## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 1 would modify the transitional housing operating and rent program under RCW 43.185C.210 to require the rent rates charged to enrollees increase by increments on a predetermined and fixed timeline, and the period of rent subsidy be no longer than 24 months.

SB 5637 amends RCW 43.185C.210, the transitional housing operating and rent (THOR) program. However, there has been no funding for this program for six years, and if funding were provided for the program, implementing and monitoring the required policy changes would have no fiscal impact on the department.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

There is no impact to the department. The activities stated in SB 5637 are already part of the normal operating procedures within the department.
