Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 requires that any memorial established on the capitol campus to commemorate the geological and cultural diversity of eastern Washington must recognize eastern Washington attributes. The capitol committee must consult with the Department of Natural Resources (DNR) in its planning, planting, and placement of any floral components to be used as part of the eastern Washington memorial.

Section 2 creates a non-appropriated dedicated account in the custody of the Treasurer. The Secretary of State may solicit and accept moneys for deposit into the account. Only the Secretary or designee may authorize expenditures from the account for costs associated with planning, building, and maintaining the memorial.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Indeterminate. The Office of the Secretary of State (OSOS) has no way to estimate how much revenue would or could be raised to design, construct, or maintain a memorial.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Indeterminate. The Office of the Secretary of State (OSOS) has no way to estimate how much would need to be expended to design, construct, or maintain a memorial.

OSOS assumes it will not be responsible for managing the project; and that it's role will be associated with acting as the fiscal agent. Therefore OSOS assumes the impact on the agency will be minimal.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1700 creates the Washington state eastern Washington memorial account, coupled with the general fund as the recipient of the earnings from investments under RCW 43.79A.040(4).

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

There may be an impact on the debt service limitation calculation. Changes to the earnings credited to the general fund impacts, by an equal amount, general state revenues.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Sec 1 amends RCW 43.34 requiring that any memorial built on the capitol campus to commemorate Eastern Washington recognize the geological and cultural diversity of Eastern Washington, to include the flora and fauna, rich agriculture, forestry and history. It also directs the Capitol Committee to consult with the Department of Natural Resources (DNR) for any floral components attributed to such a memorial. These requirements can be implemented through routine business processes; therefore, this bill has no fiscal impact to the Department of Enterprise Services (DES).

Sec 2 Creates the Washington State Eastern Washington Memorial account. This account is to be managed by the Secretary of State (SOS). This has no fiscal impact to Department of Enterprise Services.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill establishes a memorial on the capitol campus to commemorate eastern Washington. The capitol committee must consult with the Department of Natural Resources (DNR) in planning, planting and placement of any floral components to be used as part of the eastern Washington memorial.

Assumes consultation from DNR is specific to and only concerning floral components. There will be no consultation for geology or cultural/historic information on agriculture and forestry.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 1(2): The Department of Natural Resources (DNR) Natural Heritage program would provide one Natural Resource (NR) Scientist 3 - Botanist for two weeks in FY25 (0.04 FTE) of consulting work to the Capitol Committee for work on the Eastern Washington Memorial. This would include providing an appropriate list of plant species, consultation in planning, planting, and placement of any floral components used as part of the project.

These expenses to be paid from newly established Eastern Washington Memorial Account created in Section 2(1).

Fiscal Year 2025 costs:

--\$5,100 one-time costs for 0.04 FTE of NR Scientist 3 and travel. Travel was calculated on one overnight travel assignment.

--\$1,900 administrative and overhead costs are calculated at 31% of staff salary and benefits and staff-related goods and services and travel. For fiscal note purposes, this cost is represented as a Fiscal Analyst 2 position (0.01 FTE).
