## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Indeterminate fiscal impact as the intent of the bill is dependent on availability of amounts appropriated for this specific purpose.

Section 4 generates fiscal impact to Washington State Department of Veterans Affairs (WDVA) by requiring the agency to develop or expand veterans service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed. If funded as intended, doubling of funding allows the agency to expand its services as follows:

- Veteran Service Officer Program
  - o Minimum of four (4) new grants to counties to implement veteran service officer programs. Estimated up to \$240,000 each county per biennium, \$960,000 total
- Veteran Peer to Peer Training and Support Program
  - o Minimum of four (4) new grants to counties to implement veteran peer support programs. Estimated up to \$100,000 for each county per year. Total biennium, \$800,000.

Section 2 requires WDVA to submit a report to the legislature on the veterans service officer program to determine the effectiveness of the program in meeting the needs of veterans in the state.

Section 3 requires WDVA to submit a report to the legislature on the veteran peer-to-peer training and support program to determine the effectiveness of the program in meeting the needs of veterans in the state.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

Section 4 requires WDVA to develop or expand veterans service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed.

WDVA also assumes 2.0 FTE impact to:

- Provide veteran service officer training and technical assistance to counties funded under the county veteran service officer program
- Track the number of veterans' benefits claims filed by participating counties and the outcomes of these claims, including the federal VA disability benefits paid directly to veterans and their families
- Provide peer certification training and technical assistance to counties funded under the Counseling and Wellness Program
- Train, visit sites, analyze data, perform quality control, develop and monitor contracts, deliverables, develop needed reports, ensure consistent communication with providers, and execute other administrative tasks associated with the grants

Section 2 requires WDVA to submit a report to the legislature on the veterans service officer program to determine the effectiveness of the program in meeting the needs of veterans in the state. WDVA can absorb the additional impact within

the FTE resources identified in Section 4.

Section 3 requires WDVA to submit a report to the legislature on the veteran peer-to-peer training and support program to determine the effectiveness of the program in meeting the needs of veterans in the state. WDVA can absorb the additional impact within the FTE resources identified in Section 4.

# LOCAL GOVERNMENT FISCAL NOTE

Department of Commerce

Bill Number: 5358 SB

Title: Veterans' services

## Part I: Jurisdiction-Location, type or status of political subdivision defines range of fiscal impacts.

### Legislation Impacts:

- Cities:
- Counties: Additional grant funds for the establishment or expansion of veteran services and programs; costs to apply for grants and provide programs for veterans' services
- Special Districts:
- Specific jurisdictions only: Counties with smaller populations and counties that are below the national average in the percentage of veterans receiving federal disability or pension compensation would be prioritized for grant funds.
- Variance occurs due to:

## Part II: Estimates

- No fiscal impacts.
- Expenditures represent one-time costs:
- Legislation provides local option: Counties may choose to apply for grants
- Key variables cannot be estimated with certainty at this time: Costs to apply for grants and provide programs for veterans' services; amount of grant funds awarded.

### Estimated revenue impacts to:

Non-zero but indeterminate cost and/or savings. Please see discussion.

### Estimated expenditure impacts to:

Non-zero but indeterminate cost and/or savings. Please see discussion.

## **Part IV: Analysis**

### **A. SUMMARY OF BILL**

*Description of the bill with an emphasis on how it impacts local government.*

Overview: This legislation seeks to double the amount of available grant money that can be awarded to counties in order to create or expand their local veteran services or programs.

Sec. 1: Establishes that the legislature wants local programs that connect veterans with their federal benefits and with other veterans for peer support.

Sec. 4: The department shall provide grants to counties of the state in order to develop or expand veteran's service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed. In distributing these grants, the department must prioritize counties with smaller populations and counties that are below the national average in the percentage of veterans receiving federal disability or pension compensation.

### **B. SUMMARY OF EXPENDITURE IMPACTS**

*Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.*

This legislation would have an indeterminate expenditure impact on local governments. Smaller counties and counties below the national average of veterans receiving federal disability or pension compensation are prioritized for grant funding. Counties applying for grants would see costs to apply for the additional funds and to provide the programs for veterans. These costs cannot be estimated with accuracy at this time.

### **C. SUMMARY OF REVENUE IMPACTS**

*Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.*

This legislation would have an indeterminate revenue impact on local governments.

During the 2021-2023 biennium, the Washington State Department of Veteran Affairs reported that counties received between 86% and 88% of the \$1.157 million appropriated by the state for veteran services and programs. If state appropriations for veteran services and programs doubled per the legislative intent, counties could expect the total available amount of state appropriations to be between \$1,990,040 and \$2,036,320 during the 2023-2025 biennium. Because the exact amount of funds to be appropriated is not known, the total impacts are indeterminate.
