II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

HB 1853 amends RCW 43.84.092, updating the title of the transportation future funding program account to read the JUDY transportation future funding program account to correspond with the name change under chapter 182, laws of 2022, section 435 (ESSB 5974) which amended RCW 46.68.396.

There is no fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

WTSC anticipates no additional fiscal impact from the biennial report required in Section 8.

AN ACT Relating to making certain corrective changes resulting from the enactment of chapter 182, Laws of 2022 (transportation resources); amending RCW 46.17.015, 46.17.025, 81.104.170, 81.104.175, 47.04.380, 47.04.390, 46.68.480, 43.84.092, 43.84.092, 47.66.140, and 43.392.040; reenacting and amending RCW 47.04.010;

adding a new section to chapter 47.04 RCW; creating new sections; recodifying RCW 47.24.060; providing effective dates; and providing an expiration date.

Sec. 1 Explanation that the bill contains non-substantive changes to correct errors in original legislation, ESSB 5974 (chapter 182, Laws of 2022).

Sec. 8 RCW 46.68.480 and 2022 c 182 s 430 are each amended to include a report by December 1, 2024 and every two years thereafter, by the WTSC regarding expenditures from the Cooper Jones active transportation safety account for bicyle, pedestrian, and nonmotorist safety improvement.

Sec. 10 Adds definitions for active transportation, complete streets, safe system approach, and shared-use path.

Sec 17. Section 10 takes effect July 1, 2024.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

No fiscal impact

Request #	1
Bill #	HB 1853

Part 2 – Explanation

This bill makes certain corrective changes resulting from the enactment of chapter 182, Laws of 2022 (transportation resources).

Section 2 and section 3 of this bill reference the previous statute in their respective subsections, (3). Department of Licensing suggests that these references be updated to the new reference of RCW 46.17.355.

- Section 2 (3) The revenue from the license plate technology fee imposed on vehicles registered under RCW 46.16A.455(3) RCW 46.17.355 must be deposited in the move ahead WA account created in RCW 46.68.510.
- Section 3 (3) The revenue from the license service fee imposed on vehicles registered under RCW 46.16A.455(3) RCW 46.17.355 must be deposited in the move ahead WA account created in RCW 46.68.510.

2.A – Brief Description Of What The Measure Does That Has Fiscal Impact

Section 2 amends RCW 46.17.015 to apply the 25-cent license plate technology fee to all trucks registered under RCW 46.17.355 with a declared gross weight of less than 10,001 pounds, unless specifically exempt. The revenue from this fee must be deposited in the Move Ahead Washington Account created in RCW 46.68.510.

Section 3 amends RCW 46.17.025 to apply the 50-cent license service fee to all trucks registered under RCW 46.17.355 with a declared gross weight of less than 10,001 pounds, unless specifically exempt. The revenue from this fee must be deposited in the Move Ahead Washington Account created in RCW 46.68.510.

Both sections become effective on September 1, 2023.

2.B - Cash receipts Impact

Revenue	Fund	FY 24	FY 25	23-25 Total	25-27 Total	27-29 Total
Move Ahead WA Account	26P	462,000	616,000	1,078,000	1,259,000	1,288,000
Account Totals		462,000	616,000	1,078,000	1,259,000	1,288,000

This bill modifies the existing language regarding which trucks will pay the Department of Licensing's services and license plate technology fees when registering their vehicle. Under current law, only trucks greater than 6000 pounds empty scale weight must pay this fee. This change would result in a revenue increase of \$1,078,000 in the 23-25 biennium and \$1,259,000 in the 25-27 biennium (the first full biennium of collections).

2.C - Expenditures

What IS Will Implement:

Modify logic to charge Department of Licensing (DOL) service fee and technology fee for specific trucks, including distribution of the fee to the account.

Project Duration: 2 months

Information Services:

The agency will use appropriated funds to hire contract programmers to accomplish this work or to support current staff implementing this legislation within the required timeline. Appropriated funds may also be used to hire agency temporary staff to support permanent staff assigned to this legislative effort.

Any change requires a process to ensure changes are correctly applied to the system. This involves Project Managers that manage the team that completes the update, business analyst that documents and reviews the system changes, architect services that analyzes how the update could have an effect on other systems or DOL processes, developers who create the change, and testers and quality assurance teams that ensure the update is working correctly.

Cost Category	Description	Rate	2024	2025	2026	2027	2028	2029	Total Cost
TESTER	Test to verify individual components meet requirements; ensure that other business transactions have not been impacted.	\$ 22,620	6,800	ı	-	-	ı	-	6,800
BUSINESS ANALYST	Determine business requirements; translate requirements into what changes are needed to various systems including account codes, inventory codes, testing considerations, etc.	\$ 16,530	1,700	ı	-	-	ı	-	1,700
PROJECT MANAGER	Manage schedule and contracts	\$ 28,710	2,900	-	-	-	-	-	2,900
SECURITY AND ARCHITECT SERVICES	Create the conceptual model that defines the structure, behavior and framework of a computerized system including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	\$ 16,530	1,700	-	-	-	-	-	1,700
CONTRACTED FAST DEVELOPER / TESTER	Updates to the DRIVES system will require additional vendor hours outside of the contracted maintenance to make system updates to implement this bill.	\$ 37,236	11,200	-	-	-	-	-	11,200
Trainer	Trains business partners and employees in new system processes and capabilities.	\$ 22,620	2,300	-	-	-	-	-	2,300
Project Contingency	Office of the Chief Information Officer designated rate of 10%	\$ 25,474	2,700	=	-	-	=	-	2,700
	Totals		29,300	-	-	-	-	-	29,300

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

See attached WSDOT fiscal note.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Part II: Narrative Explanation

II. A - Brief description of what the measure does that has fiscal impact.

Briefly describe <u>by section number</u> (sections that will change WSDOT costs or revenue), the significant provisions of the bill, and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency.

HB 1853 is a companion bill to SB5743 that was enacted in the 2022 legislative session. The proposed legislation corrects certain errors and omissions to clarify legislative intent in SB5743. The corrections noted below do not pose any fiscal impact the Washington State Department of Transportation.

Sec. 4 revises RCW 81.104.170 to allow regional transit authorities that exceed certain tax authorities to receive regional mobility grant program funds in alignment with the language authorized in the Move Ahead Washington bill. To be eligible to receive regional mobility grant program funds, the regional transit authority must have adopted a zero-fare policy for passengers 18 and under on all modes of transportation provided by it.

Sec. 5 also revises RCW 81.104.175 to allow regional transit authorities to receive regional mobility grant program funds in alignment with the language authorized in the Move Ahead Washington bill. To be eligible to receive regional mobility grant program funds, the regional transit authority must have adopted a zero-fare policy for passengers 18 and under on all modes of transportation provided by it by October 1, 2022.

Sec. 11 revises RCW 47.04.010 to include definitions of "active transportation", "complete streets", "population center", "safe system approach", and "shared use/multiuse path."

Section 7(3) clarifies that the education curriculum, materials, equipment for the Jr High and High School Bicycle Education Program includes bicycles, helmets, locks, and lights. This was implied in the legislation as adopted in 2022 and this corrective change makes it clear.

Sec 12 revises RCW 47.66140 to include language that transit agencies who receive transit support grants will align the implementation of youth zero-fare policies with the equity and environmental justice principles consistent with recommendations from the environmental justice council to the extent practicable.

Sec. 13 revises RCW 43.392.040 to define the identification of non-grant related funding including revenues generated by and electric utility from credits under the clean fuels program for transportation electrification programs or projects pursuant to RCW 70A.535.080 to be a responsibility of the interagency electric vehicle coordinating. council.

Sec. 14 makes Sections 4 and 5 on the bill retroactive to July 1,2022

II. B – Cash Receipts Impact

N/A

II. C - Expenditures

Briefly describe the agency expenditures necessary to implement this legislation (or savings resulting from this legislation), identifying by section number the provisions of the legislation that result in the expenditures (or savings). Briefly describe the factual basis of the assumptions and the method by which the expenditure impact is derived. Explain how workload assumptions translate into cost estimates. Distinguish between one time and ongoing functions.
