Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects a revision to the bill description and revenue impact, and replaces fiscal note number 5663-1.

CURRENT LAW:

BUSINESS AND OCCUPATION TAX:

Washington levies the business and occupation (B&O) tax on gross income from Washington-based business activity. The tax rate varies by classification.

For retailing activities, the tax rate is 0.471%.

RETAIL SALES AND USE TAXES:

Retail sales taxes are imposed on retail sales of most articles of tangible personal property, digital products and some services. A retail sale is a sale to the final consumer or end user of the property, digital product or service. If retail sales taxes were not collected when the user acquired the property, digital products or services, then use taxes applies to the value of property, digital product or service when used in this state. The state, most cities and all counties levy retail sales and use taxes. The state sales and use tax rate is 6.5%; local sales and use tax rates vary from 0.5% to 3.0%, depending on the location.

Motor vehicle sales are exempt from the public safety component of the local retail sales tax.

MOTOR VEHICLE SALES/LEASES TAX:

Under the motor vehicle sales/leases tax, sellers must collect an additional sales tax of 0.3% of the selling price of each motor vehicle. If a seller does not collect the sales tax, then a buyer must pay an additional use tax of 0.3% when registering the vehicle with the Department of Licensing.

TOW TRUCK OPERATORS:

A tow truck operator (operator) may apply a lien against the sale of an abandoned vehicle in the amount of charges for towing and storage. It must try to make the sale via public auction. If there is no successful bidder, it must sell the vehicle to a licensed vehicle wrecker, hulk hauler or scrap processor.

This sale has tax implications for two separate transactions:

- towing and storage charges
- sale of the vehicle

Transaction 1 - Towing and storage charges: Income received for automobile towing and storage services is subject to the retailing B&O tax and the retail sales tax.

When sale proceeds are less than the lien, an operator may back out the retail sales tax from the proceeds to arrive at the taxable measure of the towing and storage services subject to the retailing B&O and retail sales tax.

When the sale proceeds are greater than the lien, an operator may not back out the retail sales tax from the proceeds to arrive at the taxable measure of the towing and storage services subject to the retailing B&O and retail sales tax.

In either case, an operator uses a portion of the sales proceeds to pay the retail sales tax, instead of charging the buyer.

Transaction 2 - Sale of the vehicle: The sale of an abandoned vehicle is excluded from the definition of a “sale” under state law. As a result, the transaction is not subject to the retail sales tax, retailing B&O tax or the motor vehicle sales/leases tax. However, the transaction is subject to the B&O tax under the service/other classification. As an operator may deduct the full sales amount, no B&O tax is due.

If the buyer is a consumer, the purchase is still subject to the use tax and the motor vehicle sales/leases tax, which are collected by the Department of Licensing (DOL) when the buyer registers the vehicle.

Surplus funds: When the proceeds of an auction sale exceed the amount necessary to satisfy the towing and storage lien, this results in surplus funds. An operator must remit these to the DOL.

PROPOSAL:

Gross proceeds from the sale of an abandoned vehicle are not taxed as the sale of towing and storage services.

The sale of an abandoned vehicle is included in the definition of a “sale.” As a result, the transaction is subject to the retail sales tax, the motor vehicle sales/leases tax, and the retailing B&O tax.

For the retailing B&O tax, an operator may deduct from the taxable amount any surplus funds.

The new tax preference performance provisions do not apply to this bill (see section 4 of the bill).

EFFECTIVE DATE:

This bill takes effect on January 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

- The average cost for towing and storage charges was \$1,340 in 2022.
- The average price for each abandoned vehicle with a sales price below the lien was \$125 in 2017.
- Annual growth in charges for towing and storage mirrors the Economic and Revenue Forecast Council forecast for the Seattle consumer price index, urban.
- We derived annual growth rates for the following from the Department of Licensing forecast for abandoned vehicles:
 - sales price for a vehicle with a sales price below the lien
 - number of abandoned vehicle sales
- Currently, tribes with compacts receive a share of state sales and use tax (RCW 43.06.523). Additionally, local governments may also receive a portion of state sales and use tax. Under this legislation, the amount of revenue shared with tribes and local governments may decrease.

Description of the bill with an emphasis on how it impacts local government.

This bill would:

- add a new section to RCW 82.04 that clarifies that the gross proceeds of sales of abandoned vehicles by a registered tow truck operator are not subject to tax under this chapter as the sale of automobile towing and storage services, but such gross proceeds of sales of abandoned vehicles by a registered tow truck operator are subject to tax under this chapter as the sale of tangible personal property
- add a new section to 82.08 that a registered tow truck operator must collect the applicable taxes under RCW 82.08.020 when making a retail sale of abandoned vehicles, such sales are treated solely as the sale of tangible personal property and not as the sale of automobile towing and storage services

B. SUMMARY OF EXPENDITURE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.
