Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes made in the substitute bill did not impact sections pertaining to the Office of the Governor and therefore does not change the Office's previous fiscal note assumptions.

Sec 1. requires the Governor to maintain a Children and Youth Multisystem Care Coordinator to serve as a state lead on addressing complex cases of children in crisis. The coordinator must:

- (a) Help direct the appropriate use of state and other resources to a child in crisis, and that child's family, if appropriate; and
- (b) Have access to flexible funds to support:
 - (i) The safe discharge of children in crisis from hospitals; and
 - (ii) Long-term, appropriate placement for children in crisis who are dependent under chapter 13.34 RCW.

The coordinator, in coordination with other agencies must create a Rapid Care Team no later than January 1, 2024, who is responsible to develop and implement a system for:

- (a) Identifying children in crisis who should be served by the Rapid Care Team;
- (b) Initiating the Rapid Care Team in a timely manner that reduces the time a child in crisis spends in a hospital without a medical need;
- (c) Locating services and connecting youth and families with the appropriate services to allow the child in crisis to safely discharge from a hospital;
- (d) Screening referrals for a child in crisis;
- (e) Accepting referrals from the Department of Children, Youth, and Families for a child in crisis; and
- (f) Determining when it would be appropriate for the Department of Children, Youth, and Families to provide services to a child in crisis as the:
 - (i) Youth meets the definition of a "child who is a candidate for foster care" under RCW 74.13.020;
 - (ii) Youth meets the definition of "dependent child" under RCW 13.34.030(6)(a) based on the child being abandoned; or
 - (iii) Family should be offered a voluntary placement agreement.

By November 1, 2023, the governor shall provide an initial report to the legislature describing the process of developing and implementing the rapid care team and must include a projection of when the rapid care team process will be implemented. A final report is due to the legislature by November 1, 2024, that includes data and recommendations related to the rapid care team.

This section expires on June 30, 2025.

Sec 2. contains an emergency clause that will make it effective immediately.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Office of the Governor assumes the Care Coordinator/Coordination Team would be independent of the Governor's Office and its affiliates.

Using the information from the Office of Family and Children's Ombuds report "DCYF Use of Hotels and Offices as Placement 2023 Report." The Governor's office determined the mean number of new cases was about 73 per month* between September 2022 and January 2023. Because it is unknown how many of these cases are directly from hospitals, it is assumed three Ombuds would be required to help with implementing section 1. This will allow for complete coverage including covering sick and vacation leave.

To create the Rapid Care Team and to assist with developing and implementing the system, it is assumed there would be a need for a director and administration support position. These positions can assist with providing reports for implementing the Rapid Care Team due November 1, 2023, and a final report due November 1, 2024.

Salaries and benefits (all exempt):

- 1 Director at \$180,000 per year and includes salaries and benefits
- 1 Admin Support at \$91,000 per year and includes salaries and benefits
- 3 Ombuds at \$111,000 per year and includes salaries and benefits.

Goods and services: Based on average employee costs, the Office requests ongoing funding for supplies and materials, communications and telecommunications services, lease space, training, software licensing and maintenance at \$4,000 per year, per FTE.

It is unknown if this new entity will choose to work remotely or in an office setting. If they choose to work in the office, the Governor's Office will need to lease additional space and potentially need additional funding for tenant improvements. These costs, although indeterminate, could range from \$100,000 to \$200,000 depending on the location and tenant improvements.

Travel: Based on average employee travel in FY 2019, the Office requests ongoing funding for travel associated with this position at \$4,000 per year, per FTE.

Capital Outlays: The Office requests one-time funding for adding a new workspace at \$10,000 per FTE. This includes a workstation, furniture, and computer.

Shared Service Costs:

The Office of Financial Management provides administrative support for the Office of Financial Management, Office of the Governor, and Office of Independent Investigations. These services include IT support, budget and accounting services, facilities support, and human resource assistance. To fund these shared services, each budgeted FTE is assessed an ongoing cost of \$30,000 and 0.22 of an FTE. Based on the average salary for those providing these services, we estimate the cost for a new FTE at \$140,000 per year including salary, benefits, equipment, and support costs.

* The mean only includes the months where DCYF saw an increase in cases. Months with a decrease in cases were excluded from the average.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 creates a children and youth multisystem care coordinator, and directs that coordinator to, in coordination with the Office of Financial Management and other agencies, develop and implement a rapid care team by January 1, 2024. Section 1 (7) defines that the rapid care team will have one designee from the Office of Financial Management.

OFM assumes our involvement in the coordination of, and assigning a designee to, the rapid care team can be accomplished within current staffing and resources. Therefore, there is no fiscal impact to OFM.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. HCA Fiscal Note

Bill Number: 1580 SHB

HCA Request #: 23-127

Part II: Narrative Explanation

This bill relates to creating a system to support children in crisis.

The substitute bill makes the following changes to the original bill:

- Section 1 applies to RCW 43.06 Governor instead of RCW 43.216 Department of Children, Youth, and Families (DCYF).

There is no change to the Health Care Authority's (HCA) fiscal impact between the substitute bill and the original bill.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Section 1 – Adds a new section to RCW 43.06 Governor. The governor must maintain a children and youth multisystem care coordinator to serve as state lead on addressing complex cases of children in crisis. The coordinator, in coordination with DCYF, HCA, the Office of Financial Management (OFM), and the Department of Social and Health Services (DSHS), shall develop and implement a rapid care team for the purpose of supporting and identifying appropriate services and living arrangements for a child in crisis. The rapid care team must be implemented as soon as possible, but no later than January 1, 2024. This section expires June 30, 2025.

Section 2 – Adds a new section. This act takes effect immediately.

II. B - Cash Receipts Impact

Fiscal impacts within this bill would be eligible for Federal Financial Participation (FFP). HCA estimates an average FFP of 41 percent.

II. B - Estimated Cash Receipts to:

ACCOUNT	FY-2024	FY-2025	FY-2026	FY-2027	FY-2028	FY-2029
General Fund-Medicaid 001-C	63,000	63,000	-	-	-	-
Totals	\$ 63,000	\$ 63,000	\$ -	\$ -	\$ -	\$ -

II. C – Expenditures

HCA requests \$308,000 (\$182,000 GF-S) and 1.3 Full Time Equivalent (FTE) staff in the 2023-2025 Biennium.

There will be a need for 1.0 FTE position in the Division of Behavioral Health and Recovery (DBHR) Prenatal to 25 (P25) section:

- One Medical Assistance Program Specialist (MAPS) 3 to support implementing the rapid care team and to liaison with the DBHR Mental Health section, the Medicaid Programs Division (MPD), and the mobile crisis team administrator for children, youth, and families, as needed.

However, it is indeterminate in terms of the staffing work ultimately necessary to fulfill the goals of this bill. HCA has experience with a similar model, specifically the multi-system rounds for foster care youth. We have one Occupational Nurse Consultant leading the model and many other staff supporting to this work. If this new committee is intended to expand this work, additional staffing support will be critical.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill creates a children and youth multisystem care coordinator to work with multiple agencies, including the Department of Social and Health Services (DSHS), to implement a rapid care team that will support and identify appropriate services and living arrangements for children in crisis and their family, if appropriate. The rapid care team must be created as soon as possible but no later than January 1, 2024. The bill requires the governor to provide an initial report to the legislature regarding the process of developing and implementing the rapid care team by November 1, 2023. By November 1, 2024, the governor must provide a final report to the legislature with data and recommendations related to the rapid care team. This section expires June 30, 2025.

This substitute bill changes where the section is established in the RCW and makes revisions to the duties of the children and youth multisystem care coordinator, the system and processes created by the coordinator, who may refer an individual to the rapid care team, and the requirements for the initial and final reports. The fiscal impacts to DSHS remain the same as the original bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

A portion of the costs incurred to implement this legislation will be funded with federal Title XIX - Medicaid funds.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill will bring new multisystem coordination responsibilities to the Developmental Disabilities Administration (DDA) and the Behavioral Health Administration (BHA).

DDA will need 1.0 FTE (starting September 2023 to account for realistic hiring time) to coordinate with other agency partners and DDA Field Services teams.

BHA will need 0.5 FTE for the Child Study Treatment Center (CSTC) to coordinate with internal and other agency partners.

These positions will serve as the DDA and BHA representatives that will support the rapid response team, inform the team of services, and provide guidance on how services would benefit DDA and BHA individuals. This will include liaising with field service teams as potentially eligible individuals for services are identified by the rapid response team. These staff would not be making eligibility determinations on their own but would consult and coordinate as appropriate.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This Bill creates a system to support children in crisis; adding a new section to chapter 43.216 RCW; providing an expiration date; and declaring an emergency.

Section 1 (1) The governor must maintain a children and youth multisystem care coordinator to serve as a state lead on addressing complex cases of children in crisis.

Section 1 (2) The children and youth multisystem care coordinator shall develop and implement a rapid care team. The rapid care team must be implemented as soon as possible, but no later than January 1, 2024.

Section 1 (3) (f) determines when it would be appropriate for Department of Children, Youth, and Families (DCYF) to provide services for children that are in crisis and are.

Section 1 (4) The rapid care team under this section may provide assistance and support to a child in crisis, or the family of a child in crisis.

Section 1 (7) (b) “Rapid care team” means a team, whose work is managed and directed by the children and youth multisystem care coordinator created under this section, working to quickly identify the appropriate services and living arrangements for a child in crisis. A rapid care team must include:

Section 1 (7) (b) (v) One designee from the Department of Children, Youth, and Families (DCYF).

Section 1 (8) This section of law including the multi system care coordinator and the rapid care team expires by June 30, 2025.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Title IV-E the federal reimbursement is 20 percent. The agency estimates eligible reimbursements of \$30,000 in FY24 and \$28,000 in FY25.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department of Children, Youth, and Families estimates \$303,000 in the 23-25 Biennial Budget.

Section 1

DCYF estimates 1.0 FTE at \$155,000 in FY24 and \$148,000 in FY25, to establish a designee for the rapid care team.
1.0 FTE costed at classification Management Analyst 5 (MA5)

Responsibilities will include:

Identifying children in crisis who should be served by the rapid care team.

Initiating the rapid care team in a timely manner that reduces the time a child in crisis spends in a hospital without a medical need.

Locating services and connecting youth and families with the appropriate services to allow the child in crisis to safely discharge from a hospital.

Screening referrals for a child in crisis.

Accepting referrals from the DCYF.

Determining when it would be appropriate for the DCYF to provide services to a child in crisis.

Section 1 (3) (f) cost for this section is indeterminate:

If DCYF is expected to place youth in crisis, then additional treatment beds would need to be purchased to meet the needs.

It is possible to contract out the rapid care team designated intensive case manager with community provider.

Service enhancement and capacity development in mental health and developmental disability specialized service through DCYF may be necessary to meet the anticipated increase in demand.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

The legislation would require a Rapid Care Team to be developed and implemented to support and identify appropriate services and living arrangements for a child in crisis, and that child's family, if appropriate.

Sec. 1 adds a new section to chapter 43.06 RCW.

Sec. 1 (5) (e) would allow a law enforcement officer to refer a child in crisis to the Rapid Care Team.

Sec. 1 (7) provides definitions. "Rapid Care Team" must include any entities including governmental entities and managed care organizations, or individuals, including clinicians and other service providers, that the children and youth multisystem care coordinator deems appropriate to support a child in crisis.

Sec. 1 (8) states section one expires June 30, 2025.

Sec. 2 states that this act shall take effect immediately.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

Law enforcement agencies would incur one-time training costs totaling \$28,640 (\$7,168 counties + \$21,472 cities) for law enforcement officers to learn about the Rapid Care Team and how to refer children to it.

Additionally, according to the Washington State Association of Counties, local government agencies such as health and human service agencies and local health departments could experience indeterminate expenses due to communicating with the Rapid Care Team and referring children to them. Costs that could be estimated are entered into the expenditure grid.

The Washington Association of Sheriffs and Police Chiefs (WASPC) estimates all officers would need five minutes of training to learn about the resource and how to properly refer children in crisis to it. According to the 2022 Association of Washington Cities' Salary and Benefits Survey, the weighted average hourly salary of a law enforcement officer is \$64. There are 6,710 commissioned city officers and 2,240 commissioned county officers, according to the 2021 Crime in Washington Report, which is the most recent report available.

City Training Costs: $\$64 \times .05$ (5 minutes of training) $\times 6,710$ officers = \$21,472

County Training Costs: $\$64 \times .05$ (5 minutes of training) $\times 2,240$ officers = \$7,168

Total law enforcement training costs: \$28,640

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The legislation would not impact local government revenue.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1(1) of the bill requires the governor to maintain a children and youth multisystem care coordinator to serve as a state lead on addressing complex cases of children in crisis.

Section 1(2) of the bill requires that the children and youth multisystem care coordinator shall develop and implement a rapid care team. The rapid care team must be implemented as soon as possible, but no later than January 1, 2024.

Section 1(4) of the bill states that the rapid care team under this section may provide assistance and support to a child in crisis, or the family of a child in crisis.

Section 1(5)(d) lists an educator as an individual that may refer a child in crisis to the rapid care team.

Section 1(7) of the bill is a definitions section.

Section 1(8) sets an expiration date of June 30, 2025, for Section 1 of the bill.

Section 2 of the bill sets an immediate effective date for the bill.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill would have no cash receipts impact on school districts.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

School district expenditure impact:

This bill would have no expenditure impact on school districts. There is no required work listed in the bill pertaining to school districts.
