Part I: Estimates

No Fiscal Impact

Estimated Cash Receipts to:

NONE

Estimated Operating Expenditures from:

	FY 2024	FY 2025	2023-25	2025-27	2027-29
FTE Staff Years	3.0	3.0	3.0	3.0	3.0
Account					
General Fund-State 001-1	557,650	527,650	1,085,300	1,055,300	1,055,300
Total \$	557,650	527,650	1,085,300	1,055,300	1,055,300

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

Estimated Capital Budget Impact:

NONE

The cash receipts and expenditure estimates on this page represent the most likely fiscal impact. Factors impacting the precision of these estimates, and alternate ranges (if appropriate), are explained in Part II.

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note form Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).
- Capital budget impact, complete Part IV.
- Requires new rule making, complete Part V.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute bill removed the requirement for the Office of Equity to appoint members who are from underrepresented populations. Appointing authorities can consult with the Office of Equity or defer to the Office of Equity for appointing members if there are multiple appointing authorities for one statutory entity. This change reduces the fiscal impact previously submitted for the original bill.

House Bill 1541 would expand any statutorily created board, commission, workgroup, etc. that examines policies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations. The Office of the Governor anticipates a fiscal impact at the Office of Equity for the following sections:

Sec. 3 - Requires that additional members be appointed to statutory entities created on or after the effective date of this section, or to existing statutory entities for which new appointments are being made on or after the effective date of this section, the existing appointing authority must be the appointing authority for the additional members. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one of the appointing authorities or to the Office of Equity to appoint any additional members as needed. The additional members shall be voting members of the statutory entity. Appointing authorities may consult with the Office of Equity when making appointments to a statutory entity.

Sec. 4. (1) Each entity providing administrative support to a statutory entity, or if there is none, then each statutory entity must report to the Office of Equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively, the following information:

- (a) A brief description of the statutory entity's purpose; and
- (b) The underrepresented population directly and tangibly impacted by its work, including:
 - (i) The number of members who are appointed to the statutory entity who have direct lived experience with the specific policy or issue that the statutory entity is tasked with examining;
 - (ii) Aggregate demographic information provided voluntarily and anonymously by members of the statutory entity including but not limited to disability, race, age, gender, sexual orientation, ethnicity, income, and geographic representation by county;
 - (iii) An analysis of whether and how implementation of the requirements in section 3 of this act reduced barriers to participation in policy-making decisions by members of underrepresented populations;
 - (iv) With full participation and leadership from members of the statutory entity who are from an underrepresented population and have direct lived experience, an analysis of how their participation affected the conduct and outcomes of the statutory entity as it accomplished its mission; and
 - (v) The number of members from an underrepresented population who have direct lived experience who qualified for stipends under RCW 43.03.220, the number of those who requested stipends to support their participation in the statutory entity, and the number who received stipends.

(2) The Washington State Office of Equity must:

- (a) Analyze the information received from appointing authorities or statutory entities under this section; and
- (b) Prepare a report, in compliance with RCW 43.01.036, to the Governor and Legislature by December 1, 2025. The report must include:
 - (i) An overall evaluation of the process authorized by section 3 of this act;
 - (ii) Recommendations for improving the process;
 - (iii) Recommendations to further decrease barriers to participation; and
 - (iv) Recommendations to increase the diversity of statutory entity applicants.

Sec. 5.

(1) By December 1, 2023, and every four years thereafter, the office must:

(a) Consult with community-based organizations, and may consult with state agencies, departments, and offices that support the participation of people from underrepresented populations in policy-making processes who have direct lived experience, to identify:

(i) Barriers to access and meaningful participation by people from underrepresented populations who have direct lived experience in stakeholder engagement conducted by members of the legislature, legislative standing committees, and statutory entities;

(ii) Tools to support access and meaningful participation in stakeholder engagement;

(iii) Modifications to stakeholder engagement processes that promote an increase in access and opportunities for participation in policy-making processes. Any modifications identified may not restrict or otherwise prevent compliance with requirements under federal statute or regulations; and

(iv) Any recommended rule or law changes to promote increased access and participation to the policy-making process; and

(b) Submit a report to the appropriate committees of the legislature that details its findings under this subsection.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Salaries and benefits:

2 FTE: Management Analyst @ annual salary and benefits of \$116,500/each to analyze data received by statutory entities and prepare reports for Legislature and Governor. These positions will also develop and submit recommendations for statute changes and provide support to agencies as they collect and track data for reporting to the Office of Equity. Also, develop and implement processes for the Office of Equity serving as appointing authority.

1 FTE: Shared Power Consultant @ annual salary and benefits of \$138,000/each who will conduct community engagement and provide technical assistance, training, and consultation. They will also provide additional support to statutory entities with community participation and engagement to increase their skill and ability in meeting requirements. This position will also support advisory groups, councils, commissions, and other like groups in establishing partnerships with individuals from underrepresented populations.

Goods and services:

Based on average employee costs, the Office requests ongoing funding for supplies and materials, communications and telecommunications services, lease space, training, software licensing and maintenance at \$4,000 per year, per FTE.

The Governor's Office requests additional funding necessary to support the Community Advisory Board's meetings by:

- \$7,200 - Sign language interpretation for virtual meetings (\$200/hr @ 3 hrs @ 6 events)
- \$5,450 - CART (closed-captioning) @ 3-hour minimum (\$150/hr @ 3 hrs @ 6 events)

It is unknown how many people will participate in the community organization meetings and therefore the following costs can't be determined:

- The number of in-person meetings with the community organizations: estimate \$2,500 per meeting for meeting location costs, light refreshments, and equipment.
- Lived experience stipends: \$45/hour and up to \$200 /day per person.
- Child care = up to \$25 per hour for the first child and up to \$50 per 24-hour cycle for each additional child per person.
- Adult Care = up to \$34 per hour for the first adult and up to \$50 per 24-hour cycle for each additional adult per person.

Travel:
 Based on average employee travel in FY 2019, the Governor's Office requests ongoing funding for travel associated with these positions at \$4,000 per year, per FTE.
 The Governor's Office requests additional funding necessary to support the Community Advisory Board's meetings at \$30,000 for additional lodging, airfare, meals, mileage, car rental and other misc. expenses which are estimated at \$500 per member/meeting (10 members X 6 meetings x \$500 = \$30,000).

Capital Outlays:
 The Office requests one-time funding for adding a new workspace at \$10,000 per FTE. This includes a workstation, furniture, and computer.

Shared Service Costs:
 The Office of Financial Management provides administrative support for the Office of Financial Management, Office of the Governor, and Office of Independent Investigations. These services include IT support, budget and accounting services, facilities support, and human resource assistance. To fund these shared services, each budgeted FTE is assessed an ongoing cost of \$30,000 and 0.22 of an FTE. Based on the average salary for those providing these services, we estimate the cost for a new FTE at \$140,000 per year including salary, benefits, equipment, and support costs.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29
001-1	General Fund	State	557,650	527,650	1,085,300	1,055,300	1,055,300
Total \$			557,650	527,650	1,085,300	1,055,300	1,055,300

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

	FY 2024	FY 2025	2023-25	2025-27	2027-29
FTE Staff Years	3.0	3.0	3.0	3.0	3.0
A-Salaries and Wages	287,000	287,000	574,000	574,000	574,000
B-Employee Benefits	84,000	84,000	168,000	168,000	168,000
C-Professional Service Contracts					
E-Goods and Other Services	24,650	24,650	49,300	49,300	49,300
G-Travel	42,000	42,000	84,000	84,000	84,000
J-Capital Outlays	30,000		30,000

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would not impact the Office of the Lieutenant Governor because the agency does not provide administrative support to any "statutory entities."

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The implementation of 1541 S HB would require participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Sec. 2 of this bill defines a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Since this bill would affect temporarily established entities, this bill would have no impact on the Public Disclosure Commission.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Val Terre	Phone: (360) 280-3973	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would not affect the Washington State Leadership Board because the agency's board does not meet the definition of "statutory entity" and the agency does not provide administrative support to any "statutory entities."

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. OFM Review: Gwen Stamey	Phone: (360) 790-1166	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes in SHB 1541 compared to the previous version (HB 1541):

The definition of Statutory Entity in Section 2 is now limited to task forces, work groups, and advisory committees temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population.

Section 3 now requires statutory entities to include at least 3 individuals from underrepresented populations. If compliance necessitates additional members be added to the statutory entity, the entity itself, rather than the Office of Equity shall be the appointing authority.

Summary of SHB 1541:

Section 1 – The legislature intends to ensure meaningful participation from people with direct lived experience on each statutorily created or mandated multimember task force, work group, advisory committee board, commission, council, or other entity tasked with examining policies or issues that directly and tangible affect historically underrepresented communities.

Section 2 defines “direct lived experience”, “statutory entity”, and “underrepresented population”.

Section 3 –

- Requires statutory entities to include at least 3 individuals from underrepresented populations who have direct lived experience with the identified issue and reflect the diversity of people with direct lived experience.
- If membership requirements require that additional members be appointed to statutory entities, the entities themselves must appoint the additional members.
- The statute law committee must include in any published bill drafting guide reference to the requirements of this section
- To promote inclusion and education about the requirements, the Chief Clerk of the House and the Secretary of the Senate must include relevant information in member training materials or guidance.

Section 4 requires all statutory entities to report to the Office of Equity by August 30, 2024 and August 30, 2025 for state fiscal years:

- A brief description of the entity’s purpose.
- The underrepresented population directly and tangibly impacted by its work including but not limited to the number of members who are appointed to the entity who have direct lived experience with the specific policy of the entity.

The Office of Equity must compile and analyze the information provided by the statutory entities and prepare a report to the legislature by December 1, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OSOS does not have any temporarily established statutory entities as defined by this version of the bill. Therefore, no fiscal impact.

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (HB) 1541 would require any temporary statutorily-created board, commission, work group, etc. tasked to examine, establish, or issue policies that impact any particular underrepresented population to include members with lived experiences from such underrepresented population.

Section 2(2) states that "statutory entity" means any statutorily created or statutorily mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3(1)(a) of this bill would require that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The Governor's Office of Indian Affairs (GOIA) does not manage any temporary statutory entities as defined by Section 2(2), therefore, no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would not affect the Commission on Asian Pacific American Affairs because the agency's commission does not meet the definition of "statutory entity" and the agency does not provide administrative support to any statutory entities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1541 relates to increasing access and representation in policy making processes for people with direct lived experience.

There is no fiscal impact to the office.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 3 Requires the membership of any statutory entity that is tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities to include at least three individuals with lived experiences from those underrepresented populations.

The State Auditor's Office (SAO) does not have any statutory entities that examine policies or issues affecting a particular underrepresented population.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Expenditure Impact:

The Attorney General's Office (AGO) Administrative Division (ADM) has reviewed this bill and determined it will not significantly increase or decrease the division's workload. New legal services are nominal and costs are not included in this request.

The AGO Government Compliance & Enforcement Division (GCE) has reviewed this bill and determined it will not significantly increase or decrease the division's workload in representing Washington State Office of Equity (OOE). GCE provides legal advice to the OOE. Section 2 of this bill defines the term "statutory entities" and Section 3 establishes membership requirements for those entities. When making appointments to a statutory entity, the appointing authority could consult with the OOE. Section 4 of this bill would require certain information be reported to the OOE in FY 2024 and FY 2025 by entities providing administrative support to statutory entities or by the statutory entities themselves. This bill would also require the OOE to analyze the submitted information and prepare a report to the governor and the legislature. The OOE does not anticipate that the enactment of this bill would result in the need for additional legal advice, and therefore costs are not included in this request.

The AGO Solicitor General's Office (SGO) has reviewed this bill and determined it will not significantly increase or decrease the division's workload. New legal services are nominal and costs are not included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Cynthia Hollimon	Phone: (360) 810-1979	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 2 defines "[s]tatutory entity" to include "...any multimember task force, work group, advisory committee, or similar entity, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Section 3 requires statutory entities to include individuals from underrepresented populations who have direct lived experience with the issues that the entities work on as voting members.

Section 4 would require statutory entities to report to the Office of Equity every four years about participation on their statutory entities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The requirements of the bill would not apply to the Caseload Forecast Council (CFC) because it does not fit the definition of a "statutory entity." The CFC is not temporarily established, and it does not examine policies or issues directly and tangibly affecting particular underrepresented populations.

Therefore, there is no fiscal impact to the CFC.

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This legislation would expand the membership of certain statutory entities to include individuals from underrepresented populations who have direct lived experience with the identified issue or issues that the statutory entity is tasked with examining. "Statutory entity" in this legislation is defined as any multimember task force, work group or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. The Department of Financial Institutions (DFI) does not oversee any statutorily created entities which fit the above definition. This legislation will not have fiscal impact for DFI.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Gwen Stamey	Phone: (360) 790-1166	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (HB) 1541 would require any temporary statutorily-created board, commission, work group, etc. tasked to examine, establish, or issue policies that impact any particular underrepresented population to include members with lived experiences from such underrepresented population.

Section 2(2) states that "statutory entity" means any statutorily created or statutorily mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3(1)(a) of this bill would require that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The Economic & Revenue Forecast Council (ERFC) does not manage any temporary statutory entities as defined by Section 2(2), therefore, no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. OFM Review: Cheri Keller	Phone: (360) 584-2207	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes in this substitute version compared to original bill: this substitute version changes the definition of "statutory entity" that must meet the lived experience membership requirements of the bill, to only those entities that are "temporarily established to...". OFM had three entities identified in the original version of the bill that were affected, but this change in definition decreases that number down to zero.

Substitute version:

Section 2 defines "statutory entity" as any board, commission, work group, etc. that is temporarily created for the purpose of examining policy or issue affecting an underrepresented population.

Section 3 requires such statutory entities to have at least three members from underrepresented populations with lived experience.

Section 4 requires each statutory entity, or the agency supporting the entity, report to the Office of Equity.

There are no statutory entities, as defined by the bill, at or supported by OFM. Therefore, there is no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact. This legislation will not measurably increase the appeal workload for the Office of Administrative Hearings.

Section 2 of the original House Bill, "statutory entity" is identified as an element to which this bill applies. The substitute house bill doesn't change this. The Office of Administrative Hearings assumes agency activities do not fall into this category.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

S HB 1541 increases access and representation in policy-making processes for people with direct lived experience.

- Section 1 sets forth legislative findings and intent.
- Section 2 defines direct lived experience, statutory entity, and underrepresented population. “Statutory entity” means a multimember task force, work group, or advisory committee that is “temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.” “Underrepresented population” means “a population group that is more likely to be at a higher risk for disenfranchisement due to adverse socioeconomic factors.”
- Section 3 states that the membership of any “statutory entity” must include individuals from underrepresented populations who have direct experience with the identified issue or issues that the statutory entity is tasked with examining.
- Section 4 creates reporting requirements for all “statutory entities” by August 30, 2024, and August 30, 2025. The Office of Equity must compile the information received and prepare a report to the Governor and Legislature by December 1, 2025.
- Section 5 sets out requirements for the Office of Equity regarding participation of underrepresented populations in the policy-making process.
- Section 6 names the act the “Nothing About Us Without Us Act.”
- Section 7 creates a new chapter in Title 43 RCW.

There is no fiscal impact to Washington’s Lottery. The Lottery Commission is a statutorily created multimember permanent commission. The Lottery does not currently staff or facilitate any “statutory entity” as that term is defined in this bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

Individual State Agency Fiscal Note

Bill Number: 1541 S HB	Title: Lived experience	Agency: 117-Washington State Gambling Commission
-------------------------------	--------------------------------	---

Part I: Estimates

No Fiscal Impact

Estimated Cash Receipts to:

NONE

Estimated Operating Expenditures from:

NONE

Estimated Capital Budget Impact:

NONE

The cash receipts and expenditure estimates on this page represent the most likely fiscal impact. Factors impacting the precision of these estimates, and alternate ranges (if appropriate), are explained in Part II.

Check applicable boxes and follow corresponding instructions:

- If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note form Parts I-V.
- If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).
- Capital budget impact, complete Part IV.
- Requires new rule making, complete Part V.

Legislative Contact: Emily Stephens	Phone: 360-786-7157	Date: 02/13/2023
Agency Preparation: Kriscinda Hansen	Phone: 360-486-3489	Date: 02/16/2023

OFM Review: Gwen Stamey	Phone: (360) 790-1166	Date: 02/17/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The Gambling Commission does not have any statutory entities as defined in Section 2.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

NONE

III. B - Expenditures by Object Or Purpose

NONE

III. C - Operating FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.*

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would not affect the Commission on Hispanic Affairs because the agency's commission does not meet the definition of "statutory entity" and the agency does not provide administrative support to any statutory entities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

In this Substitute House Bill, "Statutory entity" means any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. This language seems to exempt the Human Rights Commission, therefore, no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Marcus Ehrlander	Phone: (360) 489-4327	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute bill does not have a fiscal impact on the Department of Retirement Systems (DRS) as DRS does not have a group that meets the amended definition of “statutory entity.”

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute bill does not change the fiscal impact for the State investment Board (SIB).

The term “statutory entity” is defined to include any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

The SIB does not fall within the definition of “statutory entity” under the bill, there will be no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Request # 1541-2-1

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in SHB 1541, 2023 Legislative Session.

COMPARISON OF THE SUBSTITUTE BILL WITH THE ORIGINAL:

This substitute bill narrows the definition of statutory entity to include only multimember task forces, work groups, and advisory committees that are temporarily established by statute to examine a particular issue impacting underrepresented populations.

The membership requirement for statutory entities is modified by removing the requirement to include a specified number of members from underrepresented populations depending on the number of those communities impacted by the issue the statutory entity is examining and instead requires that statutory entities include at least three members from underrepresented populations who have direct lived experience with the issue being examined.

The appointing authority for new or additional members to a statutory entity is changed from the Office of Equity to the existing appointing authority. The appointing authority may consult the Office of Equity new appointments.

CURRENT LAW:

Current law does not require including underrepresented populations and people with direct lived experience in task forces and other groups required by law to examine policies or issues affecting underrepresented communities.

PROPOSAL:

This bill creates the Nothing About Us Without Us Act (act). This act establishes general requirements ensuring statutory entities have meaningful participation from underrepresented populations and people with direct lived experience.

This act defines statutory entities as entities required by law either independent of an agency or within an agency and tasked with examining policies or issues affecting a particular underrepresented population. Such as:

- Multimember task forces.
- Work groups.
- Advisory committees.

The act requires statutory entities' membership to include:

- Up to three individuals from underrepresented populations.
- Representatives reflecting the diversity of those affected by the identified issues.
- The existing appointing authority must be the appointing authority of additional members to statutory entities and may consult with the Office of Equity when making appointments.
- If there are multiple appointing authorities, together they may default to one as the appointing authority or to the Office of Equity as the appointing authority for additional members.

Statutory entities must file a report with the Office of Equity by August 30 of 2024 and 2025 that includes a description of the statutory entities purpose and the number of members appointed to represent the underrepresented populations. The Office of Equity must analyze the statutory entities' information and provide a report to the Legislature and governor by December 1, 2025.

Beginning December 1, 2023, and every four years after, the Office of Equity must submit a report to the Legislature detailing results of consulting with community-based organizations and statutory entities to determine barriers, tools,

promotion opportunities, and policy changes for participation of underrepresented populations in statutory entities.

EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

- The Department of Revenue (department) has no current statutory entities.
- The number of statutory entities the department will have in the future is unknown.
- The department will appoint members to the department's future statutory entities to meet the requirement of including representatives from underrepresented populations with direct lived experience.
- The department may consult with the Office of Equity for the membership appointments.

DATA SOURCES:

- Department of Revenue, division data

REVENUE ESTIMATES:

This legislation results in no revenue impact to taxes administered by the department.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The department will not incur any costs with the implementation of this legislation.

Part III: Expenditure Detail

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The implementation of 1541 S HB would require participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Sec. 2 of this bill defines a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Since this bill would affect temporarily established entities, this bill would have no impact on the Board of Tax Appeals.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of this bill changed the definition of "statutory entity" relative to the original version of the bill, so OMWBE's Advisory Committee no longer meets the definition of "statutory entity." Additionally, OMWBE does not oversee any statutory entities, so this bill will not have a fiscal impact on the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part III: Expenditure Detail

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No Fiscal Impact: Because the Commission is a non-appropriated, non-allocated agency, all the costs associated with the contemplated legislation connected to the Commission will flow through the Commission's operating funds, therefore the Commission believes it has no fiscal impact on the state's budget.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Jason Brown	Phone: (360) 742-7277	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 2 defines "statutory entity" to mean any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Section 4 requires all statutory entities, or entities providing administrative support to statutory entities, to submit reports to the Office of Equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively, with information describing the statutory entity's purpose and the underrepresented population directly and tangibly impacted by its work.

The Office of Insurance Commissioner (OIC) does not have any statutory entities as defined in Section 2. Therefore, no fiscal impact to the OIC.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1541 add a new charter to RCW 43 to create additional requirements for increasing access and adding representation to the policy making process.

Modifications in SHB 1541 from HB 1541:

Section 2 narrows the definition of "statutory entity" to only include multimember task forces, work groups, advisory committees that are:

- Temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population; and
- Required to report to the Legislature on the issue it is tasked with examining.

Section 3 is amended as follows:

- removes the requirement to include a specified number of members from underrepresented populations depending on the number those communities impacted by the issue being examined by the statutory entity, and instead requires that statutory entities must include as members at least three individuals from underrepresented populations who have direct lived experience with the issue being examined,
- removes the requirement that the Office of Equity be the appointing authority for any additional members appointed to statutory entities and instead requires that the statutory entity's existing appointing authority appoint the additional members; provided that if a statutory entity has multiple appointing authorities, those appointing authorities may collectively defer to one of the appointing authorities or the Office of Equity to appoint the additional members, and
- specifies that appointing authorities for statutory entities may consult with the Office of Equity when making any appointments to a statutory entity.

Section 4 modifies the party responsible for submitting the August 30, 2024, and August 30, 2025, reports to the Office of Equity from each statutory entity to each entity providing administrative support to that statutory entity; or, if there is none, the statutory entity will report.

HB 1541 Analysis:

Section 2 defines "direct lived experience" or "lived experience," "statutory entity," and "underrepresented population," which are used throughout the bill.

Section 3 outlines the requirements for statutory entities.

Subsection 1 requires that the membership of any statutory entity must include individuals from underrepresented populations who have direct lived experience with the issue(s) that entity is tasked with examining (a) by either appointing two representatives from underrepresented populations if two or fewer are directly affected by the issues of the entity (i) or at least one person representing each directly impacted underrepresented population if there are three or more (ii). They must also reflect the diversity of the people with direct lived experience with the identified issue or issues, including those who reside in urban and rural communities, and with differing cultural and economic circumstances (b).

Subsection 2 notes that if the membership requirements from subsection 1 require additional appointed members to the statutory entity, then the office of equity is the appointing authority for those members, and that those members shall be voting members.

Subsection 3 directs the statute law committee to include reference to the requirements in subsection 1 in any published bill

drafting guide.

Subsection 4 requires the chief clerk and secretary of the senate to include relevant information on these topics to the legislature or legislative staff.

Subsection 5 notes that nothing in this section restricts additional membership of statutory entities.

Section 4 adds reporting requirements for the office of equity.

Subsection 1 requires that all statutory entities must report to the office of equity by August 30, 2024, and August 30, 2025, for FYs 2024 and 2025 respectively, the following information:

(a) A brief description of the statutory entities purpose.

(b) The underrepresented population directly and tangibly impacted by its work, including:

- The number of members appointed who have direct lived experience with the specific policy or issue that the entity is tasked with examining;
- Aggregate demographic information provided voluntarily and anonymously by members of the statutory entity including but not limited to disability, race, age, gender, sexual orientation, ethnicity, income, and geographic representation by count
- An analysis of whether and how the implementation of the requirements in section 3 reduced barriers to participation in policy-making decisions by members of underrepresented populations;
- With full participation and leadership from members of the statutory entity who are from an underrepresented population and have direct lived experience, an analysis of how their participation affected the conduct and outcomes of the statutory entity as it accomplished its mission; and
- The number of members from an underrepresented population who have direct lived experience who qualified for stipends under RCW 43.03.220, the number who requested stipends, and the number who received stipends.

Subsection 2 requires the office of equity to compile and analyze information received from statutory entities and prepare a report with details as required in the bill.

Section 5 requires the office of equity by Dec. 1, 2023, and every four years thereafter, to conduct work related to the efficacy of these requirements to identify additional changes or modifications to make, and to submit a report to the appropriate committees of the legislature to detail its findings.

This amended bill has no fiscal impact on Consolidated Technology Services (WaTech)

Statutory entity as defined would apply to two of WaTech's boards and committees, the Technology Service Board (TSB) and the State Interoperability Executive Committee (SIEC). However, WaTech is not a customer facing agency (direct service to citizens of the state); the impact to WaTech directly would be minimal. It is assumed, WaTech can absorb the costs for this proposed bill in its base budget if the workload of other enacted legislation does not exceed current staffing levels.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. OFM Review: Tiffany West	Phone: (360) 890-2653	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The implementation of 1541 S HB would require participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Sec. 2 of this bill defines a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Since this bill would affect temporarily established entities, this bill would have no impact on the Forensic Investigations Council.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 is a new section describing the Legislature's intent to include individuals with lived experience in policy decisions around issues that directly impact them.

Section 2 is a new section defining terms.

Section 3 is a new section requiring membership of any statutory entity to include at least three individuals from underrepresented populations that have direct lived experience with the policy or issue the entity is examining. The Department of Enterprise Services (DES) does not oversee any statutory entities as defined in Section 2; therefore, this has no fiscal impact to DES.

Section 4 is a new section requiring all statutory entities to supply a report, as defined in this section, to the Office of Equity by August 30, 2024, for fiscal year 2024, and August 30, 2025, for fiscal year 2025. The Office of Equity must compile and analyze these reports and submit them to the Governor and Legislature by December 1, 2025. This work can be completed within routine business processes; therefore, this has no fiscal impact to DES.

Section 5 is a new section added to RCW 43.06D requiring the Office of Equity to submit a report to the legislature every 4 years with the findings described in this section starting on December 1, 2023. This has no fiscal impact to DES.

Section 6 is a new section naming this act. This has no fiscal impact to DES.

Section 7 is a new section adding sections 2 through 4 and 6 as a new chapter in RCW 43. This has no fiscal impact to DES.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (HB) 1541 would require any temporary statutorily-created board, commission, work group, etc. tasked to examine, establish, or issue policies that impact any particular underrepresented population to include members with lived experiences from such underrepresented population.

Section 2(2) states that "statutory entity" means any statutorily created or statutorily mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3(1)(a) of this bill would require that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The WA Horse Racing Commission (WHRC) does not manage any temporary statutory entities as defined by Section 2(2), therefore, no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 (Intent):

(3) The legislature recognizes the importance of allies and finds that advocacy efforts should be led by people with direct lived experience. It is not the intention of the legislature to restrict the membership of statutory entities. Instead, the intent is to create space for those historically excluded from policy decision making.

(4) Therefore, the legislature intends to ensure meaningful participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Section 2 (Definitions):

(1) "Direct lived experience" and "lived experience" has the meaning provided in RCW 43.03.220.

(2) "Statutory entity" means any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. "Statutory entity" does not include legislative select committees or other statutorily created legislative entities composed of only legislative members.

(3) "Underrepresented population" means a population group that is more likely to be at higher risk for disenfranchisement, due to adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, effects of environmental harms, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that may be barriers for participating in policy decision making.

Section 3:

(1) The membership of any statutory entity must:

(a) Include individuals from underrepresented populations who have direct lived experience with the identified issue or issues that the statutory entity is tasked with examining;

(b) Reflect, to the greatest extent possible, the diversity of people with direct lived experience with the identified issue or issues, including members who reside in urban and rural communities, and with differing cultural and economic circumstances.

(2) If compliance with subsection (1) of this section requires that additional members be appointed to statutory entities created on or after the effective date of this section, or to existing statutory entities for which new appointments are being made on or after the effective date of this section, the existing appointing authority must be the appointing authority for the additional members. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one of the appointing authorities or to the office of equity to appoint any additional members as needed. The additional members shall be voting members of the statutory entity.

Section 4(1): Each entity providing administrative support to a statutory entity, or if there is none, then each statutory entity must report to the office of equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively:

(a) A brief description of the statutory entity's purpose; and

(b) The underrepresented population directly and tangibly impacted by its work

Section 6: This act may be known and cited as the nothing about us without us act.

CHANGES MADE BY THE SUBSTITUTE BILL:

• Narrows the definition of "statutory entity" to only include multimember task forces, work groups, advisory committees, council, commissions, or other similar entities that are:

- Temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population; and
- Required to report to the Legislature on the issue it is tasked with examining.
- Removes the requirement to include a specified number of members from underrepresented populations depending on the number those communities impacted by the issue being examined by the statutory entity, and instead requires that statutory entities must include as members at least three individuals from underrepresented populations who have direct lived experience with the issue being examined.
- Removes the requirement that the Office be the appointing authority for any additional members appointed to statutory entities and instead requires that the statutory entity's existing appointing authority appoint the additional members; provided that if a statutory entity has multiple appointing authorities, those appointing authorities may collectively defer to one of the appointing authorities or the Office to appoint the additional members.
- Specifies that appointing authorities for statutory entities may consult with the Office when making any appointments to a statutory entity.
- Modifies the party responsible for submitting the August 30, 2024, and August 30, 2025, reports to the Office from each statutory entity to each entity providing administrative support to that statutory entity; or, if there is none, the statutory entity will report.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The bill would expand any statutorily created or statutorily mandated multimember task force, work group, or advisory committee that examines polies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations.

The agency does not have any fiscal impact from this legislation due to the definition of "statutory entity" in this version of the bill no longer including boards.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The implementation of 1541 S HB would require participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Sec. 2 of this bill defines a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Since this bill would affect temporarily established entities, this bill would have no impact on the Board of Pilotage Commissioners.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

It was ambiguous whether the original bill, HB 1541, would have applied to the Utilities and Transportation Commission (UTC). The substitute bill, however, has been revised to more clearly define the term “statutory entity.” The substitute bill clearly does not apply to the UTC in the absence of some further legislation action adding a “statutory entity” to the UTC.

The substitute bill defines a “statutory entity” as a commission or another multimember group that is “temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.”

This revised definition does not apply to the UTC. The UTC does not contain any commissions or workgroups that are “temporarily established” by statute, let alone “temporarily established” for such a specific purpose.

The primary “statutory entity” at issue within the UTC are the three Commissioners, appointed by the Governor, who preside over open meetings, preside over and enter final orders in adjudications, and carry out other responsibilities. These are demanding, full-time positions. Because the UTC regulates investor-owned utilities for the entire state, it is unclear how many more Commissioners would be required as a result of the application of HB 1541. Conservatively, we would assume that this would require at least three additional Commissioners. The current Commissioners do not appear to represent any underrepresented populations.

Recent legislation, including the Clean Energy Transformation Act (CETA), requires the UTC to consider equity as it regulated utilities in the public interest. Yet even if we set aside the “temporarily established” qualification, the legislature has not established any commissions or workgroups for the “specific purpose” of evaluating policies affecting underrepresented populations.

CETA’s mandates are broader. CETA recognizes that the public interest includes: “The equitable distribution of energy benefits and reduction of burdens to vulnerable populations and highly impacted communities.” RCW 19.405.010(6).

It is unclear if CETA refers to any particular underrepresented population. “Vulnerable populations” means “communities that experience a disproportionate cumulative risk from environmental burdens due to: (a) Adverse socioeconomic factors, including unemployment, high housing and transportation costs relative to income, access to food and health care, and linguistic isolation; and (b) Sensitivity factors, such as low birth weight and higher rates of hospitalization.” RCW 19.405.020(40).

A “highly impacted community” means “a community designated by the department of health based on cumulative impact analyses in RCW 19.405.140 or a community located in census tracts that are fully or partially on “Indian country” as defined in 18 U.S.C. Sec. 1151.” This means that highly impacted communities include any federally-recognized tribal lands and, according to the DOH cumulative impact analysis, much of the south sound and other areas in Washington state. See Department of Health, Washington Environmental Health Disparities Map, available at <https://doh.wa.gov/data-and-statistical-reports/washington-tracking-network-wtn/washington-environmental-health-disparities-map> (last accessed Feb. 1, 2023).

Recent legislation aimed at performance-based regulation also refer broadly to considering equity when regulating in the public interest. See RCW 80.28.425. When we compare CETA and other laws within the Commissioner’s purview to the revised definition, it is apparent that the three-member Commission is not a “statutory entity” under the substitute bill.

It should be noted that there are two other possible “statutory entities” related to the UTC: the Citizens Committee on Pipeline Safety (CCPS) and the Advisory Board for the Universal Communications Services Program, which is related to

the Universal Service Fund (USF). The USF Advisory Board, for example, meets only once per year, and it includes representatives from the UTC, Public Counsel, the Commerce Broadband office, and ILECs. These “statutory entities” do not fall within the revised definition in the substitute bill because (1) they are not temporarily established by statute and (2) they are not established for the specific purpose of evaluating policies affecting a particular underrepresented population. The substitute bill therefore does not encompass the CCPS or the USF.

Thus, the UTC does not contain any “statutory entity” within the meaning of the revised definition contained in the substitute bill. The UTC would only be subject to this bill in a hypothetical situation where the legislature establishes such a “statutory entity” within the UTC, which does not already exist.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipt impact.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The UTC does not contain any statutory entities within the meaning of the revised definition. No expenses would be necessary.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version of the proposed legislation clarifies representative requirements and reporting requirements. These changes do not change our assumptions from the original version.

The proposed legislation creates a fiscal impact to the Washington State Patrol (WSP).

New Section 3(1) requires that membership of any statutory entity must include individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the statutory entity is tasked to examine.

New Section 3(2) requires the existing authority to be the appointing authority for additional members if an agency identifies additional members are needed in applicable statutory entities. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one appointing authority or to the Office of Equity.

New Section 4(1) requires all statutory entities, or the entity providing administrative support to the statutory entity, to report to the Office of Equity by August 30, 2024 and August 30, 2025, a report describing the entity's purpose and the underrepresented population directly and tangibly impacted by its work; member information given voluntarily and anonymously; analysis of participation and policy-making decisions from members of underrepresented populations and have direct lived experience; and stipend information.

New Section 5(1)(a) allows the Office of Equity, by December 1, 2023 and every four years thereafter, to consult with state agencies that support the participation of people from underrepresented populations in policy-making processes who have direct lived experience to identify access barriers; tools to support participation; modifications to stakeholder engagement to increase access and opportunities for participation; and recommendations to rule or law changes to promote increased access and participation to the policy-making process.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

NONE

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Our Diversity, Equity, and Inclusion (DEI) Program has been creating pro-equity, anti-racism (PEAR) teams, which includes members from historically underrepresented populations. We assume we will need an additional ten members to be appointed to our PEAR teams.

We assume the additional members will qualify for stipend reimbursement under RCW 43.03.220. Our participation, child/adult care, and travel rates are \$25 each. If we have six meetings each fiscal year and each meeting is two hours each, this is an estimated \$7,500 for stipend payments.

Meeting Participation: \$25 rate x 10 members x 6 meetings x 2 hours/meeting = \$3,000

Child/Adult Care: \$25 rate x 10 members x 6 meetings x 2 hours/meeting = \$3,000

Travel: \$25 rate x 10 members x 6 meetings = \$1,500

Estimated Total = \$7,500

We assume the reporting requirements outlined in Section 4(1) will take 40 hours in FY 2024 and FY 2025 to complete, and will be done by the DEI Officer.

We are unable to determine if the Office of Equity will consult with us, per Section 5. Therefore, we are unable to determine a fiscal impact.

We base estimated salary expenditures on current levels for the positions requested per published salary schedules, plus any applicable incentive or assignment pay. We compute estimated benefits expenditures based on federal or state mandated rates plus state provided amounts for health insurance and workers' compensation insurance. We assume that any increases in these rates or amounts will be covered by legislation establishing the increase.

We base our estimate for agency indirect costs on the approved federal indirect cost rate of 31.88 percent. We apply this indirect cost rate percentage to all categories of expenditure with only two exceptions: capital equipment and expenditures after \$25,000 of each projected contract. Indirect costs include, but are not limited to, computer and telecommunications support, payroll processing, vendor payments, general accounting, procurement administration, inventory control, and human resource management.

The funding allocation for this estimate is based on the results of the Joint Legislative Audit and Review Committee cost allocation model approved by both the Transportation and the Omnibus Budget Committees in the 2022 Supplemental Budget. The model analyzes costs and relevant activities (hours, transactions, type of enforcement, etc.) of Washington State Patrol (WSP) organizations funded by two or more sources to ensure a consistent and fair use of state resources.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The Washington State Criminal Justice Training Commission does not anticipate a significant fiscal impact from this bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill has no cash receipt impact.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill has no expenditure impact.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

WTSC does not host or support any group at this time that meets the definition of a statutory entity. There is no fiscal impact resulting from Substitute House Bill 1541. The requirements may create additional fiscal impacts in the future if the legislature assigns responsibility for a statutory entity to WTSC.

AN ACT Relating to increasing access and representation in policy-making processes for people with direct lived experience; adding a new section to chapter 43.06D RCW; adding a new chapter to Title 43 RCW; and creating a new section.

Sec. 1: Legislative findings on underrepresentation of impacted communities in policy decisions.

Sec. 2: Definitions, including direct lived experience, statutory entity, and underrepresented population. Statutory entity means a multimember task force, work group, or advisory committee temporarily established by statute to examine policy or issue that affects underrepresented populations.

Sec. 3: Membership of statutory entity requirements regarding membership of individuals from underrepresented populations who have lived experience.

Sec. 4: Each entity providing administrative support to a statutory entity must report to the office of equity; describes reporting requirements. Requires office of equity to analyze reports and provide its report to legislature and governor by December 1, 2025.

Sec. 5: Office of equity must consult with community-based organizations and may consult with state agencies and departments to identify barriers to access and participation and other requirements.

Sec. 6: Called nothing about us without us act.

Sec. 7, Sections 2-4 and 6 incorporated as a new chapter in Title 43 RCW.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No impact

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute bill does not change the fiscal impacts as previously submitted:

House Bill 1541 would expand any statutorily created board, commission, workgroup, etc. that examines policies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations.

The Office of Independent Investigations has a statutory requirement to include people with lived experiences specific to the work of the agency on their Advisory Board. This Board's administrative assistant will address reporting requirements in HB 1541 Section 4 by collecting, storing, and reporting data as required. This bill will not require the hiring of additional staff and therefore there has no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Anna Minor	Phone: (360) 790-2951	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill intends to address underrepresented individuals on statutorily temporarily created multimember task forces, workgroup, or advisory committees by requiring those entities to have members who have direct lived experience to be appointed to the types of entities identified in the bill.

SHB 1541 is different from HB 1541 in that it changes the definition of “statutory entity” to now mean a multimember task force, work group, advisory committee, that is temporarily established by statute for a specific purpose of examining a particular policy or issue directly or tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

This changes the fiscal impact for the Department of Labor & Industries (L&I) from indeterminate to none.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact. With the change in the definition for what is a statutory authority, L&I’s impact is far less. The only source of impact would be for any new legislation that establishes a work group, task force, or advisory committee that requires a report back to the legislature.

Request #	1
Bill #	1541 SHB

Part 2 – Explanation

2.A – Brief Description Of What The Measure Does That Has Fiscal Impact

This bill increases access and representation in policy making processes for people with direct lived experience and adding a new section to chapter RCW 43.06, adding a new chapter to Title 43 RCW and creating a new section.

SHB 1541 no longer applies to the Department of Licensing because the committees listed in the original bill have been removed resulting in no fiscal impact to DOL.

2.B - Cash receipts Impact

No new cash receipts apply to this bill.

2.C – Expenditures

No new expenditures apply to this bill.

Part 4 – Capital Budget Impact

None

Part 5 – New Rule Making Required

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The intent of the bill is to ensure meaningful participation from people with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

The definitions sections defines a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. Per this definition, there is no fiscal impact to the Military Department.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. OFM Review: Cheri Keller	Phone: (360) 584-2207	Date: 02/14/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill 1541 seeks to increase representation by requiring statutorily created entities involved in policy-making to include individuals with relevant lived experience.

Section 2(2) defines "statutory entity" as any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Section 3(1)(a) requires that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The Public Employment Relations Commission (PERC) is a class 4 commission charged with preventing or minimizing interruptions growing out of public sector labor disputes and to assist public employers and employees to settle labor disputes through mediation and fact-finding. PERC is not temporary statutory entity established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population and therefore there is no fiscal impact to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1541 establishes the nothing about us without us act and relates to increasing access and representation in policy-making processes for people with direct lived experience, adding a new section to Chapter 43.06D RCW – Office of Equity; adding a new chapter to Title 43 RCW – State Government—Executive; and creating a new section.

Section 4: Requires all statutory entities to report a brief description of the statutory entity's purpose and the underrepresented population impacted by its work, the number of members who are appointed who have direct lived experience, and demographic information of the members. Reporting the number of participants that are eligible for stipends, requested stipends, and received stipends is also required.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

The cash receipts are indeterminate.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

It is unknown how many statutorily created or statutorily mandated multimember task force, workgroup, advisory committee, board, commission, council or other similar entity tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities there are that would be impacted by this bill.

It is unknown how many members from an underrepresented population who have direct lived experience would qualify for and receive stipends.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Non-zero but indeterminate cost and/or savings. Please see discussion.

III. B - Expenditures by Object Or Purpose

Non-zero but indeterminate cost and/or savings. Please see discussion.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This substitute bill adjusted the definitions in Section 2 of “Statutory Entity” to include the language “that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.”

In reviewing the current statutorily mandated groups that are staffed by DOH, none would fall under these categories, the majority of which are not temporary. As such there is no fiscal impact for DOH at this time.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Breann Boggs	Phone: (360) 485-5716	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The intent of bill generates NO fiscal impact to Washington State Department of Veterans Affairs (WDVA) compared to the previous version.

The changes in this version include modified definitions of affected groups, less restrictive language regarding membership composition, and further clarification on the number of members, none of which generates changed fiscal impact to WDVA

This bill seeks to increase access and representation in policy-making processes for people with direct lived experience by requiring inclusion of such persons in statutorily required entities (e.g., work groups and advisory committees). The bill may impact recruitment for, membership of, and administrative support for several WDVA advisory groups and committees established or referenced in statute.

Our current state does not reflect the practice of seeking out and encouraging individuals to apply from underrepresented populations. This includes minority veterans, LGBTQ+ veterans, women veterans (for the VAAC), and disabled veterans.

These include the Governor's Veterans Affairs Advisory Committee (VAAC), the Women Veterans Advisory Committee (WVAC), and the Washington State Military Transition and Readiness Council (WSMTRC).

Each of these statutory entities examines policies that directly and tangibly affect Veterans, Service Members, families, and community providers who also serve underrepresented individuals.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of 1541 SHB and 1541 HB

Section 2 the definition of “statutory entity” has been changed from any multimember group created or mandated in statute to any “multimember task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy issue... that is required to report to the legislature on that issue.”

Section 3 now requires at least three individuals of an underrepresented population be included in a statutory entity. Previously 1-2 individuals of an underrepresented population had to be included. Appointing authority for these positions is now given to the existing appointing authority for the statutory entity rather than the office of equity.

Section 2 defines “statutory entity” as any “multimember task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy issue... that is required to report to the legislature on that issue.” It also defines “underrepresented population” as a population group that is likely to have barriers for participation in policy decision making.

Section 3 requires that all statutory entities include individuals from underrepresented populations with lived experience affected by the issue the statutory entity is examining.

Section 4 requires all statutory entities to report to the Office of Equity on their purpose, the underrepresented populations impacted by their work, the demographic information of the members, the impact of this act on membership, and how many members should receive lived experience stipends.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Management Services within the program support program is partially funded via federal grants in the form of Title IV-E and Title XIX. Revenue from federal funding is as follows:

FY24: \$19,000

FY25: \$18,000

FY26: \$18,000

FY27: \$18,000

FY28: \$18,000

FY29: \$18,000

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department of Children, Youth and Families estimates \$259,000 (\$222,000 GFS) and 1.0 FTE in the 23-25 Biennium to implement and ongoing support of this bill.

The Department of Children Youth and Families (DCYF) estimates that at least 1.0 ongoing Management Analyst 5 (MA5) would be required to identify all statutory entities, identify lived experience groups impacted by these entities, ensure those

statutory entities have appropriate representation from these impacted groups, provide the required data to the Office of Equity, and be responsive to representation concerns from stakeholders.

Total costs for this FTE including salaries, benefits, equipment, goods and services, and travel are as follows:

- FY24: \$133,000
- FY25: \$126,000
- FY26: \$126,000
- FY27: \$126,000
- FY28: \$126,000
- FY29: \$126,000

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 3 of this bill requires membership of any statutory entity must include individuals from underrepresented populations who have direct lived experience with the identified issue or issues that the statutory entity is tasked with examining. Section 4 requires statutory entities to report to the Office of equity by 8/30/2024 and 2025.

The Washington State Rehabilitation Council for the Blind (SRC-B) is an advisory group of volunteers, appointed by the Washington State Governor, who provide counsel and guidance to the Department of Services for the Blind (DSB.) DSB will not add additional as current members already have lived experience. All required reporting will be minimal effort and carried out with existing resources.

The SRC-B reviews, evaluates, and makes recommendations to DSB on its plans, policies, and activities to ensure that blind or visually impaired people in our state receive the most effective and efficient rehabilitation services possible. In addition to providing direction to the Director of DSB on behalf of the public and consumers, the SRC-B also advises and reports to the Governor; makes recommendations to the State Legislature about services that impact the lives of blind people; and works closely with other state councils, agencies and organizations to enhance the services, opportunities, and rights of Washingtonians who are blind. The SRC-B is authorized by the federal Rehabilitation Act under the federal Workforce Innovation Opportunity Act, and in Washington State statutes RCW 74.18.070 through 74.18.100

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (HB) 1541 would require any temporary statutorily-created board, commission, work group, etc. tasked to examine, establish, or issue policies that impact any particular underrepresented population to include members with lived experiences from such underrepresented population.

Section 2(2) states that "statutory entity" means any statutorily created or statutorily mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3(1)(a) of this bill would require that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The Law Enforcement Officers' and Fire Fighters' Plan 2 Retirement Board (LEOFF) does not manage any temporary statutory entities as defined by Section 2(2), therefore, no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1541 SHB relates to increasing access and representation in policy-making processes for people with direct lived experience. The impact of the bill would be the reporting requirements and they can be accomplished with existing resources.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

In order for CDHY to comply with the bill, the agency has estimated 5 additional staff members to be included to participate on a monthly basis. This would increase costs on a monthly basis of \$10,200 and an annual cost of \$102,000 for 10 months, which is the average school year.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 3 Membership of statutory entities must include representation by underrepresented communities, diversity in cultural and economic background for members of with direct lived experience.

The Department of Archaeology and Historic Preservation does not have paid statutory boards, councils, commissions, or advisory groups so no fiscal impact is anticipated.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Compared to the original bill, the substitute bill narrows the definition of “statutory entity” to only include multimember task forces, workgroups, and advisory committees that are temporarily established by statute for the specific purpose of examining a particular issue impacting underrepresented populations and are required to report to the Legislature on that issue.

With the passage of the substitute version of this bill, University of Washington staff would conduct an audit of current RCW requirements to determine if any relevant statutory committees are convened by the University and would be subject to these requirements. Given the narrowed scope of the substitute bill, we expect that existing staff time will be deployed and the cost would be absorbed within existing resources. Therefore, we are submitting this fiscal note as “no impact.”

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

S HB 1541 – Lived experience relates to increasing access and representation in policy-making processes for people with direct lived experience.

Section 1 (4) of this bill states that the legislature intends to ensure meaningful participation from people with direct lived experience on each statutorily created or statutorily mandated multi-member task force, work group, advisory committee, board, commission, council, or other similar entity tasked with examining policies or issues that directly and tangibly affect historically underrepresented communities.

Section 2 (2) of this bill defines “statutory entity” to mean any statutorily created or statutorily mandated multi-member task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3 of this bill provides rules on how membership of any statutory entity must include individuals from underrepresented populations who have direct live experience with identified issue or issues that the statutory entity must examine.

Section 4 of this bill states reporting guidelines for all statutory entities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 of this bill defines “statutory entity” as any statutorily created or mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity that is tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population. However, the scope and definition of “statutorily created or mandated” is unclear, and it is difficult to assess how this bill might be implemented across Washington State University (WSU). A narrow interpretation could include any “entity” created directly by statute (e.g., Board of Regents, Student Fee committees, diversity training workgroups mandated by SB 5227 (2021)). A broad interpretation could extend to every work group, committee, or advisory board created by student governments, faculty leadership, or other University leadership as allowed by RCW. For these reasons, the overall fiscal impact is indeterminate.

For purposes of this fiscal note, WSU assumes travel expenses would be incurred for additional members for the Board of Regents and other committees that may be included under the bill definitions. WSU estimates that these costs would be \$2,000 per fiscal year for each new member; this includes per diem, lodging, and mileage costs. This estimate can be scalable based on new members required but for purposes of the fiscal note, total costs are expected to be less than \$50,000 per fiscal year.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1541 increases access and representation in policy-making processes for people with direct lived experience, adding a new section to Chapter 43.06D RCW, adding a new chapter to Title 43 RCW, and creating a new section.

- The intent of the bill is to ensure meaningful participation from people with direct lived experience on statutorily created or mandated entities tasked with examining policies that affect historically underrepresented communities.
- Statutory entities must report to the office of equity beginning August 30, 2024 the purpose of the entity, underrepresented populations impacted (including those qualified to receive stipends), members with direct lived experience, demographic information on members, analysis of how members with direct lived experience have affected the entity in its mission, and an analysis of how implementation of these requirements has reduced barriers to participation by members of underrepresented populations.

SHB 1541 adds new section 2 to chapter 43.06D RCW. Subsection 2(2) defines "statutory entity" as any multimember task force, work group, or advisory committee temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. Based on the modified definition from the original bill, EWU does not host entities falling under this scope and therefore does not anticipate any fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1541 intends to ensure participation in statutory entities from people with direct lived experiences related to examining policies or issues that affect historically underrepresented communities.

Section 2 defines “direct lived experiences”, “statutory entity”, and “underrepresented population”.

Section 3 provides requirements regarding the membership of any statutory entity.

Section 4 outlines reporting requirements of statutory entities.

Section 5 provides requirements of the office.

Title 43 RCW is establishment and delineation of responsibilities of the Washington State Office of Equity, under the executive brand, and it is our understanding that institutions of higher education are not subject to the executive branch rules unless specifically mentioned.

Given that CWU is not specifically mentioned, we anticipate no fiscal impact from this bill. Should the need arise to perform an audit of statutory entities, the expected cost would be negligible.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Title 43 RCW is establishment and delineation of responsibilities of the Washington State Office of Equity, under the executive brand, and it is our understanding that institutions of higher education are not subject to the executive branch rules unless specifically mentioned.

Given that CWU is not specifically mentioned, we anticipate no fiscal impact from this bill.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SSB 1541 relates to increasing access and representation for underrepresented people with direct lived experience of social issues being studied and considered for policy action.

Section 2 revises the definition of “statutory entity” to be a task force or work group “that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.”

We believe this clarified definition of statutory authority excludes Evergreen from the definition of a statutory entity. The requirements of SSB 1541 do not apply to us, so there will be no fiscal impact to the college.

HB 1541 relates to increasing access and representation in policy-making decisions for people with direct lived experience.

Section 1 (1) recognizes that underrepresented populations are often left out of the decisions that affect the most. As such, people with lived experience should be included in policy decision making around issues that directly impact them.

Section 1 (2) recognizes that certain populations are almost entirely unrepresented in policy making and yet are disproportionately impacted by government decisions.

Section 2 defines “direct lived experience” and “lived experience,” “statutory entity,” and “underrepresented population.”

Section 3 states that the membership of any statutory entity must include:

Section 3 (a) individuals from underrepresented populations who have direct lived experience with the issue or issues that the statutory authority is tasked with examining;

Section 3 (a) (i) If two or fewer underrepresented populations are directly and tangibly affected by the specific issue, at least two representatives from each directly impacted population must be appointed to the statutory entity.

Section 4 (1) requires all statutory entities to report to the office of equity by August 30, 2024 and August 30, 2025, for state fiscal years 2024 and 2025 including a brief description of the statutory entity’s purpose and the underrepresented population directly and tangibly impacted by its work.

There is no fiscal impact from this bill at the moment. However, if we were to establish a workgroup to examine issues affecting underrepresented people, we would incur some fairly significant costs. At any rate, we are marking this bill as no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute version significantly narrows the scope of the bill. It's now clear that the bill applies only to entities that are temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population and that is required to report to the legislature on that issue.

Our response to the original bill was to indicate an indeterminant fiscal impact greater than zero but less than \$50K because it was unclear to what extent this bill would apply to institutions of higher education.

For the substitute bill, Western Washington University did not identify any entities that would fall within the scope of this b.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This substitute bill restricts statutorily created boards, commissions, work groups, etc. that examine policies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations to temporary groups.

ARTS has no statutorily mandated boards, committees, work groups, etc that are tasked with examining policies or issues directly and tangibly affecting underrepresented populations.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

OFM Review: Amy Hatfield	Phone: (360) 280-7584	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (HB) 1541 would require any temporary statutorily-created board, commission, work group, etc. tasked to examine, establish, or issue policies that impact any particular underrepresented population to include members with lived experiences from such underrepresented population.

Section 2(2) states that "statutory entity" means any statutorily created or statutorily mandated multimember task force, work group, advisory committee, board, commission, council, or other similar entity, whether independent of an agency or within an agency, tasked with examining policies or issues directly and tangibly affecting a particular underrepresented population.

Section 3(1)(a) of this bill would require that the membership of a statutory entity include individuals from underrepresented who have direct lived experience with the issues that the statutory entity is tasked with examining.

The Eastern Washington State Historical Society (EWSHS) does not manage any temporary statutory entities as defined by Section 2(2), therefore, no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Individual State Agency Fiscal Note

Part II: Narrative Explanation

II. A - Brief description of what the measure does that has fiscal impact

Briefly describe by section number (sections that will change WSDOT costs or revenue), the significant provisions of the bill, and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency.

Section 1 (no change) discusses the need for lived experience from individuals on policy decisions that affect underrepresented communities, and the intent of the proposed legislation to incorporate individuals with lived experience when making policy decisions.

Section 2 (minor change) adds definitions for *direct lived experience*, *statutory entity*, and *underrepresented communities*. **The definition of statutory entity has been changed to mean a statutorily created multi-member group temporarily formed to address an issue and reports to the legislature.**

Section 3 (no change) directs all Appointing authorities of statutory entities to appoint members with direct lived experience with their individual subject matter to the statutorily created advisory committees that report to the legislature

Section 3 (minor change) would expand any statutorily created board, commission, work group, etc. **that reports to the state legislature** and examines policies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations.

Section 3 requires that the Washington State Department of Transportation to:

1. Identify all *statutory entities* at the agency, based on the definition in the bill. WSDOT estimates this number to about one to ten committees.
2. Determine if each statutory entity examines policies or issued directly and tangibly affecting a particular underrepresented population.
3. For the entities that do, determine if there is representation currently on the entity from the underrepresented populations with lived experience, or if new members will need to be added.
4. Determine how many new members will need to be added to each entity to satisfy the lived experience membership requirements of this bill.
5. Determine costs associated with the additional members such as compensation or travel, based on the entity type, meeting frequency, or other considerations, and WSDOT's cost assumptions around those items.

Section 3 (minor change) **allows appointing authorities of statutory entities to consult the Washington State Office of Equity on how to find, appoint, and manage lived experience members.**

Section 4 (minor change) adds a reporting element for **the appointing authority of statutory entities** first due by August 30, 2024, to provide brief description of the entity's purpose and the underrepresented population directly and tangibly impacted by its work.

Section 5 (no change) directs the Washington State Office of Equity to identify barriers and provide tools/resources to statutory entities.

II. B – Cash Receipts Impact

N/A

Individual State Agency Fiscal Note

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.

The department will need to provide a report to the Washington State Office of Equity that meets the reporting requirements of Section 4.

Each report must include (1) a brief description of the purpose of each internal group, (2) information on the underrepresented populations directly and tangibly impacted by each internal group, (3) the number of members who are appointed to each internal group, (4) aggregate demographic information of group membership, (5) an analysis on the impact of appointing group members who have direct lived experiences, and (6) the number of group members who qualified for stipends.

The revised definition of statutory entity significantly reduces the scope of the original bill. The additional element that the definition of statutory entity only applies to statutorily created multi-member groups that report to the legislature. This will limit the scope to between approximately two to ten multi-groups in WSDOT. Two known multi-groups are Commercial Aviation Coordination Committee and Construction's Apprenticeship Council.

WSDOT will have to provide a report to the Office of Equity. However, the reduced scope decreases the level of work needed to report on WSDOT's multi-member committees. The reporting work should fall within an existing full time employee's regular workload, no fiscal impact for reporting.

Part III: Expenditure Detail

III. A - Expenditures by Object or Purpose

For illustrative purposes, the individual cost under RCW 43.03.220 of a stipends per member with direct lived experiences:

- Stipends shall not exceed \$200 for each day, which works to be about \$25 per hour for an eight-hour workday
- Each identified statutory entity must include at least three individuals from underrepresented populations
- Commercial Aviation Coordinating Commission held 10 meetings in 2022 that averaged about two hours long

Assuming there were three committee members receiving stipends and they received \$25 per hour for a two-hour meeting (based on the Commercial Aviation Coordinating commission meeting length) for ten meetings, the total cost would be around \$1,500. Assuming there are 10 other groups at WSDOT that can qualify as a statutory entity and would have a similar meeting structure, the cost would be about \$15,000. (Program S)

Part IV: Capital Budget Impact

N/A

Part V: New Rule Making Required

Identify provisions of the measure that require the agency to adopt new administrative rules or repeal/revise existing rules.

OFM Review: Maria Thomas	Phone: (360) 229-4717	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact since CRAB is not a "statutory entity" as defined by the bill. Should CRAB provide administrative support to a statutory entity (as defined in the bill), the reporting requirements to the Office of Equity should not result in a fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill would not affect the Transportation Improvement Board because the agency's board does not meet the definition of "statutory entity" and the agency does not provide administrative support to any statutory entities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1541 removes 'Commissions' from the entities that would be impacted, compared to the original bill.

SHB 1541 establishes membership requirements for statutorily created or mandated multimember task forces, work groups, or advisory committees that are tasked with examining policies and issues that directly and tangibly affect historically underrepresented communities. Section 3 of the legislation defines the number of representatives from each underrepresented population that must be appointed to the entity. Section 4 of the legislation requires the entity to submit a report to the Office of Equity on August 30, 2024, and 2025, detailing the entity's purpose and the underrepresented populations that are directly and tangibly impacted by its work.

Given the bill no longer requires this of Commissions, this bill has no fiscal impact for the WSTC.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 2(2) states that "statutory entity" means any multi-member task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Section 3(1)(a) of this bill would require that membership of any "statutory entity" include at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the statutory entity is tasked with examining

The Columbia River Gorge Commission (CRGC) is made up of appointees from 9 different entities. Only the two governors (Oregon and Washington) appoint more than one person. CRGC does not know how it can ensure compliance with the requirements for appointments in this bill. CRGC's legal counsel continues to recommend that CRGC is not subject to this bill. The Columbia River Gorge National Scenic Area Act provides the only qualifications for service on the Commission; this bill cannot require counties or the Washington governor to appoint persons with lived experience. We, of course, welcome persons with lived experience on the Commission so long as they meet the qualifications in the Act.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. OFM Review: Lisa Borkowski	Phone: (360) 742-2239	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Compared to HB 1541, SHB 1541 has the following changes:

- Section 1(4) amends the legislative intent to include participation from those with direct lived experience on each statutorily created or statutorily mandated multimember task force, work group, or advisory committee, and removes the reference to board, commission, council, or other similar entity.
- Section 2 updates the definition of "Statutory entity."
- Section 3(1)(a) would change the number of members from underrepresented populations who have direct lived experience with the identified policy or issue from at least two members to at least three members.
- Section 3(2) would change the appointing authority from the Office of Equity, to the existing appointing authority for the additional members. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one of the appointing authorities or to the Office of Equity to appoint additional members as needed.
- Section 3(3) is new and indicates the appointing authorities may consult with the Office of Equity when making appointments to a statutory entity.
- Section 4(1) would add reporting requirements to each entity providing administrative support to a statutory entity.
- Section 4(2)(a) clarifies the requirement for the Office of Equity to analyze the information received from appointing authorities or statutory entities, rather than compile and analyze.

The fiscal impact as a result of the change in Section 3(2) would increase but remains indeterminate to Ecology.

This bill would amend Title 43 RCW State Government – Executive to require that any statutorily created or mandated task force, work group, or advisory committee established to address a policy issue that directly impacts underrepresented populations include members from those underrepresented populations.

Section 1 would describe the intent to increase representation on statutory entities of populations directly impacted by the policies being addressed by the statutory entities.

Section 2 would define "direct lived experience," "lived experience," "statutory entity," and "underrepresented population."

Section 3 would require the membership of any statutory entity to include at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the entity is tasked with examining. If additional members need to be appointed to meet this requirement, the existing appointing authority would be the appointing authority for additional members. Appointing authorities may consult with the Office of Equity when making appointments

Section 4 would require all statutory entities to report to the Office of Equity by August 30, 2024, and August 30, 2025, for fiscal years 2024 and 2025. The report would include the purpose of the entity and an assessment of underrepresented populations impacted that includes:

- Aggregate and voluntary anonymous demographic information on members of the entity with direct lived experience and how many such members are appointed
- An analysis of whether and how the requirements of this bill would reduce barriers to participation in policy-making decisions for members of underrepresented populations
- An analysis of how participation from members of underrepresented populations affected the conduct and outcomes of the entity in accomplishing its mission
- Participation stipends

The Office of Equity would analyze the information and submit a report to the governor and legislature by December 1,

2025, that would include an evaluation of the process authorized in Section 3 and provide recommendations for improving the process, reducing barriers to participation, and increasing diversity of statutory entity applicants.

Section 5 would require the Office of Equity, in consultation with community-based organizations and state entities, to submit a report to the legislature by December 1, 2023, that identifies barriers to participation by people from underrepresented populations in policy making processes, tools to support participation, and modifications and recommendations to increase access and opportunities for participation in policy-making processes.

Section 6 would title the bill the "Nothing About Us Without Us Act."

Section 7 would make Sections 2 through 4 and 6 of the bill a new chapter in Title 43 RCW.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The expenditure impact to Ecology under this substitute bill is indeterminate to implement the requirements of sections 3 and 4.

Section 3 would require the membership of any statutory entity to include at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the entity is tasked with examining. Existing and future statutory entities must meet and are responsible for this membership appointment requirement. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one of the appointing authorities or to the Office of Equity to appoint any additional members as needed. Section 4 would require all statutory entities to report to the Office of Equity by August 30, 2024, and August 30, 2025, with an assessment of underrepresented populations impacted.

The fiscal impact of sections 3 and 4 are currently indeterminate based on an unknown number of statutory entities covered under this bill, the number of new eligible members, and the costs of stipends and allowances.

Ecology assumes stipends and allowances would be allowed based on guidelines established by the Office of Equity. Current guidelines for Class One groups per RCW 43.03.220 allow for stipends of up to \$200 per day, as well as reimbursements for travel, lodging, mileage, and child and adult care, for workgroup members who have lived experience or qualify as low-income, who are not otherwise compensated.

A scenario of fiscal impacts is provided below. Ecology assumes participation for allowable expenses related to this bill.

Section 3 Cost Assumptions - Scenario:

Ecology assumes for purposes of this scenario: five statutory entities needing additional eligible members, an average of three members per group, and six meetings per year.

Membership and Appointments – Ecology assumes that reviewing and implementing group membership requirements for existing and new statutory entities would be a new responsibility under this bill, with new fiscal impact. Ecology estimates 0.05 FTE of an Environmental Specialist 3 for each statutory entity convened by the agency to meet membership and appointment requirements. For the purposes of this fiscal note, Ecology assumes there would be at least five statutory entities convened by the agency resulting in a minimum of 0.25 FTE of an Environmental Specialist 3 in FY 2024 and

ongoing to perform the new membership and appointment requirements ongoing as the statutory entity memberships can change.

Stipends – Up to \$200 for each day to individuals who have lived experience and are participating as a member of a statutory entity, as authorized under RCW 43.03.220. Assume three members would be eligible to receive a \$200 stipend from those meetings. Five statutory entities x three members x six meetings = 90 eligible stipend requests x \$200 each = \$18,000/year.

Per Diem – Allowance for per diem eligibility to individuals who have lived experience and are participating as a member of a statutory entity. Per diem allowances would need to be consistent with existing statute under RCW 43.03.050 and 43.03.060. Assume of the eligible 90 meetings, per diem would be allowed for 30 meetings. Assume per diem is \$204 per meeting (\$130/day Thurston County lodging and \$74/day Thurston County food allowance). 30 eligible per diem requests x \$204 per diem = \$6,120/year.

Child and Adult Care Reimbursement – Allowances for child and adult care reimbursement “as provided in RCW 43.03.050 and 43.03.060.” Assume 50% of eligible members receiving stipend benefits are also child and/or adult care givers, so eight eligible members would also receive a \$100 child and/or adult care allowance per meeting: Eight members x six meetings x \$100 child and/or adult care allowance = \$4,800/year.

Processing and reporting – Ecology estimates fiscal staff time to process approximately 90 stipend requests, 30 per diem requests, and 48 child and/or adult care reimbursement requests each year at 0.05 FTE Fiscal Analyst 2 in FY 2024 and ongoing. OFM assumes agencies would have a standard form for members requesting stipends, and would not be responsible for assessing eligibility, so no additional staff is estimated for providing eligibility review. Workload associated with regional staff to convene the meetings who would need to assess eligibility and potentially submit paperwork to start the reimbursement process is indeterminate at this time.

Section 4 Cost Assumptions – Scenario:

Ecology estimates 0.3 FTE of an Environmental Specialist 3 to comply with reporting requirements for FY 2024 and FY 2025. This FTE would be accountable for reporting requirements including describing each statutory entity, the number of members with lived experience, collecting and reporting on membership demographic information, conducting an analysis of how lived experience membership influenced policy outcomes and how participation affected the conduct and outcomes of the group, and an accounting of the number of members with lived experience who qualified for and received stipends under RCW 43.03.220.

Ecology estimates 0.05 FTE of an Environmental Specialist 3 for each statutory entity convened by the agency to provide data for the required reports. For the purposes of this fiscal note, Ecology assumes there would be at least five statutory entities convened by the agency resulting in a minimum of 0.25 FTE of an Environmental Specialist 3 to provide data for the required reports in FY 2024 and FY 2025.

SUMMARY: The expenditure impact to Ecology under this bill is described below.

Section 3: The expenditure impact to Ecology under Section 3 of this bill is indeterminate. The scenario provided as an example is estimated to be:

FY 2024 and ongoing: \$63,831 and 0.35 FTEs

Section 4: The expenditure impact to Ecology under Section 4 of this bill is indeterminate. The scenario provided as an example is estimated to be:

FY 2024: \$65,181 and 0.63 FTEs
 FY 2025: \$65,181 and 0.63 FTEs

The total expenditure impact to Ecology under this bill is indeterminate. The scenario provided as an example is estimated to be:

FY 2024: \$129,012 and 0.98 FTEs
 FY 2025: \$129,012 and 0.98 FTEs
 FY 2026 and ongoing: \$63,831 and 0.35 FTEs

Notes on costs by object:

Salary estimates are current biennium actual rates at Step L.
 Benefits are the agency average of 36% of salaries.
 Goods and Services are the agency average of \$5,224 per direct program FTE.
 Travel is the agency average of \$1,563 per direct program FTE.
 Equipment is the agency average of \$1,031 per direct program FTE.
 Grants, Benefits, and Client Services will include \$28,920 per year for eligible Stipends, Per Diem, and Child and Adult Care Reimbursement.
 Agency Administrative Overhead is calculated at the federally approved agency indirect rate of 28.75% of direct program salaries and benefits, and is shown as object 9. Agency Administrative Overhead FTEs are included at 0.15 FTE per direct program FTE, and are identified as Fiscal Analyst 2 and IT App Development - Journey.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

Account	Account Title	Type	FY 2024	FY 2025	2023-25	2025-27	2027-29

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Substitute House Bill (SHB) 1541 would expand any statutorily-created multimember task force, work group, or advisory committee, that is temporarily established for the specific purpose of examining a particular policy or issue directly or tangibly affecting a particular underrepresented population and is required to report to the legislature on that issue.

The Pollution Liability Insurance Agency does not have any statutory entities, therefore, the provisions of SHB 1541 do not apply and there are no fiscal impacts to the agency.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The proposed substitute legislation concerns increasing access and representation for people with direct lived experiences who are underrepresented on policy-making multimember task forces, workgroups, or advisory committees temporarily established Statutory Entity.

The original proposed legislation may have required two or more additional board positions for individuals from underrepresented populations who have direct living experience with identified issue(s) the entity is tasked to examine. Parks has four board/advisory committees that may have been impacted.

In this substitute version, Section 2(2) - "Statutory Entity" means any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

The proposed legislation would have no fiscal impact to State Parks. Parks currently has no legislative mandated multimember task force, work group, or advisory committee that are temporarily established or currently in statute. If future legislation mandates Parks create a temporary multimember task force, work group, or advisory committee any fiscal impacts would be identified at that time.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Not applicable for RCO since the definition of "Statutory entity" do not include any RCO groups.

Section 1: Provides the intent to increase and improve the participation of underrepresented populations on work groups, committees, etc.

Section 2: Defines "Direct Lived Experience," "Statutory entity" and "underrepresented population."

Section 3: (1) Requires at least three individuals from unrepresented communities be include on a statutory entity, directs how to handle when new members need to be appointed, allows consultation with the Office of Equity, requires certain training for legislators.

Section 4: Describes what must be reported to the Office of Equity, and when it must be reported.

Section 5: Describes what the Office of Equity must do in relation to best understanding the barriers to access from underrepresented communities.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill directs certain statutory entities to include people with direct lived experience as voting members.

Section 1 – This section is revised to exclude boards, commissions, councils or similar entities.

Section 2 – The definition of “statutory entity” is revised and more narrowly defined as a task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue. Boards, commissions, councils, and similar entities are removed from the definition.

Section 3 – At least 3 individuals from underrepresented populations who have direct lived experience with the identified policy or issue of the statutory entity must be included as voting members. The appointing authority for the statutory entity must appoint the new members and may consult the office of equity on appointments.

Section 4 – All entities that provide administrative support to statutory entities, or the statutory entities themselves, must provide FY 24 and FY 25 reporting to the Office of Equity on the entity’s purpose and the underrepresented population directly and tangibly impacted. The Office of Equity must report to the Governor and Legislature.

ELUHO assumes its boards do not fit within the scope or intent of the bill. ELUHO supports three statutory boards: the Pollution Control Hearings Board, Shorelines Hearings Board, and Growth Management Hearings Board. These are working caseload boards created for the purpose of conducting administrative hearings processes. They are not “statutory entities” under the bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. OFM Review: Matthew Hunter	Phone: (360) 529-7078	Date: 02/15/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1541 is the substitute for HB 1541. In Section 2. (2) the substitute bill removes "commissions" and "agency" from the list of entities under the definition of "Statutory entity". The substitute bill defines "Statutory entity" as any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

The substitute bill has no fiscal impact on the State Conservation Commission.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The substitute bill in Section 2 (2) removes "commission" and "agency" from the bill language. The substitute would have no fiscal impact on SCC.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

OFM Review: Matthew Hunter	Phone: (360) 529-7078	Date: 02/16/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

CHANGE IN FISCAL IMPACT: The substitute bill narrows the definition of statutory entity; updates the requirements about the number of members from underrepresented populations; allows the statutory entity's existing appointing authority to appoint the additional members, instead of the Office of Equity (the Office) unless the appointing authorities defer to the Office; and modifies the party responsible for submitting the reports to the Office from each statutory entity to the entity providing administrative support.

Section 2 creates new definitions for a statutory entity as any multimember task force, work group, or advisory committee, that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Section 3 defines the membership structure of statutory entities and requires them to include underrepresented populations who are historically excluded from policy decision making.

Section 4 adds reporting requirements for entities providing administrative support to a statutory entity. These include reporting a description of purpose, work, members, demographics, implementation plans, mission, and member representation to the Office of Equity by August 30, 2024 and August 30, 2025.

WDFW currently has no statutory entities that meet the updated definition so there is no fiscal impact. If WDFW is required to form a qualifying entity in the future, there will be costs identified at that time associated with recruiting new members and providing operational support to the entity and members.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

OFM Review: Matthew Hunter	Phone: (360) 529-7078	Date: 02/17/2023

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute bill:

- Narrows the definition of statutory entities to only those that are temporary and required to report to the legislature
- Changes the required membership to include at least three individuals from underrepresented populations.

The bill is proposed to expand any statutorily created board, commission, work group, etc. that examines polies or issues directly and tangibly affecting a particular underrepresented population to include members with lived experiences from those underrepresented populations.

Section 3 would require any statutory entity to include individuals from underrepresented populations who have direct lived experience with the identified issue or issues that the statutory entity is tasked with examining. Each entity must include at least one representative from each directly impacted community, with a minimum of two representatives if there are two or fewer impacted communities.

Section 4 would require statutory entities to report on their progress on implementing the bill to the Office of Equity. The reporting would include the purpose of the statutory entity, the underrepresented populations affected, the demographics of the members of the entity, a description of new members added in response to the bill, and an analysis of how new members affected the work of the statutory entity. This reporting must occur by August 30, 2024 and August 30, 2025.

The Partnership assumes this bill is effective 90 days after Sine Die.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Workload estimates are based on Lead Agency assumptions:

- 1) Identify all “statutory entities” at their agency, based on the definition in the bill.
- 2) Determine if each statutory entity examines policies or issues directly and tangibly affecting a particular underrepresented population.
- 3) For the entities that do, determine if there is representation currently on the entity from the underrepresented populations with lived experience, or if new members will need to be added.
- 4) Determine how many new members will need to be added to each entity to satisfy the lived experience membership requirements of this bill.
- 5) Determine costs associated with the additional members such as compensation or travel, based on the entity type, meeting frequency, or other considerations, and your agency’s cost assumptions around those items. The cost to find and appoint lived experience members will be born the Office of Equity.
- 6) There is also a reporting element to this bill. Agencies should determine if there are any fiscal impacts associated to meeting the reporting deadlines to the Office of Equity for each statutory entity.

Based on the substitute bill, the Partnership currently does not have any statutory entities because none of our statutory boards/councils (listed below) are temporary.

The Puget Sound Partnership has three statutory boards/councils:

- The Puget Sound Leadership Council established in RCW 90.71.220.
- The Ecosystem Coordination Board established in RCW 90.71.250.
- The Science Panel established in RCW 90.71.270.

It is possible that new temporary statutory entities may be created in the future. For those entities, Partnership staff conducted a simplified cost calculation for in person meeting attendance. For each member to attend the average one-day meeting is \$312.60 and for a two-day meeting \$546.60.

Partnership staff will complete the required reporting to the office of equity with existing resources.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

NONE

III. B - Expenditures by Object Or Purpose

NONE

III. C - Operating FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part I and Part IIIA.*

NONE

III. D - Expenditures By Program (optional)

NONE

Part IV: Capital Budget Impact

IV. A - Capital Budget Expenditures

NONE

IV. B - Expenditures by Object Or Purpose

NONE

IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

NONE

IV. D - Capital FTE Detail: *FTEs listed by classification and corresponding annual compensation. Totals agree with total FTEs in Part IVB.*

NONE

Part V: New Rule Making Required

Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.

Individual State Agency Fiscal Note

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill requires representation in policy-making processes for underrepresented populations.

This version of the bill redefines which statutory entities are affected in Section 2. Due to this shift in definition to entities of a temporary nature, the Employment Security Department (ESD) no longer believes it has any entities that fall into this category.

ESD oversees four advisory committees but they do not meet the definition of “Statutory Entity” defined in Section 2. None of them have an end date, and none of them are set up to examine a single issue. ESD assumes that Section 3 member requirements and Section 4 reporting requirements do not apply.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The substitute differs from the original bill in the following ways:

Eliminates Boards, Commissions and Councils from the requirements of the bill.

Defines "statutory entity" as any multimember task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

Statutory entities must include at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the statutory entity is tasked with examining.

If compliance with provisions in the bill require that additional members be appointed to statutory entities, the existing appointing authority is to appoint the additional members.

Entities providing administrative support to a statutory entity must report required information to the Office of Equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively.

These changes would change the fiscal impact when compared to the original bill.

This bill would require "statutory entities", including task forces, work groups and advisory committees, to include members from underrepresented populations who have "direct lived experience" with the issues the statutory entity is tasked with examining.

SECTION 2

"Lived Experience" means direct personal experience in the subject matter being addressed by the board, commission, council, committee, or other similar group.

"Statutory Entity" means any multimember task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

"Under-Represented Population" means a population group that is more likely to be at higher risk for disenfranchisement, due to adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, effects of environmental harms, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that may be barriers for participating in policy decision making.

SECTION 3

Statutory entities must include at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the statutory entity is tasked with examining.

If compliance with provisions in the bill require that additional members be appointed to statutory entities created on or after the effective date of this section, or to existing statutory entities for which new appointments are being made on or after the effective date of this section, the existing appointing authority must be the appointing authority for the additional members. If there are multiple appointing authorities for one statutory entity, they may collectively defer to one of the appointing

authorities or to the Office of Equity to appoint any additional members as needed. The additional members shall be voting members of the statutory entity.

SECTION 4

Each entity providing administrative support to a statutory entity must report to the Office of Equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively, the following information:

- (a) A brief description of the statutory entity's purpose
- (b) The underrepresented population directly and tangibly impacted by its work, including:
 - The number of members who are appointed to the statutory entity who have direct lived experience with the policy or issue that the statutory entity is tasked with examining
 - Aggregate demographic information of the statutory entity including but not limited to disability, race, age, gender, sexual orientation, ethnicity, income, and geographic representation by county
 - Analysis of how implementation of the bill reduced barriers to participation in policy-making decisions by members of underrepresented populations
 - Analysis of how members of the statutory entity who are from an underrepresented population and have direct lived experience affected the conduct and outcomes of the statutory entity as it accomplished its mission;
 - The number of members from an underrepresented population who have direct lived experience who qualified for stipends and the number of those who requested stipends to support.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

No cash receipts impact

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No expenditure impact.

Section 3 of the bill would require that “statutory entities” have at least three individuals from underrepresented populations who have direct lived experience with the identified policy or issue that the statutory entity is tasked with examining. The definition of “statutory entities” is any multimember task force, work group, or advisory committee that is temporarily established by statute for the specific purpose of examining a particular policy or issue directly and tangibly affecting a particular underrepresented population, and that is required to report to the legislature on that issue.

It is expected that the number of “statutory entities” as defined in the bill would be minimal and that including members affected by the policy being examined would be consistent with current practices of the State Board. In addition, it is assumed that the statute for most entities created will already require the inclusion of members that are affected by the specific policy or issue being examined. In cases where additional members are required, the appointments can be made by the existing appointing authority. Finally, since the statutory entities are defined as being temporary, cost, if any, would be for a limited duration.

Section 4 of the bill would require each entity providing administrative support to a statutory entity to report to the Office of Equity by August 30, 2024, and August 30, 2025, for state fiscal years 2024 and 2025 respectively. It is expected that reporting cost would be minimal and can be accomplished within existing resources.

Part III: Expenditure Detail

III. A - Operating Budget Expenditures

NONE
