II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes to Sec 7 of substitute House Bill 1474 remove the responsibilities for the Governor to appoint members of The Oversight Committee. It also eliminates the requirement that one committee member be designated by the Director of the Washington State Office of Equity. Therefore, there is no fiscal impact to the Office of the Governor.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1474 creates the covenant homeownership account and allows the account to retain its earnings from investments.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Projected cash flows are currently unavailable; therefore, estimated earnings from investments are indeterminable.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This legislation creates the Covenant Homeownership Program (CHP).

Section 4 creates the covenant homeownership account in the state treasury. The legislature may appropriate up to one percent of moneys in the account to the Department of Commerce for costs related to the administration of the CHP. The legislature may also appropriate a portion of this one percent to the Department of Financial Institutions (DFI) for costs related to the oversight committee created in section 7 of this act.

Section 7 directs DFI to establish the Covenant Homeownership Oversight Committee (the Committee) to oversee the review the commission's activities and performance related to the CHP, including the commission's creation and administration of one or more special purpose credit programs authorized in Section 6 of this act. The oversight committee may, from time to time, make recommendations to the appropriate committees of the legislature regarding the program. DFI may provide administrative assistance and staff support to the oversight committee.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 7 directs DFI to establish the Covenant Homeownership Oversight Committee (the Committee). This effort will require:

1.0 FTE of a leadership level employee to provide strategic and technical support to the Committee as it oversees and reviews the Covenant Homeownership Program's activities and performance related to the program, including the Commission's creation and administration of special purpose credit programs authorized under this bill, and support for any recommendations to the legislature.

0.5 FTE of a Management Analyst 3 to provide administrative assistance for meetings, materials, and interagency coordination.

As authorized by RCW 43.03.220, DFI may provide a stipend to individuals who are low income or have lived experience to support their participation in the oversight committee, the cost of which is indeterminate.

DFI anticipates that supporting the efforts of the Committee may require DFI to contract for professional expertise. The cost of the contract(s) is also indeterminate.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in SHB 1474, 2023 Legislative Session.

This fiscal note only addresses section 2 that impacts the Department of Revenue (department).

COMPARISON OF THE SUBSTITUTE BILL WITH THE ORIGINAL:

This substitute bill changes the name of the assessment collected by the county auditors from covenant homeownership program assessment to covenant homeownership assessment.

CURRENT LAW:

County auditors collect applicable fees and surcharges required by law to record documents.

PROPOSED LAW:

This bill requires county auditors to collect a \$100 covenant homeownership assessment for each document recorded. This assessment is in addition to current charges required by law. Documents exempt from this assessment are:

- Assignments or substitutions of previously recorded deeds of trust.
- Documents recording a birth, marriage, divorce, or death.
- Documents otherwise exempted from a recording fee or additional assessments under state law.
- Marriage licenses issued by the county auditor.
- Documents recording a federal, state, county, city, or water-sewer district, or wage lien or satisfaction of lien.

This Department of Commerce in partnership with Washington State Housing Finance Commission use this assessment to help marginalized communities obtain access to credit and homeownership.

The department is exempt from paying county auditors the additional assessment required by this bill to record state liens and satisfaction of liens.

EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This legislation results in no revenue impact to taxes administered by the department.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The department will not incur any costs with the implementation of this legislation.

Part III: Expenditure Detail

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Requires the Housing Finance Commission to contract with the Department of Commerce to design, develop, and implement one or more special purpose credit programs. The programs would be funded by a new \$100 document recording fee collected by county auditors and deposited with the State Treasurer's Office. Up to 1% of the funds appropriated from those fees is allowed per the statute to cover the Commission's cost to administer the program. In addition, the substitute bill states if the covenant homeownership program is held invalid, in whole or in part, the legislature may appropriate moneys in the covenant homeownership account to the department of commerce to contract with the Washington state housing finance commission for one or more other programs that support homeownership for first-time homebuyers. We anticipate the program administration activities would necessitate up to two additional FTEs, however as a non-appropriated, non-allocated agency for operating expenses, those would be covered by the 1% allowed. Additionally, the measure requires the Commission to conduct an initial covenant homeownership program study prior to the implementation of the documentation recording fee. Given the delay between when the study must be completed and any potential receipts under the measure for administration, and the possibility for the delay or cancellation of collection of the recording fees, unless it's fully covered by the appropriation, we would seek an appropriation in the budget to cover the anticipated costs for the study. We estimate those costs to be \$480,000.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

FNS060 Local Government Fiscal Note

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES FROM ORIGINAL BILL:

No changes affect the original analysis.

SUMMARY OF CURRENT BILL:

This legislation would establish a new covenant homeownership program that would conduct a study on historical discrimination in housing and then establish down payment and closing cost assistance for qualified first-time homebuyers to help remedy historic discrimination.

County auditors would be required to collect a \$100 covenant homeownership program assessment for each document recorded. This assessment is in addition to current charges required by law. Documents exempt from this assessment are:

- Assignments or substitutions of previously recorded deeds of trust.
- Documents recording a birth, marriage, divorce, or death.
- Documents otherwise exempted from a recording fee or additional assessments under state law.
- Marriage licenses issued by the county auditor.
- Documents recording a federal, state, county, city, or water-sewer district, or wage lien or satisfaction of lien.

County auditors would be able to retain one percent of the recording fee assessment.

The Department of Revenue would be exempt from paying county auditors the additional assessment required by this bill to record state liens and satisfaction of liens.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

CHANGES FROM ORIGINAL BILL:

No changes affect the original analysis.

SUMMARY OF CURRENT BILL:

County auditors would experience an indeterminate change in workload to administer the new recording fee. It is unknown whether new revenues would be sufficient to match the change in workload. The provisions exempting the county auditors from fees to record state leins and satisfaction of leins contribute to the indeterminate impact of this legislation on expenditures. Therefore, the fiscal impact of this legislation on county auditor expenditures is indeterminate

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

CHANGES FROM ORIGINAL BILL:

No changes affect the original analysis.

SUMMARY OF CURRENT BILL:

County auditors would retain one percent of all new recording fees. Based upon the fiscal note prepared by the

Page 2 of 3 Bill Number: 1474 S HB

Department of Commerce, it is estimated that at least 1,000,000 documents would be subject to the new recording fee annually. As a result, it is anticipated that this legislation would result in at least \$1,000,000 in revenue to County Auditors (1,000,000 documents x \$100 recording fee = \$100,000,000; \$100,000,000 x 0.01 = \$1,000,000). Collection of this revenue would start January 1, 2024.

While the base level of revenue can be estimated, it is likely that there would be indeterminate revenue in excess of this amount in at least some years. This additional revenue amount cannot be identified with certainty. Primarily this is because the volume of recorded documents is highly volatile and varies substantially from year to year. As a result, the total volume of new fees in excess of 1,000,000 annually cannot be predicted in advance.

Additional uncertainty exists because the legislation contains multiple circumstances under which the fee would not be collected. Finally, information from county auditors indicate that the size of the new recording fee may impact the number of documents that are recorded. For example, there may be an indeterminate drop in documents that are recorded to correct minor errors.
