II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Cash receipts are assumed to equal the Legal Services Revolving Account (LSRA) cost estimates. These will be billed through the revolving account to the client agency.

The client agency is the Charter School Commission (CSC). The Attorney General's Office (AGO) will bill all clients for legal services rendered.

These cash receipts represent the AGO's authority to bill and are not a direct appropriation to the AGO. The direct appropriation is reflected in the client agency's fiscal note. Appropriation authority is necessary in the AGO budget.

AGO AGENCY ASSUMPTIONS:

CSC will be billed for non-Seattle rates:

FY 2024: \$20,000 for 0.08 Assistant Attorney General FTE (AAG) and 0.04 Legal Assistant 3 FTE (LA).

FY 2025 and in each FY thereafter: \$8,000 for 0.03 AAG and 0.02 LA.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

This bill is assumed effective 90 days after the end of the 2023 legislative session.

Location of staffing is assumed to be in a non-Seattle office building.

Total workload impact in this request includes standard assumption costs for goods & services, travel, and capital outlays for all FTE identified.

Agency administration support FTE are included in the tables. The Management Analyst 5 (MA) is used as a representative classification. An example ratio is for every 1.0 Assistant Attorney General FTE (AAG), the AGO includes 0.5 FTE for a Legal Assistant 3 (LA) and 0.25 FTE of an MA.

Assumptions for the AGO Education Division's (EDU) legal services for the Charter Schools Commission (CSC):

The AGO will bill CSC for legal services based on the enactment of this bill.

Sections 5, 8, 9, 10, and 11 are expected to generate the bulk of the ongoing advice due to an anticipated increase in the number of complaints, investigations, and corrective actions.

Sections 4 and 5 will generate a fair portion of the workload in FY2024 due to the need to advise on performance framework revisions, rulemaking, etc.

EDU assumes in FY2024 will require legal advice relating to implementation, chart contract revisions, rulemaking and changes to performance frameworks, renewal guidance; technical assistance responsibilities; advice relating to additional investigations and potential corrective actions against schools arising from complaint process and/or additional school obligations under legislation. EDU estimates they will be providing advice on approximately five complaints received through the complaint process at approximately two hours each; Estimate two additional investigations arising out of complaint process, with one investigation resulting in corrective action; Advice related to public records requests (primarily pertaining to complaints received by commission); estimate three additional requests at one hour each.

EDU assumes in FY2025 eight complaints will be received that necessitate legal advice (one additional hour relating to this component); three investigations; one proceeding to corrective action; and four public records requests relating to the corrective action that require advice.

EDU assumes that in FY2026, 2027, and 2028 are five complaints that necessitate legal advice; three investigations, on proceeding to corrective action, and four public records requests relating to the corrective action that require advice.

EDU: Total non-Seattle workload impact:

FY 2024: \$20,000 for 0.08 AAG and 0.04 LA.

FY 2025 and in each FY thereafter: \$8,000 for 0.03 AAG and 0.02 LA.
