Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is an indeterminate fiscal impact to the Washington State Patrol (WSP).

The proposed legislation establishes a work group under the Criminal Justice Training Commission (CJTC) to develop a model vehicular pursuit policy for peace officers.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

WSP is on the list of stakeholders that must be represented on the work group per section 1. We assume our Training Division captain will be our representation. For illustrative purposes, we are assuming two weekly meetings of 2 hours each for 26 weeks, totaling 104 hours. The total estimated cost is \$15,455.

We base our estimate for agency indirect costs on the approved federal indirect cost rate of 31.88 percent. We apply this indirect cost rate percentage to all categories of expenditure with only two exceptions: capital equipment and expenditures after \$25,000 of each projected contract. Indirect costs include, but are not limited to, computer and telecommunications support, payroll processing, vendor payments, general accounting, procurement administration, inventory control, and human resource management.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

| Account | Account Title | Type | FY 2024 | FY 2025 | 2023-25 | 2025-27 | 2027-29 |
|---------|----------------------|----------|---------|---------|---------|---------|---------|
| 081-1 | State Patrol Highway | State | 15,455 | 0 | 15,455 | 0 | 0 |
| | Account | | | | | | |
| | | Total \$ | 15,455 | 0 | 15,455 | 0 | 0 |

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

| | FY 2024 | FY 2025 | 2023-25 | 2025-27 | 2027-29 |

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 (1) states the commission shall convene a work group to develop a model vehicle pursuit policy for peace officers Section 1 (4) states the commission shall present a model pursuit policy as its recommendation to the appropriate committees of the legislature and publish the report on its website no later than October 31, 2024.

Section 2 (1) states subject to the availability of amounts appropriated for this specific purpose, the commission shall develop and implement a law enforcement technology grant program for the purpose of providing law enforcement with modern vehicular pursuit management technology, including but not limited to GPS tracking equipment, automated license plate reading technology, and drones.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill has no cash receipt impact.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The expenditure impact is indeterminate as the amount to be made available for a vehicular pursuit technology grant program is unknown. It is assumed the grant program funding would be ongoing.

Anticipated expenditures outside of the grant funds are as follows:

Section 1 - Work group to develop legislative policy recommendations related to vehicular pursuits by law enforcement:

A contractor will be needed to lead the workgroup and develop policy recommendations at estimated \$150,000 in fiscal year 2024.

Travel for staff and group members:

FY 2024 = \$12,000

FY 2025 = \$3,000

Section 2 for vehicular pursuit technology grant program:

Grant manager to develop grant solicitation, proposal review and award, grant management:

Salary = \$90,000annually

Benefits = \$32,000 annually

Totals:

Fiscal year 2024 = \$284,000

Fiscal year 2025 = \$125,000

Fiscal year 2026 and each year after = \$122,000

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

| Account | Account Title | Type | FY 2024 | FY 2025 | 2023-25 | 2025-27 | 2027-29 |
|---------|---------------|----------|---------|---------|---------|---------|---------|
| 001-1 | General Fund | State | 284,000 | 125,000 | 409,000 | 244,000 | 244,000 |
| | | Total \$ | 284,000 | 125,000 | 409,000 | 244,000 | 244,000 |

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

| | FY 2024 | FY 2025 | 2023-25 | 2025-27 | 2027-29 |

FNS060 Local Government Fiscal Note

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

The bill creates new sections in chapter 43.101 RCW to create a model vehicle pursuit policy and a vehicle pursuit technology grant program for law enforcement agencies.

Sec. 1 creates a new section to chapter 43.101 RCW which directs the Criminal Justice Training Commission (CJTC) to convene a work group tasked with developing a model vehicle pursuit policy for peace officers. This section describes the composition of the work group, along with specific considerations for the policy.

The CJTC shall post the policy online and present to the appropriate legislative committees no later than October 31, 2024

Sec. 2 creates a new section to be added to chapter 43.101 RCW which directs the CJTC to establish a law enforcement modern vehicle pursuit management technology grant program, subject to the availability of state funding. The CJTC shall establish selection criteria and policies for the application process. Applications must include the specific technology being applied for and an implementation plan for the technology.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The bill would have an indeterminate impact on local government expenditures.

Law enforcement agencies would incur costs related to preparing and submitting a grant application. Proposals must include a request for specific modern technology and an implementation plan for its use. It is unknown how many law enforcement agencies have existing plans or would need to develop one. The costs to develop an application is therefore indeterminate.

Law enforcement agencies which receive funding would incur costs to implement the law enforcement modern vehicle pursuit management technology.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The bill would have an indeterminate impact on local government revenue.

The number of grant awards is subject to the availability of funds appropriated by the state and the amount of funding requested within each application. Application policies, including evaluation and selection criteria, have not been determined. It is unknown how many applications an agency may submit or if there will be a limited number of awards.
