Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

1189 E2S HB 1189-S2.E AMS HS S2430.1 clarifies that this bill does not limit the governor's power to grant a pardon or clemency to any individual not in total confinement, or impose conditions in addition to or other than those recommended by Clemency and Pardons Board (CPB). This clarification does not change fiscal assumptions from the previous FN submitted for E2SHB 1189.

The engrossed second substitute bill requires the board to provide written notification to any victims, survivors of victims, or witnesses who participate in the hearing or provide written testimony about the Department of Correction's Victim Notification Program and the victim information and notification everyday service administered by the Washington Association of Sheriffs and Police Chiefs.

The second substitute bill changes the appointment membership requirements to ensure the Governor takes into consideration membership that includes:

- Racial
- Ethic
- Geographic
- Gender
- Sexual identity, and
- Age diversity

The second substitute also changed the compensation for the Clemency and Pardons Board members to comply with RCW 43.03.250, unless waived by the member. This equates to \$100 per day. The CPB shall receive travel expenses incurred for their official duties in accordance with RCW 43.03.050 and 43.03.060. The substitute continues to allow funds for personnel to implement and maintain functional operations such as support, records management, and disclosure, victim liaisons, and information technology in Section 5(7).

This bill has the following impacts:

- Expands the membership of the Clemency and Pardons Board (CPB) from 5 to 10 members. In making appointments to the board, the governor shall strive to ensure racial, ethnic, geographic, gender, sexual identity, and age diversity. Removes the requirement for the attorney general (AGO) to provide staffing for the CPB.
- Members of the board may serve up to two terms of five years and may continue to serve until their successors are appointed and confirmed. Initial terms shall be staggered, so that no more than three members are up for appointment in a given year.
- CPB each receives compensation in accordance with the provisions of RCW 43.03.250, unless waived by the member. The CPB shall receive travel expenses incurred for their official duties in accordance with RCW 43.03.050 and 43.03.060.
- The AGO shall provide legal counsel to the CPB. The CPB shall be funded with adequate personnel to implement and maintain functional operations such as support, records, victim liaisons, and information technology.
- Authorizes persons to petition for conditional commutation after serving 20 years of total confinement. Release takes the form of a conditional commutation that includes a period of law-abiding behavior in the community of at least 10 years or until the death of the offender.
- Charges the CPB with hearing petitions for conditional commutation and making recommendations to the Governor.
- Expands the number of confirmed that would be eligible for conditional commutation after serving 15, 20, or 25 years of total confinement depending on the person's underlying conviction.

If specific funding for the purposes of this act is not provided by June 30, 2023, in the omnibus appropriations act, this act is

null and void.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Salaries and Wages:

Clemency and Pardons Board - 10 members @ \$100/per day. This fiscal note assumes 16 meetings per year x \$100/day x 10 board members= \$16,000/year.

Staffing of the board to implement and maintain functional operations such as support, records management, compiling information, victim liaisons, scheduling of public hearings, and the issuing of decisions, are as follows:

- 1.0 FTE Program Manager at \$138,000 for salaries and benefits.
- 1.0 FTE Executive Assistant at \$102,000 for salaries and benefits
- 1.0 FTE Administrative Assistant at \$81,000 for salaries and benefits.
- 1.0 FTE Program Analyst/Specialist at \$112,000
- 1.0 FTE Assistant Director at \$154,000 salaries and benefits.
- 0.5 FTE Paralegal at \$61,000 salaries and benefits (prorated).

Goods and services: Based on average employee costs, the Office requests ongoing funding for supplies and materials, communications and telecommunications services, lease space, training, software licensing, and maintenance at \$4,000 per year, per FTE. Also included are legal services provided by the AGO estimated to be \$119,000 annually.

Travel: Based on average employee travel, the Office requests ongoing funding for travel associated with this position at \$4,000 per year, per FTE and board member.

Capital Outlays: The Office requests one-time funding for adding a new workspace at \$10,000 per FTE. This includes a workstation, furniture, and computer. There is an assumption that existing board members would require new workspaces and computers since the staffing model changes from volunteer to employee.

Indirect: The Office of Financial Management provides administrative support for the Office of Financial Management, Office of the Governor, and Office of Independent Investigations. These services include IT support, budget and accounting services, facilities support, and human resource assistance. To fund these shared services, each budgeted FTE is assessed an ongoing cost of \$30,000 and 0.22 of an FTE. Based on the average salary for those providing these services, we estimate the cost for a new FTE at \$140,000 per year including salary, benefits, equipment, and support costs.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Section 1 – Department of Corrections (DOC) shall supervise individuals who receive recommendation for commutation from Clemency and Pardons Board (CPB), granted commutation by governor, and have conditions of community custody imposed.

Section 2 – Section (3) added clarifying the bill does not change or alter Governor’s power of pardon and clemency.

Section 3 – Section (2)(h) modified to clarify sanctions on individuals under community custody.

Section 5 – The CPB make-up is modified. Removed retired judge and member of agency representing crime victims and added person with lived experience related to being a crime victim or working with crime victims.

Section 6 – Modified language regarding CPB review. Restores language from earlier version of bill related to prosecuting attorney notification of victims, survivors, etc.

Section 7 – Modified contents of information reviewed by CPB.

Section 8 – CPB report to governor language changed from “recidivism during previous calendar year” to “convictions during previous five years”.

Section 9 – Clarifies term limit for CPB member appointed to fill unexpired term.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Cash receipts are assumed to equal the Legal Services Revolving Account (LSRA) cost estimates. These will be billed through the revolving account to the client agency.

The client agencies are the Department of Corrections (DOC) and the Clemency and Pardons Board (CPB) The Attorney General’s Office (AGO) will bill all clients for legal services rendered.

These cash receipts represent the AGO’s authority to bill and are not a direct appropriation to the AGO. The direct appropriation is reflected in the client agencies’ fiscal note. Appropriation authority is necessary in the AGO budget.

AGO AGENCY ASSUMPTIONS:

DOC will be billed for non-Seattle rates:

FY 2024 and in each FY thereafter: \$24,000 for 0.1 Assistant Attorney General FTE (AAG) and 0.05 Legal Assistant 3 FTE (LA).

CPB will be billed for non-Seattle rates:

FY 2024 and in each FY thereafter: \$24,000 for 0.1 AAG and 0.05 LA.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Attorney General's Office (AGO) Agency Assumptions:

Location of staffing housed is assumed to be in a non-Seattle office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 (MA) is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 FTE for a Legal Assistant 3 (LA) and 0.25 FTE of an MA.

Assumptions for the AGO Correction Division's (COR) Legal Services for the Department of Corrections (DOC):

It is anticipated that this bill will increase DOC's need for legal services, including advice concerning the DOC's supervision of individuals released on conditional commutations, including regarding violation proceedings. COR also expects to defend DOC in approximately two personal restraint litigation matters annually challenging decisions to impose sanctions up to revocation of conditional commutations.

180 hours annually for advice and litigation.

COR: Total non-Seattle workload impact:

FY 2024 and in each FY thereafter: \$24,000 for 0.1 AAG and 0.05 LA.

Assumptions for the AGO COR Division's Legal Services for the Clemency and Pardons Board (CPB):

It is anticipated that this bill will increase the amount of legal advice required by CPB. This work will include review of petitions for legal issues and sufficiency; legal advice concerning appropriate commutation conditions and other matters requested by CPB members, staff, and the Governor's Office; legal advice related to public records disclosure; and AAG attendance at staff and CPB meetings and CPB hearings (we assume an increase from eight hearing days per year to 16).

180 hours annually on an ongoing basis.

COR assumes the current General Fund-State (GF-S) money appropriated to the AGO for the 1.0 FTE for the CPB Paralegal FTE (PL) and expenses will be transferred to the Governor's Office, as the AGO no longer will be required to provide staffing for CPB.

COR: Total workload savings (GF-S, Fund 001):

FY 2024 and in each FY thereafter: \$-119,000 for -1.0 PL.

COR: Total non-Seattle workload impact (LSRA):

FY 2024 and in each FY thereafter: \$24,000 for 0.1 AAG and 0.05 LA

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There were no changes in this amended version that affected OFM's fiscal impact assumptions from the previous version.

Engrossed Second Substitute version:

Section 5 expands the membership of the Clemency and Pardons Board (CPB) from 5 to 10 members, increases their term from 4 years to 5 years, and provides member compensation, travel expenses and staffing for the CPB. OFM may provide some administrative support for the board and assumes support staffing and related expenses will be incurred by the Office of the Governor. There is no fiscal impact to OFM.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part IV: Analysis

A. SUMMARY OF BILL

Description of the bill with an emphasis on how it impacts local government.

This fiscal note is for the striking amendment adopted by the Human Services Committee on March 21, and compares that bill version to E2SHB 1189.

CHANGES BETWEEN THIS VERSION AND PREVIOUS BILL VERSION:

The striking amendment would make changes to the clemency and pardons board procedures and requirements detailed in RCW 9.94A.880 and RCW 9.94A.885, and the new sections that sections 7 and 8 of the bill would add to chapter 9.94A RCW. The change to RCW 9.94A.885 would remove the requirement for county prosecutors to “make reasonable efforts to notify victims, survivors of victims, witnesses, and the law enforcement agency or agencies that conducted the investigation, of the date and place of the hearing.”

This bill version would also add language to RCW 9.94A.501, 9.94A.565 and 9.94A.663, and would add a new section specifying membership eligibility for people sitting on the clemency and pardons board on the effective date of the bill.

These changes do not affect the local government expenditure or revenue impacts below.

SUMMARY OF CURRENT BILL:

The proposed legislation would amend several RCW sections and add a new section to chapter 9.94A RCW, all related to the release of people who are incarcerated from total confinement before their sentence expires.

Section 6 would amend RCW 9.94A.885, requiring that county prosecutors be notified that a petition has been filed with the clemency and pardons board, and informed of the date and location of a scheduled hearing at least 90 days before that hearing takes place. The current requirement is for such notification at least 30 days before a hearing takes place.

Additionally, the amendments to this section would include a new subsection that would require that county prosecutors “make reasonable efforts to ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.” If no victim or survivor of victim can be found, prosecutors’ offices would be required to have “reasonable time” to confirm to the board that they have “exhausted all reasonable efforts” in trying to find and provide contact information.

B. SUMMARY OF EXPENDITURE IMPACTS

Expenditure impacts of the legislation on local governments with the expenditure provisions identified by section number and when appropriate, the detail of expenditures. Delineated between city, county and special district impacts.

The Washington Association of Prosecuting Attorneys anticipates that the legislation and its modified requirements for prosecutors will have no impact on local government expenditures.

C. SUMMARY OF REVENUE IMPACTS

Revenue impacts of the legislation on local governments, with the revenue provisions identified by section number, and when appropriate, the detail of revenue sources. Delineated between city, county and special district impacts.

The legislation would have no impact on local government revenues.
