Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 (5) creates the ability for the Department of Enterprise Services to fix lease terms up to 99 years for property managed by the Department of Social and Health Services if the lease is for recreational, affordable housing, or local government purposes or, for the Fircrest residential habilitation center only, for a central lease for community center or community services purposes. Leases that extend beyond 55 years must be reported to OFM, to include financial analysis justifying the lease term. These changes can be incorporated withing current processes and resources, and therefore, there is no fiscal impact to OFM.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 (5) amends RCW 43.82.010 and 2018 c 217 s 7 to allow the director of Department of Enterprise Services (DES) to fix the terms of leases for property managed by the Department of Social and Health Services (DSHS) for up to 99 years if the lease meets specific guidelines.

Section 1 (5)(a) requires all leases covered under this subsection, that extend beyond 55 years, to provide a periodic rental revaluation and assessment, with the exception of lease with rentals based on percentage of income.

Section 1 (5)(b) requires that all leases covered under this subsection, that extend beyond 55 years, be reported to the Office of Financial Management and the appropriate committees of the legislature within 30 days of lease execution, including a financial analysis that justifies the financial benefit for the added term and the schedule for the periodic rental adjustment.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

The Real Estate Services division at Department of Enterprise does not currently provide support to land and/or facilities that are owned and managed by DSHS. However, these services can be provided on a fee for service basis.

Based on similar work we have done for institutions of higher education, we estimate it would take between 200-250 hours to complete this work on behalf of DSHS. Using our current hourly rate of \$117, we estimate the total cost of this work between \$23,400 and \$29,250.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB-1506 provides the Department of Social and Health Services (DSHS), through the Department of Enterprise Services, the authority to enter into a longer lease term. The leasing process remains the same, only now DSHS will be able to execute a lease longer than 10 years for certain properties. There is no additional workload from the changes proposed in this bill.

This is no fiscal impact for DSHS for this bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
