Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Expenditure Impact:

The Attorney General’s Office (AGO) Consumer Protection Division (CPD) has reviewed this bill and determined it will not significantly increase or decrease the division’s workload. CPD is only aware of one company engaged in the marketing and sale of over-the-counter sexual assault kits, and that company has represented to the AGO that it ceased all marketing and sales activity in Washington in response to a cease and desist demand issued by CPD. This bill complements our existing case load and CPD anticipates that any casework created by the enactment of this bill is considered nominal and costs are not included in this request.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.
