Date: 03/10/2023

Gaius Horton

ΦFM Review:

## II. A - Brief Description Of What The Measure Does That Has Fiscal Impact on the Courts

The substitute would not change the impact of the original bill. It only adds a null and void clause if the bill is not funded in the biennial budget.

Section 1(4)(a) would amend RCW 46.66.080 removing state confinement programs from allowable uses of the Washington Auto Theft Prevention Authority Account.

## II. B - Cash Receipts Impact

None

## II. C - Expenditures

No fiscal impact to the Administrative Office of the Courts or the courts.

# Part III: Expenditure Detail

## III. A - Expenditure By Object or Purpose (State)

**NONE** 

III. B - Expenditure By Object or Purpose (County)

NONE

III. C - Expenditure By Object or Purpose (City)

**NONE** 

III. D - FTE Detail

NONE

III. E - Expenditures By Program (optional)

**NONE** 

# **Part IV: Capital Budget Impact**

# IV. A - Capital Budget Expenditures

**NONE** 

## IV. B1 - Expenditures by Object Or Purpose (State)

**NONE** 

#### IV. B2 - Expenditures by Object Or Purpose (County)

**NONE** 

## IV. B3 - Expenditures by Object Or Purpose (City)

**NONE** 

## IV. C - Capital Budget Breakout

Acquisition and construction costs not reflected elsewhere on the fiscal note and description of potential financing methods.

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill has no fiscal impact to the Washington State Criminal Justice Training Commission.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill has no cash receipt impact to the Washington State Criminal Justice Training Commission.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill has no expenditure impact on the Washington State Criminal Justice Training Commission.

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Comparison of 1682 HB to 1682 SHB

Section 2 is added to require funding be provided by June 30, 2023, to be valid.

\_\_\_\_

1682 SHB

Section 1(4) removes State offender from being included in proposed activities receiving awarded dollars from the Washington Auto Theft Prevention Authority Account.

Section 2 requires funding be provided by June 30, 2023, to be valid.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The Department of Children, Youth, and Families (DCYF) estimates a reduction of -\$196,000 (11-K) and assumes the backfill of \$196,000 (GF-S), in order maintain current service levels.

The bill removes DCYF's ability to receive an appropriation from the Washington Auto Theft Prevention Authority Account (11-K). Currently, the Juvenile Rehabilitation Program (JR) has \$196,000 (\$98,000 per fiscal year) in Washington auto theft prevention authority (11-K). This funding pays for staff to provide counseling to youth who have had adjudications for auto theft. They address issues to prevent further auto theft incidents. DCYF assumes the backfill of 11-K funding with General Fund State dollars.

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

SHB 1682 eliminates the authority for the Washington Auto Theft Prevention Authority (WATPA) to allocate money in the Washington Auto Theft Prevention Account (Account) for state adult and juvenile confinement costs.

Substitute HB 1682 states the following:

Section 1 RCW 46.66.080 to read expenditures from the WATPA account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and local confinement.

New Section 2 adds language stating if specific funding for purposes of this act is not provided by June 30, 2023, this act is null and void.

HB 1682 states the following:

Section 1 (4) amends funding support by removing available funding to state entities and covering proposed financial activities for municipal and county offender and juvenile confinement costs only.

Effective date is assumed 90 days after adjournment of session in which this bill is passed.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 1(4) removes the reference to funding state agencies and only funds municipal and county confinement costs. The Department of Corrections assumes a funding adjustment will be needed to offset our reduction in this account.

FNS060 Local Government Fiscal Note

# Part IV: Analysis

#### A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This note is on 1682 SHB and compares changes to 1682 HB.

#### CHANGES BETWEEN THIS VERSION AND THE PREVIOUS BILL VERSION

This substitute version of the bill adds a new section which makes the legislation contingent upon funding from the omnibus appropriations act.

These changes do not affect the fiscal impacts discussed below.

#### SUMMARY OF CURRENT BILL VERSION

This legislation clarifies the types of confinement costs that may be paid by the Washington auto theft prevention authority account. Municipal confinement costs may be funded by the account; state confinement costs cannot be funded. The substitute version of the bill added a new section to the bill which provides a termination date if additional funding is not made available. These changes include:

Sec.2 creates a new section which states that the act will be null and void if funding from the omnibus appropriations act is not provided by June 30, 2023.

#### **B. SUMMARY OF EXPENDITURE IMPACTS**

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

This legislation has no impact on local government expenditures.

#### C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

This legislation has an indeterminate impact on local government revenue. There is no information currently available on the amount of state confinement costs paid for by the Washington auto theft prevention authority account. Because the legislation removes state confinement costs from the list of funding possibilities for the Washington auto theft prevention authority account, the Local Government Fiscal Note Program anticipates that the amount available for municipal and county offender costs will increase.
