## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Substitute House Bill 1586 tasks the Criminal Justice Training Commission (CJTC) with convening a work group to develop recommendations regarding vehicular pursuit by law enforcement. Per Section 1(2)(p) The Governor's Office of Indian Affairs (GOIA) would participate in this workgroup.

In the prior legislative session two additional FTE of program staff were approved with the expectation that GOIA was going to be asked to participate in several existing and proposed new groups related to issues of Diversity, Equity, and Inclusion (DEI). These previously funded FTEs will allow GOIA to participate in and carry out the duties of the work group.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This substitute bill changes the composition of the work group established in subsection 1(2) as well as the factors/issues to be addressed in subsection 1(3). This does not change our estimated fiscal impact.

There is an indeterminate fiscal impact to the Washington State Patrol (WSP).

The proposed legislation establishes a work group under the Criminal Justice Training Commission (CJTC) to develop legislative policy recommendations related to vehicular pursuits by law enforcement.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

NONE

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

WSP is on the list of stakeholders that must be represented on the work group per section 1. We assume our Training Division captain will be our representation. For illustrative purposes, we are assuming two weekly meetings of 2 hours each for 26 weeks, totaling 104 hours. The total estimated cost is \$15,455.

We base our estimate for agency indirect costs on the approved federal indirect cost rate of 31.88 percent. We apply this indirect cost rate percentage to all categories of expenditure with only two exceptions: capital equipment and expenditures after \$25,000 of each projected contract. Indirect costs include, but are not limited to, computer and telecommunications support, payroll processing, vendor payments, general accounting, procurement administration, inventory control, and human resource management.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 1 (1) states by June 30, 2023, the commission shall convene a work group to develop legislative policy recommendations related to vehicular pursuits by law enforcement.

Section 1 (4) states by December 1, 2023, the commission shall submit a report containing its legislative policy recommendations to the appropriate committees of the legislature, and publish the report on its website.

Section 2 (1) states by October 31, 2023, the commission shall, subject to the availability of amounts appropriated for this specific purpose, develop and implement a vehicular pursuit technology grant program for the purpose of providing modern vehicular pursuit management technology to local law enforcement agencies including, but not limited to, global positioning system tracking technology, automated license plate reading technology, and nonarmed and nonarmored drone technology.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

This bill has no cash receipt impact.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

The expenditure impact is indeterminate as the amount to be made available for a vehicular pursuit technology grant program is unknown. It is assumed the grant program funding would be ongoing.

Anticipated expenditures outside of the grant funds are as follows:

Section 1 - Work group to develop legislative policy recommendations related to vehicular pursuits by law enforcement:

A contractor will be needed to lead the workgroup and develop policy recommendations at estimated \$150,000 in fiscal year 2024.

Travel for staff and group members:

FY 2024 = \$15,000

Section 2 for vehicular pursuit technology grant program:

Grant manager to develop grant solicitation, proposal review and award, grant management:

Salary = \$90,000 annually

Benefits = \$32,000 annually

Totals:

Fiscal year 2024 = \$287,000

Fiscal year 2025 and each year after = \$122,000
