#### **Estimated Capital Budget Impact:**

NONE

The cash receipts and expenditure estimates on this page represent the most likely fiscal impact. Factors impacting the precision of these estimates, and alternate ranges (if appropriate), are explained in Part II.

Check applicable boxes and follow corresponding instructions:

X If fiscal impact is greater than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete entire fiscal note form Parts I-V.

If fiscal impact is less than \$50,000 per fiscal year in the current biennium or in subsequent biennia, complete this page only (Part I).

Capital budget impact, complete Part IV.

Requires new rule making, complete Part V.

# Part II: Narrative Explanation

#### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The fiscal impact to the Washington State Department of Veterans Affairs (WDVA) is unchanged from the previous version with one exception, which is unrelated to bill language changes: upon further analysis of requirements, WDVA has determined that one of the FTE positions should be a Program Specialist 4 (was Program Specialist 3).

The only change in the substitute version compared to the previous version is the specified appropriations increase changed from "double" to the general term "increase". This is less specific than the previous version, so in calculating the fiscal impact WDVA assumes "increase" translates to "double or less". However, the overall fiscal impact is indeterminate, dependent on availability of amounts appropriated for this specific purpose.

Section 4 generates fiscal impact to Washington State Department of Veterans Affairs (WDVA) by requiring the agency to develop or expand veterans service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed. If the funding is doubled, it would allow the agency to expand its services as follows:

Veteran Service Officer Program

o Minimum of four (4) new grants to counties to implement veteran service officer programs. Estimated up to \$240,000 each county per biennium, \$960,000 total

• Veteran Peer to Peer Training and Support Program

o Minimum of four (4) new grants to counties to implement veteran peer support programs. Estimated up to \$100,000 for each county per year. Total biennium, \$800,000.

Section 2 requires WDVA to submit a report to the legislature on the veterans service officer program to determine the effectiveness of the program in meeting the needs of veterans in the state.

Section 3 requires WDVA to submit a report to the legislature on the veteran peer-to-peer training and support program to determine the effectiveness of the program in meeting the needs of veterans in the state.

#### II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

#### II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 4 requires WDVA to develop or expand veterans service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed.

WDVA also assumes 2.0 FTE impact to:

- Provide veteran service officer training and technical assistance to counties funded under the county veteran service officer program

- Track the number of veterans' benefits claims filed by participating counties and the outcomes of these claims, including the federal VA disability benefits paid directly to veterans and their families

- Provide peer certification training and technical assistance to counties funded under the Counseling and Wellness

#### Program

- Train, visit sites, analyze data, perform quality control, develop and monitor contracts, deliverables, develop needed reports, ensure consistent communication with providers, and execute other administrative tasks associated with the grants

Section 2 requires WDVA to submit a report to the legislature on the veterans service officer program to determine the effectiveness of the program in meeting the needs of veterans in the state. WDVA can absorb the additional impact within the FTE resources identified in Section 4.

Section 3 requires WDVA to submit a report to the legislature on the veteran peer-to-peer training and support program to determine the effectiveness of the program in meeting the needs of veterans in the state. WDVA can absorb the additional impact within the FTE resources identified in Section 4.

## Part III: Expenditure Detail

#### III. A - Operating Budget Expenditures

| Account | Account Title | Туре     | FY 2024 | FY 2025 | 2023-25 | 2025-27 | 2027-29 |
|---------|---------------|----------|---------|---------|---------|---------|---------|
| 001-1   | General Fund  | State    | 267,000 | 253,000 | 520,000 | 506,000 | 0       |
|         |               | Total \$ | 267,000 | 253,000 | 520,000 | 506,000 | 0       |
|         |               |          |         |         |         |         |         |

In addition to the estimates above, there are additional indeterminate costs and/or savings. Please see discussion.

#### III. B - Expenditures by Object Or Purpose

FNS060 Local Government Fiscal Note

## Part IV: Analysis A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

CHANGES BETWEEN THIS VERSION AND PREVIOUS BILL VERSION: There were no changes made between versions which would change local government impacts.

SUMMARY OF CURRENT BILL: This legislation seeks to double the amount of available grant money that can be awarded to counties in order to create or expand their local veteran services or programs.

Sec. 1: Establishes that the legislature wants local programs that connect veterans with their federal benefits and with other veterans for peer support.

Sec. 4: The department shall provide grants to counties of the state in order to develop or expand veteran's service officer programs, peer-to-peer support programs, and other services and programs to assist veterans in areas where these programs and services are needed. In distributing these grants, the department must prioritize counties with smaller populations and counties that are below the national average in the percentage of veterans receiving federal disability or pension compensation.

### **B. SUMMARY OF EXPENDITURE IMPACTS**

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

CHANGES IN EXPENDITURE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION: There were no changes made between versions which would change the impact on expenditures.

#### EXPENDITURE IMPACTS OF CURRENT BILL:

This legislation would have an indeterminate expenditure impact on local governments. There is an assumed cost to counties when creating or expanding veteran services and programs. We have no way to project how much grant money will be awarded to each county or if the awarded grant money will cover all the costs associated with establishing or expanding a counties veteran services or programs.

ASSUMPTION: There is an assumed decrease in expenditures when a county with existing or planned veteran services and programs receives a grant.

### C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

CHANGES IN REVENUE IMPACTS BETWEEN THIS VERSION AND PREVIOUS BILL VERSION: There were no changes made between versions which would change the impact on revenues.

#### REVENUE IMPACTS OF CURRENT BILL:

This legislation would have an indeterminate revenue impact on local governments. We can roughly project the amount of state money that will be available for counties and their peer-to-peer program partners if state appropriations were to double.

During the 2021-2023 biennium, the Washington State Department of Veteran Affairs reported that counties received between 86% and 88% of the \$1.157 million appropriated by the state for veteran services and programs.

If state appropriations for veteran services and programs did doubled, counties could expect the total available amount of state appropriations to be between 1,990,040 ((1,157,000 x .86) x 2) and 2,036,320 ((1,157,000 x .88) x 2) during the 2023-2025 biennium.
