authorize civil forfeiture of property and that indicate the provisions of this bill apply.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact to the agency.

-The bill does not cover contraband items. The agency's majority of seizures are for contraband items and not civil forfeiture.

-The bill changes language that civil hearings for claim of ownership have to be heard by an outside agency. The agency's current process already forwards these cases to the Attorney General's Office (AGO).

-The rare cases that do involve civil forfeiture are normally conducted with federal agencies and these would not apply to this bill.

-The agency already has a tracking method for seizures so no new software or changes are needed.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed legislation creates a fiscal impact to the Washington State Patrol (WSP) due to increase in workload to meet additional reporting and records requirements.

New Sections 1-7 create a new chapter in Title 7 RCW; consolidating multiple statutes relating to seizures into one RCW.

New Section 5(3)(a) requires additional information from seizing agencies about property seized and forfeited under state law.

New Section 5(3)(c) requires, by March 1st of every year, the seizing agency to file with the Washington State Treasurer a report that summarizes the agency's expenditures from the sum of the net proceeds of all seized and forfeited property during the previous calendar year.

New Section 6(1)(a)(i) requires, by January 31st of each year, each seizing agency to deposit 10% net proceeds of any property forfeited during the preceding calendar year into the general fund.

New Section 6(1)(a)(ii) requires, by January 31st of each year, each seizing agency to deposit 10% net proceeds from any property seizure under RCW 10.105.010 and 46.61.5058 during the preceding calendar year into the behavioral health loan repayment program account through June 30, 2027, and into the general fund thereafter.

New Section 2(2) and Section 2(3), and amended Section 16(4) changes the response timeframe of a person's claim of ownership or right to possession of items to the seizing agency's notice of intent to forfeit property from 45 to 60 days in the case of personal property and 90 to 120 days in the case of real property.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

We do not directly receive cash receipts, but we do contribute to the state and federal seizure accounts once investigations with seized items are settled. We receive a biennial appropriation for these accounts as long as a fund balance can support those appropriations.

There is an unknown impact to the seizure accounts due to the net proceed distributions outlined in New Section 6(1)(a)(i-ii).

We are unable to determine if the extended response timeframe of a person's claim to property will impact the seizure account fund balances.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

At this time, we use the seizure accounts to purchase large, one-time equipment for the Crime Laboratory Division and the Investigative Assistance Division. If these fund balances decrease or become depleted, we will need to request funding for equipment through the legislative process. This would be an estimated \$550,000 per biennium.

We track data related to patrol activity in the Crime Investigation and Tracking of Evidence System (CITE). The additional

data this proposed legislation is requiring us to track will result in additional programming in CITE. We anticipate reprogramming changes will take 40 hours in FY2024 by an IT-System Administration, Journey Level.

Currently, the seizure program is overseen by our Asset Seizure Program Manager with minimal support. The additional efforts for data gathering and record tracking cannot be absorbed by this position. A 0.5 Data Consultant 3 will be required to support this additional workload.

Currently, we are required to submit quarterly reports regarding federal seizure account activity. This proposed legislation will increase reporting requirements to include the state seizure account activity. We anticipate the additional reporting requirements will require an additional 20 hours of work by the Accounting Manager per fiscal year.

The funding allocation for this estimate is based on the results of the Joint Legislative Audit and Review Committee cost allocation model approved by both the Transportation and the Omnibus Budget Committees in the 2022 Supplemental Budget. The model analyzes costs and relevant activities (hours, transactions, type of enforcement, etc.) of Washington State Patrol (WSP) organizations funded by two or more sources to ensure a consistent and fair use of state resources.

We base estimated salary expenditures on current levels for the positions requested per published salary schedules, plus any applicable incentive or assignment pay. We compute estimated benefits expenditures based on federal or state mandated rates plus state provided amounts for health insurance and workers' compensation insurance. We assume that any increases in these rates or amounts will be covered by legislation establishing the increase.

We compute estimated support expenditures such as supplies & materials, communications, computer costs (hardware and software), vehicle and vehicle operating costs, among others, using average costs to support agency FTEs. We adjust the estimated support costs to reflect the needs of individual divisions or positions within the agency.

We base our estimate for agency indirect costs on the approved federal indirect cost rate of 31.88 percent. We apply this indirect cost rate percentage to all categories of expenditure with only two exceptions: capital equipment and expenditures after \$25,000 of each projected contract. Indirect costs include, but are not limited to, computer and telecommunications support, payroll processing, vendor payments, general accounting, procurement administration, inventory control, and human resource management.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 creates procedures for seizure of personal and real property, and reporting thereof.

Section 5 of this bill applies to seizures of property, including seizures of property that may be conducted by the Department of Social and Health Services (DSHS) Economic Services Administration (ESA) Division of Child Support (DCS). This section requires seizing agencies to track multiple data points related to the seizure and report annually to the state treasurer a summary of the agency's expenditures for the proceeds for all seized property for the calendar year. This section also prescribes penalties for failure to report.

Section 6 requires seizing agencies to remit ten percent of net proceeds of forfeited property to the state treasurer.

ESA estimates no fiscal impact associated with this bill. Though DCS has authority under RCW 74.20A.130 to seize or sell property that has a support lien filed under RCW 74.20A.060, parents subject to the lien and seizure of an asset receive due process because a lien is only imposed following notice to the party. Seizure for child support purposes is exceedingly rare, having not occurred in the last five years, and DCS anticipates any value of seized property would go towards support debt repayment.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1385 HB updates standard procedures for forfeiture of real and personal property and requires agencies to record dates, addresses, and property seized. It relates to city and state police agencies and multi-jurisdictional task forces that have a seizure process.

Section 20 states that, except for section 7, this act takes effect January 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to Department of Corrections (DOC).

The DOC Community Corrections Division's (CCD) Community Response Unit (CRU) work on these state agency task forces, however DOC does not work with forfeitures, so this is assumed to have no DOC policy, operational, or fiscal impact.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

House Bill 1385 concerns the forfeiture of property seized by law enforcement.

Expenditures Impact:

Though the University of Washington Police Department (UWPD) rarely seizes non-contraband property, UWPD will need to review and, if necessary, update its policies and procedures to comply with HB 1385. However, any staff time used for this purpose is expected to be minimal and costs can be absorbed using existing resources.

Cash Receipts:

There is no impact to cash receipts to UWPD from HB 1385. As noted above, the UWPD rarely seizes non-contraband property and does not anticipate seizing or retaining more should this legislation pass.

Overall, there is no fiscal impact to UWPD, or the University of Washington as a whole, from this legislation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 – Civil Forfeiture Proceedings relates to the seizure and forfeiture procedures and reporting.

Section 2 of this bill outlines rules pertaining to the seizure of property and forfeiture of property.

Section 2 (3) states that if a person notifies a seizing agency in writing of a right to seized property, they must be afforded a reasonable opportunity to be heard to this claim or right.

Section 2 (4) stipulates that a hearing must be before the chief law enforcement officer of the seizing agency or the chief's designee.

This bill would not fiscally impact Washington State University.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 amends RCW 9.68A.120, 9A.88.150, 9A.83.030, 10.105.010, 19.290.230, 46.61.5058, 70.74.400, 77.15.070, and 38.42.020, reenacts and amends 69.50.505, and adds a new chapter to Title 7 RCW. This bill provides standard procedures governing civil asset forfeiture and prescribes penalties. EWU does not anticipate that this bill will cause any significant increases in cost. Potential staffing time increases will be absorbed within current resources.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 intends to provide standard procedures related civil asset forfeiture. Central Washington University does not anticipate the proposed legislation having any reportable fiscal impact. All efforts related to updating policies and procedures as well as training will be allocated among existing resources.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1385 relates to seizure and forfeiture proceedings and reporting.

Section 2 lays out new procedures for forfeiture proceedings.

Section 4 for actions the seizing agency may take after satisfying any court-ordered restitution.

Section 5 lays out procedures to be followed by the seizing agency.

Section 6 requires each seizing agency to remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year.

Section 8 lists items which are subject to seizure and forfeiture, with exceptions.

Section 9 lists items which, under certain conditions, are subject to seizure and forfeiture and in which no property right exists.

Section 11 lists items which, under certain conditions, are subject to seizure and forfeiture and in which no property right exists. (i.e. Theft, trafficking, or unlawful possession of commercial metal property.)

Section 12 lists items which, under certain conditions, are subject to seizure and forfeiture and in which no property right exists. (i.e. Controlled substances)

The Evergreen State College police department has never been engaged in an asset seizure or forfeiture action and does not expect to be involved in any in the future. This bill has no fiscal impact for Evergreen.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

OFM Review: Ramona Nabors	Phone: (360) 742-8948	Date: 02/01/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This act applies to civil asset forfeiture proceedings. It appears to be a "housekeeping" bill to standardize forfeiture proceedings, not significantly changing the existing requirements.

Impact on Western:

The university police department would not be negatively impacted. The proposed legislation just provides more information on how to document and process asset forfeiture.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This proposed legislation provides standardized procedures governing civil forfeiture of assets.

Since State Parks has not entered, and does not anticipate entering into, any civil forfeiture proceedings, this bill would have no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Since State Parks has not entered, and does not anticipate entering into, any civil forfeiture proceedings, this bill would have no fiscal impact.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed legislation will have a fiscal impact on WDFW due to the increase in workload for the Department. The amount is indeterminate because clarification is needed on how state resources, such as fish and wildlife, are treated as civil assets/property in this bill or are considered contraband.

Sections 1-7 of this bill create a new chapter in Title 7 RCW, creating a new standard procedures for seizure.

Section 2 (2) and (3) extends the response time of a person's claim of ownership or right to possession of items from 45 to 60 days. It is unknown if the timeframe will impact the number of forfeitures the Department moves forward with.

Section 2 (8) states that in proceedings where the claimant substantially prevails in forfeiture proceedings, the claimant is entitled to reasonable attorney fees they incurred. This cost is indeterminate, because "substantially prevails" is undefined, and the Department has not previously been responsible for paying attorney fees.

Section 5 directs seizing agencies to keep specific valuation records of property seized and forfeited. The Department will incur one-time costs to change the reporting tool currently in use to provide receipt of seizure, and one-time costs for review by the Attorney General's office. The Department is also required to submit an annual report to the state treasurer detailing the Department's net proceeds from all seized and forfeited property.

Section 6 directs the Department to deposit 10% net proceeds from any property seizure into the behavioral health loan repayment program account. It is unclear how state resources such as fish and wildlife are subject to this forfeiture, this bill does not specify how fish receiving tickets, or an amount/value of fish or wildlife taken in excess of legal limits will be classified as contraband or how these proceeds will be seized.

Section 15 states WDFW enforcement officers are subject to the new chapter in Title 7 created by this bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Section 6 directs 10 percent of funds from forfeiture sales will go to the state's behavioral health loan repayment program account. The last three biennia average of forfeiture sales is \$400,000. The 10 percent to be transferred to the behavior health loan repayment account will be an approximate \$40,000 per biennium.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department requires \$20,000 to revise the seizure receipts Officers give to individuals when their property is being taken, and changes will need to be made to the internal record keeping system (RMS) to detail all the new requirements listed in section 5 (which will also allow the Department to then compile the annual reports required for the state treasurer). The Department will also need a one-time increase in services from the Attorney General's office to review how the changes in this bill will impact the Enforcement Program's ability to seize state resources such as fish and wildlife.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

LOCAL GOVERNMENT FISCAL NOTE

Department of Commerce

Bill Number: 1385 HB	Title: Civil forfeiture proceedings
-----------------------------	--

Part I: Jurisdiction-Location, type or status of political subdivision defines range of fiscal impacts.

Legislation Impacts:

- Cities: Costs for law enforcement agencies to comply with extended notification requirements and reporting procedures.
- Counties: Same as above.
- Special Districts:
- Specific jurisdictions only:
- Variance occurs due to:

Part II: Estimates

- No fiscal impacts.
- Expenditures represent one-time costs:
- Legislation provides local option:
- Key variables cannot be estimated with certainty at this time: Costs would vary by jurisdiction based on the number of items seized by law enforcement; number and timing of claim responses.

Estimated revenue impacts to:

None

Estimated expenditure impacts to:

Jurisdiction	FY 2024	FY 2025	2023-25	2025-27	2027-29
City	57,460	114,920	172,380	229,840	229,840
County	9,360	18,720	28,080	37,440	37,440
TOTAL \$	66,820	133,640	200,460	267,280	267,280
GRAND TOTAL \$					735,020

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 01/31/2023

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

The legislation would add a new chapter to Title 7 and amends several RCW statutes that involve civil asset forfeiture standard procedures and reporting, extending the amount of time for persons to claim ownership. The new chapter describes the procedures in which forfeitures are valued, accounted for, disposed of, and proceeds reported. It also establishes a civil penalty for non-reporting by seizing agencies.

Sec. 2 adds a new section that establishes a timeline and process for cause notices to be served to persons charged with a crime and any person having a right or interest in the seized property. This section states that if no person notifies the seizing agency in writing of a claim with 60 days for personal property (currently 45 days) and 120 days for real property (currently 90 days), the item seized is deemed forfeited and describes the process for this notification. This section also defines the court jurisdiction and the hearing process.

Sec. 3 adds a new section that requires the court to forward a copy of the order to the assessor of the county in which the property is located and describes the timeline and process for which a landlord may assert a claim as well as damage claim limitations.

Sec. 4 adds a new section that states when property is forfeited, the seizing agency may, after satisfying any court-ordered restitution:

- (1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency to be used in enforcement.
- (2) Sell that which is not required to be destroyed by law and which is not harmful to the public.
- (3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law.
- (4) Forward it to an appropriate entity, such as the drug enforcement administration, for disposition; or
- (5) Take any other action allowed by statute.

Sec. 5 adds a new section which defines “seizing agency” as any police force, multijurisdictional task force, fire department, or other municipal, county, or state agency that has authority under state law or collaborates with a federal agency under federal law to seize property. The section provides a description of the information that must be recorded for each forfeiture, including the net proceeds retained by the seizing agency. The seizing agency is required to submit an annual report to the state treasurer which will be posted on a public web site and must provide a summary report of net proceeds expenditures by March 1st. The civil penalty established is \$500 or the equivalent of one-quarter of the forfeiture proceeds received by the agency during the reporting period.

Sec. 6 adds a new section that states that each seizing agency will remit 10 percent of the net proceeds of any property forfeited, as defined, in the preceding calendar year on or before January 31st.

Sec. 7 adds a new section authorizing the state treasurer to adopt rules necessary for implementation of this chapter.

Sec. 8 amends RCW 9.68A.120 to remove language describing forfeiture proceedings that are now governed by the new chapter created in section 18 of this act.

Sec. 9 amends RCW 9A.88.150 to remove language describing forfeiture proceedings that are now governed by the new chapter created in section 18 of this act.

Sec. 10 amends RCW 9A.83.030 to remove language describing forfeiture proceedings that are now governed by the new chapter created in section 18 of this act.

Sec. 11 amends RCW 10.105.010 to remove language describing forfeiture proceedings that are now governed by the new chapter created in section 18 of this act and adds subsection (4) which adds that the seizing agency must first satisfy any court ordered victim restitution.

Sec. 12 amends RCW 19.290.230 to remove language describing forfeiture proceedings that are now governed by the new chapter created in section 18 of this act and adds subsections which state that the seizing agency must first satisfy any court ordered victim restitution, the amount, and deadline to remit.

Sec. 13 amends RCW 46.61.5058 to add and also remove language specific to vehicle forfeitures that are now governed by the new chapter created in section 18 of this act.

Sec. 14 amends RCW 70.74.400 to remove language describing forfeiture proceedings that are now governed by the new chapter created section 18 of this act.

Sec. 15 amends RCW 77.14.070 to remove language describing forfeiture proceedings that are now governed by the new chapter created section 18 of this act.

Sec. 16 reenacts and amends RCW 69.50.505 which involves controlled substances.

Sec. 17 amends RCW 48.42.020 which applies to service members and their dependents.

Sec. 18 adds a new section for a new chapter in Title 7 RCW for sections 1 through 7 of this act.

Sec. 19 adds a new section stating that this act applies to seizures occurring on or after the effective date.

Sec. 20 adds a new section with an effective date of January 1, 2024.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This legislation would result in both measurable costs as well as indeterminate additional costs for city and county law enforcement agencies.

Currently, law enforcement agencies track all assets seized, the proceeds used to adjudicate the disposition, the amount received by disposition of items, the dates involved, and track and file the amount owed to the Office of the State Treasurer (OST). Extending the amount of time that persons can file a claim on forfeitures increases the amount of staff time and resources needed for each forfeiture. The weighted average cost for a sheriff's deputy is \$60 per hour and the weighted average cost for a police officer is \$65 per hour, according to the Association of Washington Cities 2022 salary survey. For medium-sized and smaller agencies, the tracking and reporting tasks would primarily be the responsibility of field enforcement officers, which would take them away from their primary duties.

The Washington Association of Sheriffs and Police Chiefs estimates that the reporting requirements in Sec. 5 would require eight hours of staff time each year. For the 39 counties and the 221 cities that have police departments, the Local Government Fiscal Note program has calculated this amount to be \$133,640 as follows:

Police Officer hourly rate (including benefits/overhead) of \$65 x 8 hours x 221 cities and towns = \$114,920

Deputy Sheriff hourly rate (including benefits/overhead) of \$60 x 8 hours x 39 counties = \$18,720

The total estimated cost for annual reporting = \$133,640

FY 2024 was calculated to be half of the FY 2025 amount due to the effective date of the bill - which falls in the middle of the fiscal year.

The total estimated cost for FY 2024 through FY 2029 = \$735,020

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This legislation would have no revenue impact for local governments.
