Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 5 requires department of commerce (department) to display information that is currently required to be submitted annually via legislative report, instead now to posted on the department of commerce website and updated annually.

This bill does not repeal the annual reporting requirement but instead requires the relevant information to be catalogued on the department website rather than submitted via legislative report.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

There is no impact to the department. The activities stated in HB 1362 are already part of the normal operating procedures within the department.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

NONE

III. B - Expenditures by Object Or Purpose

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The bill eliminates, changes the frequency of, and/or provides alternative mechanisms for submitting (generally, by posting the report on an agency's website) several legislatively mandated reports. None of the reports affected by this bill are created or submitted by OFM, though OFM may facilitate the receipt or review of reports completed by other agencies. The changes proposed by this bill can be incorporated into OFM's current practices and resources and therefore, have no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This fiscal note addresses only sections 10, 17, and 20 - 22 of the bill, which impact the Department of Revenue (department).

CURRENT LAW:

Section 10

The law requires the department to submit a progress report to the Legislature by January 1st each year detailing the department's efforts to partner with all cities and towns that impose a general business license requirement (RCW 35.90.020). Through these partnering efforts, businesses are able to apply and renew their general businesses licenses with the cities and towns through the department's Business Licensing Service.

Section 17

The law (RCW 54.16.425) requires the department to compile a report by December 1st each year detailing:

- The amount of payments in lieu of property taxes made by public utility districts (PUDs) on PUD their broadband infrastructure used in providing retail telecommunications service, which is exempt from property tax.
- The amount of property tax that would be owed on PUDs' broadband infrastructure used in providing retail telecommunications services if the property was not exempt from property taxation.

Section 20

The law (RCW 82.14.470(5)) requires the department to compile a report with the list of public improvements undertaken by local governments and financed in whole or in part with hospital benefit zone (HBZ) financing. The report must also include a summary of certain information that local governments using HBZ financing are required to provide to the department. The department makes the report available to the public and the Legislature by June 1st every year.

Section 21

The law requires the department to compile a report with a summary of the activity for the Local Revitalization Financing program (RCW 82.32.765(2)). The department makes the report available to the public and the Legislature by June 1st every year.

Section 22

The law (RCW 19.02.055) requires the department to compile information about each license that is issued by those state agencies required to fully participate in the implementation of Chapter 19.02 RCW. The department submits the report to the governor and the Legislature by January 1st of each year.

PROPOSAL:

This bill eliminates the above reporting requirements for the department.

EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This legislation results in no revenue impact to taxes administered by the department.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

The department will have minimal cost savings of approximately 200 to 300 labor hours spread out among positions in various divisions from the repeal of the report requirements. However, the repeal of these reports will allow the department to focus these labor hours on higher priority and more complex assignments.

Part III: Expenditure Detail

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1362 amends multiple RCWs to eliminate reports requirements for various agencies.

This proposed legislation has no fiscal impact on Consolidated Technology Services (WaTech).

Section 5 eliminates a legislative report requirement for Office of Privacy and Data Protection (OPDP) within WaTech. The report is in regard to the extent to which telecommunications providers in the state are deploying advanced telecommunications capability and existence of any inequality in access to advanced telecommunications infrastructure experienced by residents of tribal lands, rural areas, and economically distressed communities.

The elimination of this report requirement has no fiscal impact on WaTech since this report is only required to be submitted once every four years and only to the extent that OPDP can gather and present the information. Currently, OPDP spends minimal time on this particular report.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed legislation has no fiscal impact on the Washington State Patrol (WSP).

Section 2(4) changes the frequency of the required SAK Tracking System report from semiannual to annual, and makes the due date January 31st.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The decrease in report frequency in Section 2(4) is expected to result in minor time savings, but there will be no fiscal savings as the time will be utilized for other existing duties.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 19 eliminates the requirement of the Department of Health to submit an annual report to the legislative policy and fiscal committees on the financial status of the Biotoxin Account. Preparation of this report takes minimal staff time to update each year, therefore no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact to WDVA.

Section 12 deletes a reporting requirement regarding the implementation and status of our LGBTQ Coordinator position.

Section 13 deletes a reporting requirement which required the DVA director to submit an annual report of the department's activities to the governor.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This Bill improves government efficiency by reducing and changing the frequency of reports.

Section 22 (1) eliminates RCW 13.32A.045 requiring the Department of Children, Youth, and Families (DCYF) to annually make data available on the use of family reconciliation services.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill improves government efficiency related to reporting by state agencies by eliminating and changing the frequency of reports as well as providing an alternative method of having information publicly available in place of reports.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to the Department of Corrections (DOC).

This bill changes the method of reporting for DOC by removing requirement of reporting by the Children of Incarcerated Parents Advisory Committee to the Legislature and has no impact to DOC.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill will improve government efficiency related to reports by state agencies by eliminating reports, changing the frequency of reports, and providing an alternative method for having information publicly available in place of reports.

Section 9 (7) - The bill eliminates Washington Student Achievement Council's requirement to submit a biannual (odd years) progress report on the development of transfer associate degrees to the higher education committees of the House of Representatives and the Senate.

No fiscal impact associated with this removal of this reporting requirement.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

House Bill 1362 modifies or eliminates a number of required state agency reports.

Cash Receipts:

Section 19 is the only section of the bill that will have an impact on the University of Washington (UW). It eliminates the requirement that the UW and the Washington State Department of Health (DOH) provide a yearly letter to the relevant legislative policy and fiscal committees on expenditures from the Biotoxin Account in the state treasury. Any savings to the UW from the elimination of this letter are expected to be minimal, as DOH is primarily responsible for administering the fund and the letter takes only a few hours of administrative staff time to help prepare. These staff are salaried and will not see a reduction in compensation from the elimination of this letter.

Expenditures and FTE/Capital:

There are no additional fiscal impacts to the UW from HB 1362 as it does not add any new responsibilities or requirements related to the University.

II. B - Cash receipts Impact

Part II: Narrative Explanation

II. A - Brief description of what the measure does that has fiscal impact

Briefly describe by section number (sections that will change WSDOT costs or revenue), the significant provisions of the bill, and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency. List the sections that have fiscal impact to WSDOT only. E.g., "Section 3 directs the Department to ..." No summarizing, no interpreting, and save any background context for the revenue and expenditure parts.

Section 1 states the intent of the bill is to remove redundant and/or unnecessary reporting by agencies or allowing them to post reporting on the agency website rather than transmit to the legislature or the Office of Financial Management.

Part 1 Section 2 through section 8 adjusts reporting and posting requirements for reports

Part 2 Section 9 through 15 and 17-21 repeal report requirements for agencies

Section 16, item 5 removes the requirement for the Office of Transit Mobility to report quarterly to the Secretary and annually to the transportation committees of the legislature.

The Washington State Department of Transportation assumes no fiscal impact. HB 1362 eliminates redundancy in reporting. The Public Transportation division will continue to collect the data and use it in the development of other reports.

II. B – Cash Receipts Impact

Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Currently, RCW 43.21A.150 requires the Department of Ecology to post an annual list of the department's current interagency agreements on the department's website.

This bill would amend reporting requirements by state agencies by eliminating specified reports, changing the frequency of reports, and providing an alternative method for having information publicly available in place of reports.

Section 11 would amend RCW 43.21A.150 by repealing the requirement for Ecology to post an annual list of the department's interagency agreements on the department's website.

Ecology currently collects and posts the update of the agency's interagency agreements with a minor workload once per year using existing staff resources. There is no fiscal impact or savings associated with elimination of the minor workload involved with this reporting requirement.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 8 changes the reporting interval for the Department of Fish and Wildlife (WDFW) to report the effects of emergency measures taken, from not less than 10 days to not less than monthly, specifically for the Emergency Proclamation 22-02, Green Crab Infestation. This reduced frequency of reporting has minimal workload impact and therefore is no fiscal impact.

Section 19 eliminates the annual biotoxin reporting requirement for the Department of Health and the University of Washington. Although this bill amends Title 77 RCW, Fish and Wildlife chapters of law, there is no fiscal impact to WDFW

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates.
