Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of 1204 SHB to 1204 2SHB

1204 2SHB

Sec. 3 is a new section which states if special funding for the purpose of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void.

1204 SHB

This bill makes the Family Connections Program permanent, instead of expiring June 30, 2023.

Sec. 1(1) amends the start date from September 1, 2020 to within available funding.

Sec. 1(1) modifies language around referring families to the family connection program.

Sec. 1(2) amends the locations of the external organizations contracted to implement and operate the FCP from 'one' in each location to 'one or more' in each location.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Sec. 1(1)

\$155,000 for fiscal years FY24 and FY25 general fund-federal Title IV-E.

Sec. 1(2) Indeterminate

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Department of Children, Youth, and Families (DCYF) estimates the cost of maintaining FCP in the existing ten counties to be \$1,308,000 (\$998,000 GF-S and \$310,000 GF-F) for 2023-25 biennium.

Sec. 1(1)

DCYF assumes the cost to maintain the FCP in the existing ten counties to be within the available funding in the 21-23 biennium. The cost to operate FCP in the existing ten counties is \$654,000 per year. Maintaining operations in these ten counties will therefore cost \$654,000 per year.

Sec. 1 (2) (Indeterminate) To fully expand FCP into more counties the cost to DCYF is indeterminate, but could be estimated at \$65,400 per county. Once the following data is available by counties:

(1) number of referrals

(2) number of parents who participated

- (3) number of parents who completed
- (4) number of caregivers who participated and
- (5) number of caregivers who completed, DCYF will have a better understanding of the estimated costs to fully expand per county. It is also noted that efforts to expand statewide to all 39 counties would require additional funding for DCYF staff to manage the FCP program.
