Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 notes the purpose of this bill is to update Washington's existing mercury-containing lights program and establishes the Legislature's intent to: A) restrict the sale of some mercury-containing lights, B) include other types of lights in Washington's stewardship program, and C) update certain elements of the stewardship program.

Section 20 and 21 repeal various sections related to the mercury-containing lights product stewardship program, including the termination and repeal provisions, which will eliminate JLARC's scheduled 2024 sunset review.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill makes changes to the current mercury-containing lights stewardship program and removes the sunset provision, thereby removing the review from JLARC's workplan.
