Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

CDHY employs approximately 50 certificated professionals. Positions includes teachers, speech language pathologists, American Sign Language (ASL) specialists, social emotional specialists, psychologists, audiologists, and early intervention and education specialists. All positions require a master's degree, endorsement areas in a variety of expertise and the ability to demonstrate deaf cultural competency and ASL acquisition. Due to the high expectations and qualification requirements of the positions, the agency estimates most, if not all positions would receive the highest lump sum payment annually.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
