Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Changes in this engrossed second substitute version compared to second substitute: There were no changes that had an impact on OFM's fiscal note assumptions from the previous version.

Engrossed Second Substitute version:

Section 1 amends the formula used by the Superintendent of Public Instruction to submit its programmed budget request for special education programs for students with disabilities. Section 2 amends the average per-pupil expenditure used by the Superintendent of Public Instruction to determine safety net award eligibility. These changes could be incorporated utilizing OFM's current practices and resources, and therefore have no fiscal impact.

Section 3 creates the Office of Education Ombuds within the Office of the Governor. OFM may provide some administrative support to the new office, but assumes all related costs would be borne by the Office of the Governor.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures
