Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SB 5424 specifically authorizes general and limited authority law enforcement agencies to adopt a flexible work policy. SSB 5424 adds a provision in Section 1(3) stating that any flexible work policy may not cause the layoff or displacement of a full-time employee. Washington's Lottery is a limited authority Washington law enforcement agency pursuant to RCW 67.70.330. All Lottery personnel, including those designated as law enforcement, are currently eligible for flexible work schedules subject to agency needs.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 allows general authority and limited authority law enforcement agencies to adopt a flexible work policy to allow officers to work at less than full time when feasible. The Office of Insurance Commissioner (OIC) does not plan on utilizing part-time limited authority officers. Therefore, this bill has no fiscal impact on the OIC.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1(1): Every general authority and limited authority Washington law enforcement agency may adopt a flexible work policy. The policy may allow for general authority and limited authority Washington peace officers to work at less than full time when feasible, such as supplementing work during peak hours with part-time officers. The flexible work policy may include alternative shift and work schedules that fit the needs of the law enforcement agency.

CHANGES MADE BY THE SUBSITUTE VERSION:

Section 1(3) Provides that an adopted flexible work policy may not cause the layoff or otherwise displace any full-time officer.

Section 1(4) Specifies that the section authorizing flexible work policies does not affect the duty of a law enforcement agency (LEA) to meet their duty to bargain under the Public Employees' Collective Bargaining Act or the Personnel System Reform Act. Requires full-time and part-time officers working for the same LEA to be in the same bargaining unit.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact. The agency's enforcement officers currently have flexible schedules, and no additional FTEs or overtime will be needed to continue to offer flexible schedules. The agency also does not have any part time officers nor does it plan to offer that option in the future.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

UTC assumes this bill has no significant provisions that will result in a fiscal impact to the UTC. The bill allows law enforcement agencies including limited law enforcement agencies to adopt flexible work policies. Allows for less than full time officers to be considered a law enforcement officer and eligible for retirement. UTC already allows its investigators to work flexible schedules.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation clarifies that flexible work schedules may not cause layoff or displacement of full-time officers, specifies that an agency authorizing flexible work policies does not affect their duty to bargain under chapter 41.56 or 41.8 RCW, and all officers working for the same law enforcement agency regardless of work schedule, must be covered in the same bargaining unit.

These changes do not change our described fiscal impact in the initial proposed legislation.

The proposed legislation creates an indeterminate fiscal impact to the Washington State Patrol (WSP).

Section 1 allows for general authority and limited authority Washington peace officers to work at less than full-time when feasible, such as supplementing work during peak hours with part-time officers.

Section 2 amends the definition of "general authority" and "limited authority" Washington peace officers from full-time to include any fully compensated officer.

Section 3 amends the definition of "law enforcement officer" to include any fully compensated officer on a less than full-time basis beginning July 1, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is an indeterminate fiscal impact as we are unable to identify how many officers will want to become part-time if we adopt a flexible work policy. If officers become part-time, we may need to hire additional officers or incur additional overtime costs to meet workload demands.

If there is an increase in officers, regardless of hours worked, this may require additional staff in support divisions, to include but not limited to Training Division, Supply, Fleet, Human Resources, and Payroll.

Also, compared to one full-time officer, part-time officers working an equivalent number of hours may have an increase or decrease in cost depending on if they are eligible for benefits.

All officers, regardless of hours worked, will need to be completely outfitted (uniform, vehicle, mobile phone, radio, etc...). We estimate this at \$136,000 for initial outfitting and up to \$56,000 in subsequent years per officer.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

5424 SSB allows law enforcement agencies to adopt a flexible work policy. The policy may allow for general authority and limited authority Washington peace officers to work, and be hired, at less than full time when feasible. This could be used to supplement work during peak hours with part-time officers. The flexible work policy may include alternative shift and work schedules that fit the needs of the law enforcement agency. However, this bill states that it does not modify existing collective bargaining agreements.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to Department of Corrections (DOC).

DOC does not have any part-time job classifications that meet those defined in the bill, at this time, so it is assumed this bill will have no fiscal impact. However, should DOC choose to pursue part-time staff or positions, for the applicable job classes, there would be potential future fiscal impacts and DOC will submit a corresponding decision package.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute Senate Bill 5424 concerns flexible work policies for law enforcement officers. Compared with the original bill, the substitute makes the following changes:

- Provides that an adopted flexible work policy may not cause the layoff or otherwise displace any full-time officer. (Section 1(3))
- Specifies that the section authorizing flexible work policies does not affect the duty of a LEA to meet their duty to bargain under PECBA or the Personnel System Reform Act. (Section 1(4))
- Requires full-time and part-time officers working for the same LEA who are covered by a collective bargaining agreement to be in the same bargaining unit. (Section 1(4))

These changes would not change the fiscal impact to the University of Washington and therefore we are submitting the same fiscal note.

Section 1 allows, but does not require, each general authority and limited authority law enforcement agency to adopt a flexible work policy. Options that can be outlined in the policy include allowing officers to work less than full time when feasible as well as alternative shift and work schedules to meet the needs of the law enforcement agency. The University of Washington Police Department (UWPD) currently offers flexible work schedules for officers and may consider allowing certain officers to work less than full time should the bill pass. While a new policy would require staff time to develop and review, any associated costs can be absorbed using existing resources. Therefore, there is no fiscal impact to UWPD from this section.

Section 2 removes references to “full time” in the definitions of “General authority Washington peace officer” and “Limited authority Washington peace officer” to allow these officers to work less than full time. There is no fiscal impact to the UWPD from this section.

Section 3 adds to the definition of “law enforcement officer” to includes officers working less than full-time in the Law Enforcement Officers’ and Firefighter’ Retirement System statutes. There is no fiscal impact to UWPD from this section.

Overall, there is no fiscal impact to UWPD, or the University as a whole, from SSB 5424.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 5424 – Provides for flexible work arrangements for general and limited authority Washington peace officers. General authority and limited authority Washington law enforcement agencies may adopt a flexible work policy. This bill differs from SB 5424 requested earlier in the following ways:

- New section 1(3) of chapter 49.28 RCW specifies that the flexible work policy may not cause the layoff or displacement of any full-time officer
- New section 1(4) is amended to specify that this section does not alter existing collective bargaining agreements, collective bargaining units, or duty of a law enforcement agency to meet duty to bargain. Officers working in the same law enforcement agency covered by a collective bargaining agreement must be in the same bargaining unit.

Eastern has not decided whether this policy would be implemented or not but either way we don't anticipate a fiscal impact.

II. B - Cash receipts Impact

Policies may have requirements related to length of service or training. No existing CBAs or laws are to be altered because of this bill.

Section 2 amends the definition of general and limited “authority Washington peace officer” to remove the full-time classification.

Section 3 adds (f) that states beginning July 1, 2023 the term “law enforcement officer” also includes less than full time employees.

Any costs associated with this legislation would be allocated among existing resources.

This legislation would have no fiscal impact on State Parks. Although the bill would allow for less than full-time officers to be employed by Parks, the agency would not move to this type of staffing strategy.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

NO CHANGE FROM PREVIOUS FISCAL NOTE: Differences in this bill version do not change the fiscal impact for WDFW.

Section 1 clarifies that full time officers may not be displaced as a consequence of this legislation, and that this bill does not impact any existing collective bargaining agreements. The nature of WDFW law enforcement work already accommodates flexible schedules, however the Department does not have part time officers. No fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND ORIGINAL BILL VERSION:

The proposed substitute bill would specify that flexible work policies cannot cause the displacement of any full-time law enforcement officers, and would specify that the bill “does not alter any existing collective bargaining unit, the provisions of any existing collective bargaining agreement, or the duty of a law enforcement agency to meet their duty to bargain under chapter 41.56 or 41.80 RCW.”

Full-time and part-time officers working for the same law enforcement agency who are covered by a collective bargaining agreement would be required to be in the same bargaining unit.

SUMMARY OF CURRENT BILL:

The proposed legislation would allow law enforcement officers in Washington to have flexible work arrangements.

Section 1 would create a new section in chapter 49.28 RCW, allowing law enforcement agencies in Washington to adopt flexible work policies that would allow general and limited authority peace officers “to work at less than full time when feasible.” These policies could also include “alternative shift and work schedules that fit the needs of the law enforcement agency.”

This section would also specify that flexible work policies cannot cause the displacement of any full-time law enforcement officers, and would specify that the bill “does not alter any existing collective bargaining unit, the provisions of any existing collective bargaining agreement, or the duty of a law enforcement agency to meet their duty to bargain under chapter 41.56 or 41.80 RCW.”

Full-time and part-time officers working for the same law enforcement agency who are covered by a collective bargaining agreement would be required to be in the same bargaining unit.

Section 2 would reenact and amend RCW 10.93.020, removing the specification that an officer work full time from the definitions of general and limited authority Washington peace officers.

Section 3 would amend RCW 41.26.030 (19), specifying that for the purposes of chapter 41.26 RCW, “beginning July 1, 2023, the term ‘law enforcement officer’ also includes any person who is commissioned and employed by an employer on a fully compensated basis to enforce the criminal laws of the state of Washington generally, on a less than full-time basis” and meets the other requirements of this subsection.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

CHANGES IN EXPENDITURE IMPACT BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

According to the Association of Washington Cities (AWC), the Washington State Association of Counties (WSAC) and the Washington Association of Sheriffs and Police Chiefs (WASPC), the additions in the proposed substitute bill would not change the local government expenditure impact of the original bill.

EXPENDITURE IMPACT OF CURRENT BILL:

The proposed legislation could result in an indeterminate increase in local government expenditures.

WASPC indicates that some local law enforcement agencies have already adopted flexible work policies like those that section 1 of this bill references, and does not anticipate that law enforcement agencies taking advantage of this local option would incur any additional costs. WASPC does anticipate, however, that cities and counties could incur

administrative costs if their local law enforcement agency does adopt a flexible work policy.

Both AWC and WSAC indicate that local government expenditures could increase as a result of additional staff time needed for human resources, accounting and other administrative needs if a local law enforcement agency chooses to implement a flexible work policy. AWC also indicates that because of the definitional changes that section 3 of the proposed legislation would make, additional employer contributions to LEOFF 2 pensions for part-time officers covered by flexible work arrangements could be another source of local government expenditure impact.

Since it is unknown, however, how many local law enforcement agencies may choose to take advantage of the local option to adopt flexible work policies, as well as what the details of those arrangements may be, the expenditure impact on local governments resulting from additional administrative time is indeterminate. WSAC anticipates that apart from the largest counties, this indeterminate impact is likely to be small.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The proposed legislation would have no impact on local government revenues.
