Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

An act relating to conditional release transition teams; amending 1RCW 10.77.110, 10.77.150, 10.77.175, and 10.77.160; and reenacting and amending RCW 10.77.010.

Section 2 (5) amends RCW 10.77.010 to expand the definition of conditional release to include partial confinement release where a person continues inpatient at a state hospital, or conditional release to a less restrictive setting that meets the minimum requirements of RCW 10.77.175 where the person resides in the community.

Section 3 (4) amends RCW 10.77.150 to allow Department of Corrections (DOC) community corrections officer to advise the Department of Social and Health Services review and recommendation of partial conditional release that allows for unsupervised community access off the grounds of the state hospital.

Section 3 (5) (b) amends RCW 10.77.150 requiring the court to consider the report of the community corrections officer (CCO) with any additional recommended conditions, and the recommendation of the independent public safety review panel under RCW 10.77.270.

Effective date is assumed 90 days after adjournment of session in which this bill is passed.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

We assume this bill will have no fiscal impact to DOC.

This proposed agency request legislation is related to the effective and efficient transition of patients from state hospitals. Changes to this law have been identified because of the implementation of E2SSB 5071 – Conditional Release Transitions and could not have been anticipated prior to implementation.

The proposed language allows DOC to be involved in the pre-transition at the patient treatment planning phase when they are being prepared for transitions. These duties can be absorbed into existing Community Correctional Officers positions, therefore there would be no fiscal impact to DOC.
