Bill Number: 1681 2S HB HCA Request #: 23-213

Part II: Narrative Explanation

II. A - Brief Description of What the Measure Does That Has Fiscal Impact

As compared to the substitute bill, this second substitute elaborates on "limited social gaming" to be defined as punchboards, pull-tabs, and social card games.

This change does not create a fiscal impact that differs from the fiscal note on the original bill.

AN ACT Relating to problem gambling that updates language, clarifies committee requirements, and increases business and operating (B&O) tax percentages.

Sec. 2 amends RCW 41.05.750 to include that the program is to support and certify problem gambling professionals. It also adds that the department of health may license or certify behavioral health agencies for problem gambling treatment. Washington State Health Care Authority (HCA) must also conduct a program evaluation that includes tracking participants and evaluating outcomes. This section updates that HCA is responsible for facilitating an ongoing advisory committee that will hold quarterly meetings. The committee is further clarified to be a nine-member group with specific requirements for each member in addition to updating the function of the committee to include tracking recommendation progress, providing advice and feedback, and discussing emerging problem gambling issues.

Sec. 3 requires the commission to transfer revenue derived from shared game lottery to the problem gambling account in the amount of 0.20 percent in fiscal year 2024 of the net receipts. Net receipts is defined as the difference between revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares and the sum of payments made to winners. In fiscal year 2025 and subsequent fiscal years the percentage to be transferred will increase to 0.26 percent.

Sec. 4 states only businesses operating contests of chance with a gross income of more than \$50,000 per year will be affected by section 3 of this bill.

II. B - Cash Receipts Impact

Indeterminate. HCA assumes funds in the Problem Gambling Account will increase due to the B&O tax percentage increase however, there is no way to determine an exact amount due to how the net receipts are calculated.

II. C – Expenditures

Sec. 2: Program Evaluation: Tracking Participation and Evaluating Outcomes

- 0.5 FTE Medical Assistance Program Specialist 3 to monitor program participation and outcomes.
- Indirect administrative costs are calculated at \$39,000 per 1.0 FTE. This cost is included in Object T based on HCA's federally approved cost allocation plan and are captured and/or included as a Fiscal Analyst 3 classification.

HCA Fiscal Note

Bill Number: 1681 2S HB HCA Request #: 23-213

Fiscal Impacts from Recommendations of the Problem Gambling Task Force

While HCA acknowledges the changes in the bill do not explicitly call for specific expansions in problem gambling services, Section 1(e) indicates the service gaps identified in the 2022 Problem Gambling Task Force Final Report (the report) played a significant role in establishing the need to generate increased Problem Gambling Account revenue as proposed in this bill to support the problem gambling service expansion recommendations throughout the state, including those provided through HCA's Problem Gambling Program.

In alignment with cost estimates highlighted in the report, HCA estimates the costs to implement the recommendations would be an additional \$2.8 million (Problem Gambling Account) in the 2023-25 biennium. This additional funding shall address the pressure of increased community demand for treatment services on HCA-contracted problem gambling treatment providers and to contract with more state-certified program gambling treatment provider agencies and sole providers.

While the report also identifies the need to replace an aging data system called the TARGET2000 data system, the above estimate does not include to replacement costs.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

2S HB 1681 recognizes and addresses problem gambling and gambling disorders. The following sections relate to Washington's Lottery:

- Section 2 requires the Health Care Authority to establish and facilitate an ongoing advisory committee, which must include a representative from the Lottery. This work can be accomplished within existing resources.
- Section 3 increases the Lottery's contribution to the problem gambling account created in RCW 41.05.751. It is currently thirteen one-hundredths (0.13) of one percent of net receipts. It would increase to 0.20 percent of net receipts in fiscal year 2024, and then to 0.26 percent of net receipts in fiscal year 2025 and subsequent years. This provision would shift distribution of Lottery revenue from 17F the Washington Opportunity Pathways Account to 08K the Problem Gambling Account. Minor necessary accounting changes can be accomplished within existing resources.
- Section 6 requires the Lottery to maintain placement of problem gambling and gambling disorder informational signs, including a toll-free helpline number, at retail locations. This requirement continues current obligations and has no new fiscal impact.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

Section 3 increases the Lottery's contribution to the problem gambling account created in RCW 41.05.751. It is currently thirteen one-hundredths (0.13) of one percent of net receipts. It would increase to 0.20 percent of net receipts in fiscal year 2024, and then to 0.26 percent of net receipts in fiscal year 2025 and subsequent years. This provision would shift distribution of Lottery revenue from 17F the Washington Opportunity Pathways Account to 08K the Problem Gambling Account by the amounts shown in the estimated cash receipts table.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

There is no change to this fiscal note from the previous version.

Section 2 (4) requires an ongoing advisory committee that will hold quarterly meetings to track progress of recommendations from the 2022 final report, provide advice and feedback upon request, and discuss emerging issues related to problem gambling and identify possible strategies for improvement. It also requires that committee membership include at least one representative from the Gambling Commission.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

Section 2 (4) requires at least one representative from the Gambling Commission be on the ongoing advisory committee established by the Health Care Authority.

For purposes of this fiscal note, the Gambling Commission assumes the following:

The Gambling Commission Deputy Director will be on the advisory committee. Quarterly meetings will be 8 hours each and require 6 hours of preparation per meeting, totaling 56 hours a year.

Meetings would be remote with no travel expenses.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

Note: This fiscal note reflects language in 2SHB 1681, 2023 Legislative Session.

COMPARISON OF THE SECOND SUBSTITUTE BILL WITH THE SUBSTITUTE:

The second substitute bill revises the advisory committee membership. This change does not affect the department's impacts shown in the fiscal note of the substitute bill.

CURRENT LAW:

A business and occupation (B&O) tax rate of 1.5% applies to the gross income of businesses operating contests of chance.

An additional tax is imposed on such businesses. The amount of the additional tax equals to the gross income of the business derived from contests of chance multiplied by the rate of 0.13%. The revenue from this additional tax is deposited into the problem gambling account. The additional tax does not apply to a business with gross income less than \$50,000 per year.

For businesses engaging in parimutuel wagering, a B&O tax rate of 0.13% applies to the gross income derived from parimutuel wagering. The revenue from this tax is deposited into the problem gambling account.

PROPOSAL:

For businesses operating contests of chance, this bill increases the rate of the additional tax to 0.2% through June 30, 2024, and 0.26% thereafter.

For businesses in parimutuel wagering, the tax rate increases to 0.2% through June 30, 2024, and 0.26% thereafter.

EFFECTIVE DATE:

This bill takes effect on July 1, 2023.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

Calendar year 2021 business activity represents activity occurring in future years.

DATA SOURCES:

Department of Revenue, excise tax data

REVENUE ESTIMATES:

This bill increases state revenues by an estimated \$232,000 in the 11 months of impacted collections in fiscal year 2024, and by \$471,000 in fiscal year 2025, the first full year of impacted collections.

TOTAL REVENUE IMPACT:

State Government (cash basis, \$000):

FY 2024 - \$ 232 FY 2025 - \$ 471

FY 2026 - \$ 471

FY 2027 - \$ 471 FY 2028 - \$ 471 FY 2029 - \$ 471

Local Government, if applicable (cash basis, \$000): None.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

ASSUMPTIONS:

This bill affects 700 taxpayers.

FIRST YEAR COSTS:

The department will incur total costs of \$51,000 in fiscal year 2024. These costs include:

Labor Costs – Time and effort equate to 0.3 FTE.

- Process tax return work items, assist taxpayers with reporting questions and respond to inquiries via email and web message and paper correspondence.
 - Examine accounts and make corrections as necessary.
- Gathering requirements, implementation meetings, documentation, and testing of system changes due to tax rate changes.

Object Costs - \$17,600.

- Computer system changes, including contract programming.

SECOND YEAR COSTS:

The department will incur total costs of \$30,900 in fiscal year 2025. These costs include:

Labor Costs – Time and effort equate to 0.3 FTE.

- Process tax return work items, assist taxpayers with reporting questions and respond to inquiries via email and web message and paper correspondence.
 - Examine accounts and make corrections as necessary.
 - Continued computer system testing, monitoring and maintenance.

ONGOING COSTS:

There are no ongoing costs.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

2nd Substitute House Bill 1681 amends several RCW related to problem gambling and gambling disorder.

The amendments proposed in Sections 2 and 6 are relevant to the Horse Racing Commission, but do not substantial change the Commission's roles and responsibilities from what they are under current law. Therefore, no fiscal impact is expected to result from the adoption of this legislation.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill outlines the legislatures intention to provide long-term, dedicated funding for prevention, public awareness, education, and accessible treatment services for individuals impacted by problem gambling or gambling disorders.

This bill requires no immediate rulemaking or any change in program implementation practices; therefore, there is no fiscal impact to the Department of Health.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.
