Part II: Narrative Explanation

AN ACT Relating to the development of a home care safety net assessment; adding a new section to chapter 70.127 RCW; and adding a new section to chapter 74.39A RCW.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Substitute Bill 1435 amends

Section 1 (4)(b) now directs recipient of financial information from required entities be destroyed once the department and the health care authority have determined that it is no longer necessary for the support of the activities of the work group.

Removes Section 3, the expiration date of this legislation.

Sec. 1 added a new chapter to 70.127 RCW.

Sec. 2 (1) creates the "home care safety net assessment work group".

Sec. 2 (1)(a) assigns the director of the Washington State Health Care Authority (HCA) or the director's designee to the work group.

Sec. 2 (2) states that the work group shall develop a home care safety net assessment proposal to secure federal matching funds under federally prescribed programs available through the state Medicaid plan or a waiver. In developing the proposal, the work group shall consider the financial information provided by consumer directed employers and in-home services agencies under section 1 of this act to the extent authorized under section 1(4)(b)(ii) of this act and any relevant data analysis of the financial information provided by a private entity under contract with the health care authority pursuant to subsection (3) of this section.

Sec. 2 (3) allows the HCA to contract with a private entity to provide data analysis of the financial information submitted by in-home services agencies and consumer directed employers as necessary to inform the work group's development of a home care safety net assessment proposal. The data analysis must include the development of various financial modeling options that may meet federal regulations for approval of the assessment.

Sec. 2 (4) states that support staff for the work group must be provided by HCA.

Sec. 2 (5) requires the work group to submit a report to the governor and appropriate committees by December 1, 2024. The report must include recommendations related to the elements necessary to adopt and implement a home care safety net assessment proposal that meets the requirements needed for federal approval.

The Substitute bill removes Section 3 of the prior bill thus removing the expiration date for this legislation.

HCA Fiscal Note

Bill Number: SHB 1435

HCA Request #: 23-189

II. B - Cash Receipts Impact

Fiscal impacts associated with section 2 (1)(a) would be eligible for Federal Financial Participation (FFP). HCA estimates an average FFP of 50 percent.

II. B - Estimated Cash Receipts to:

ACCOUNT	FY-2024	FY-2025	FY-2026	FY-2027	FY-2028	FY-2029	2023-25	2025-27	2027-29

II. C – Expenditures

HCA requests \$516,000 (\$258,000 GF-State) and 1.0 Full Time Equivalent (FTE) staff in the 2023-25 Biennium to lead the project as created by Sec. 2 (1)(a) and provide support to the work group as required by Sec. 2 (4).

Financial Services Division (FSD)

Sec. 2 (1)(a) assigns the director of HCA or the director's designee to the work group. A Washington Management Service 2 (WMS2) would need to lead this project, it does not read as something that the director can do or absorb daily.

- 1.0 FTE - Washington Management Service 2 (WMS2) is needed to lead the project as created by Sec. 2 (1)(a) which assigns the director of HCA or the director's designee to the work group. This position will also provide support to the work group led by the Department of Social Health Services as assigned by Sec. 2 (4) of this bill. This position is needed until June 30, 2026, to provide data analysis of the financial information submitted.

Contract per Sec. 2 (3) allows HCA to contract with a private entity to provide data analysis of the financial information submitted.

- \$100,000 per year until June 30, 2026, to provide data analysis of the financial information submitted.

Request # 1435-2-1

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in SHB 1435, 2023 Legislative Session.

COMPARISON OF THE SUBSTITUTE BILL WITH THE ORIGINAL:

The changes in the substitute bill do not impact taxes or fees administered by the Department of Revenue. Under the substitute bill:

- Financial information submitted to the Department of Health is considered proprietary information and is confidential and may not be disclosed.
- The act does not expire.

CURRENT LAW:

Washington does not have a home care safety net assessment which may allow Washington to secure federal matching funds.

PROPOSAL:

This bill requires each consumer directed employer and each in-home services agency that provides home care services, hospice services, or home health services to submit financial information to the Department of Health. This is for the development of a home care safety net assessment to use in securing federal matching funds under federally prescribed programs available through the state Medicaid plan or a waiver, as described below.

The financial information required will be comprised of the following, related to in-home services client revenue, separated by type of service and payer, from the 12-month period between July 1, 2022, and July 1, 2023.

Total client revenue for home care services (or home health services) expressed as client revenue for home care services (or home health services) paid by:

- Medicaid
- Medicare
- Private pay
- Commercial insurance
- The veterans administration
- All other payers

The provision above applies equally to hospice services.

The bill also establishes the home care safety net assessment work group, of which the director of the Department of Revenue (or a designee) will be a member.

The work group will develop a home care safety net assessment proposal to secure federal matching funds under federally prescribed programs available through the state Medicaid plan or a waiver.

EFFECTIVE DATE:

The bill takes effect 90 days after final adjournment of the session in which it is enacted.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

This bill does not impact taxes or fees administered by the Department of Revenue (department).

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The department will have minimal costs of approximately \$1,400 for 16 hours of work by an executive manager in fiscal years 2024 and 2025 to participate in the home care safety net assessment work group. The department will absorb these costs within current funding.

Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

The fiscal impact has not changed from the previous fiscal note on 1435 HB. This bill classifies the information that is collected from in-home services agencies as confidential information under 42.56 RCW (Public Records Act). Changes in the bill do not change the fiscal impact for the Department of Health (department).

This bill amends 70.127 RCW (In-Home Services Agencies) to require in-home services agencies licensed under RCW 74.39A.500 (Consumer Directed Employer Program—Establishment—Structure—Vendor Qualifications—Transition—Department Duties) to provide financial information to the department to inform the development of a home care safety net assessment proposal.

Section 1(4): Directs the department to adopt guidance for in-home services agencies to report financial information, defines this information as confidential, and outlines how the department can disseminate that information.

Section 2: Establishes the home care safety net assessment work group and directs the workgroup to develop a proposal to secure federal matching funds under programs available through state Medicaid plan or waiver.

Based on previous experience surveying in-home services agencies, the department estimates the staff costs to be minimal. Existing staff will accomplish developing guidance, collecting information, and participating on the workgroup within their normal workload. No fiscal impact to the department.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

The department believes there is sufficient existing appropriation authority for the private local account to cover these additional costs for the in-home services agency program to implement this bill. Those costs are estimated to be \$6,000. Therefore, no new appropriation is being requested as a result of the passage of this legislation.
