## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

HB 1833 amends RCW 47.60.315 to provide statutory direction to the Commission on how to administer the ferry fuel surcharge. Under this legislation, the Commission would only be able to establish a fuel surcharge when either directed by the legislature, or if appropriations do not fully fund the cost of ferry fuel as estimated at the time of budget enactment.

This will require rulemaking to modify the current fuel surcharge rule under WAC 468-300-080. However, the Commission anticipates being able to include this into their standard fare-setting process for the 2023-25 biennium. Given this, there is no fiscal impact.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## **Part V: New Rule Making Required**

*Provisions of the bill that require the agency to adopt new administrative rules or repeal/revise existing rules.*

HB 1833 amends RCW 47.60.315 to provide statutory direction to the Commission on how to administer the ferry fuel surcharge. Under this legislation, the Commission would only be able to establish a fuel surcharge when either directed by the legislature, or if appropriations do not fully fund the cost of ferry fuel as estimated at the time of budget enactment.
