Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

The bill would bar health care practitioners from performing for nonmedical reasons any procedure involving the removal of or injury to the female external genitalia. Victims of such procedures may bring civil cause of action for damages, reasonable attorneys' fees, and costs with a 10-year statute of limitations, or if the victim is under 18 at the time, up to their 28th birthday.

The substitute adds female genital mutilation to definition of abuse or neglect and that mandatory reporters must report. And adds that a person is guilty of female genital mutilation of a person knowingly permits or transports a minor for female genital mutilation.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Attorney General's Office (AGO) Agriculture and Health (AHD) Division has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Health (DOH). The bill would prohibit health care providers from engaging in female genital mutilation, but enforcement cases are anticipated to be very rare or non-existent. The bill would also require DOH to engage in public education efforts. However, any legal services required for that work, including any related rulemaking will be minimal. New legal services are nominal and costs are not included in this request.

AGO AHD has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing the Department of Commerce (Commerce). Commerce was assigned this fiscal note request for its role in estimating the impact of bills on local governments. Commerce itself would not be given any new authorities or responsibilities under this bill. This bill won't generate any legal work for AHD. Therefore, costs are not included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

FEMALE GENITAL MUTILATION

101 – Caseload Forecast Council
February 7, 2023

SUMMARY

A brief description of what the measure does that has fiscal impact.

Section 1 States legislative intent.

Section 6 Adds a new section to chapter 9A.36 RCW by establishing a new gross misdemeanor offense of Female Genital Mutilation.

Section 5 Amends RCW 26.44.020 by adding female genital mutilation to the definition of “Abuse or Neglect”.

Section 8 Amends RCW 9A.04.080, the statute of limitations, by stating prosecution for the offense of Female Genital Mutilation may be prosecuted up to 10 years after its commission, or if committed against a victim under the age of 18, up the victim’s 28th birthday, whichever is later.

EXPENDITURES

Assumptions.

None.

Impact on the Caseload Forecast Council.

None.

Impacts on beds and supervision.

This bill:

- Establishes a new gross misdemeanor offense.

The Caseload Forecast Council has no information concerning how many incidents of the newly established gross misdemeanor may occur, nor any information concerning how such offenses would be sentenced. As such, the Caseload Forecast Council cannot reliably estimate bed impacts resulting from these provisions of the bill.

Impact on prison and jail beds.

However, as a gross misdemeanor offense, the newly established offense would be punishable by a term of confinement of 0-364 days in jail for individuals sentenced as adults. Therefore, any impact would be on jail beds only.

Impact on local detention and Juvenile Rehabilitation beds.

The establishment of a new gross misdemeanor offense, ranked as Category D on the juvenile grid, is punishable by Local Sanctions (0-30 days in local juvenile detention) for juveniles

adjudicated for the offense. Therefore, any incidence of this offense would likely impact only local juvenile detention beds.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation amends RCW 26.44.020 to include female genital mutilation in the definition of "abuse or neglect", clarifies conviction language, and changes the effective date to take effect immediately. These changes do not change our assumptions identified in the original version.

The proposed legislation creates an indeterminate fiscal impact to the Washington State Patrol (WSP) due to unknown increase in workload.

New Section 2 allows a victim of female genital mutilation to bring a civil cause of action against the person who committed the female genital mutilation.

New Section 3 prohibits a health care provider licensed under chapter 18.130 RCW from performing any procedure constituting female genital mutilation on a minor.

Section 4 adds health care provider to RCW 18.130.180.

New Section 5(1) requires the Department of Health (DOH) to establish an education program for the prevention of female genital mutilation.

New Section 5(2) requires the DOH to develop policies and procedures to promote partnerships with relevant stakeholders to prevent, protect and support victims of female genital mutilation. The WSP is identified as one of these partnerships.

Section 7(1)(e) identifies the statute of limitations for female genital mutilation.

Section 8 identifies sections 1-5 to take effect July 1, 2023.

Section 9 identifies sections 6-7 to take effect July 1, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

New Section 5 requires us to participate in partnerships to prevent, protect, and support victims of female genital mutilation. We are unable to determine our involvement in this partnership.

There is a potential for increased overtime costs for courtroom testimony and hearings. We are unable to determine the potential impacts as there is no reliable way to determine in advance how frequently any of these may occur, but if the impact is significant we will seek additional funding through the legislative process.
