# HCA Fiscal Note

Bill Number: ESHB 1503

HCA Request #: 23-210

## **Part II: Narrative Explanation**

### **II. A - Brief Description Of What The Measure Does That Has Fiscal Impact**

\*\*\*\*\*

Section 1 of ESHB 1503 requires health care professionals to provide information when they apply for licensure. Starting January 1<sup>st</sup>, 2025, race, ethnicity, gender, languages spoken, specialties, and practice locations will be required information on license applications and renewals. This causes an indeterminate impact for the Washington State Health Care Authority (HCA) in the Provider One system.

### **II. B - Cash Receipts Impact**

Indeterminate.

### **II. C – Expenditures**

The expenditures are indeterminate, but it is estimated that this would cause between \$250,000 and \$400,000 worth of costs to update the Provider One system. These costs are due to the need to update Provider One to capture the additional information in a provider’s application to enroll in Provider One and update it to identify the new information.

## **Part IV: Capital Budget Impact**

None.

## **Part V: New Rule Making Required**

None.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This fiscal note has changed as a result of the engrossed substitute compared to the original fiscal note written on HB 1503. Changes in fiscal impact are due to a decrease in HTS costs resulting from the effective date change from July 1, 2024, to January 1, 2025, and an increase of one minute per call due to the level of detail the department is required to collect for race and ethnicity demographic data.

Section 1: Adds a new section to chapter 18.130 RCW (REGULATION OF HEALTH PROFESSIONS - UNIFORM DISCIPLINARY ACT) stating 1) all applicants who submit applications for licensure on or after January 1, 2025, shall provide information with their application and 2) all license holder shall provide information when they renew their licenses on or after January 1, 2025. 3) The form used to collect information under this section must include the same race and ethnicity categories and subgroups required for the collection of student-level data in RCW 28A.300.042

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

Current law, RCW 43.70.250 (License fees for professions, occupations, and businesses.) requires that a business-licensing program be self-supporting and sufficient revenue be collected through fees to fund expenditures. The Department of Health (department) oversees over 90 licenses, certifications, and registrations which will be affected by this bill. The department will monitor the program fund balances and adjust fees over a six (6) year period to ensure that fees are sufficient to cover all program expenditures.

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*
