## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 2 of this bill adds a requirement to include a brief plain language summary of any proposed rule changes on each agencies' rule-making website.

The Office of Lieutenant Governor (LTG) currently maintains rule-making information on its website. LTG will include the rule-making summaries and hearing/procedures information as the bill requires. LTG can absorb the workload within its current capacity with no fiscal impact because rulemaking is infrequent.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Current law requires all agencies to have a link from their homepages to an agency rule-making page. The rule-making page must have the complete text of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months, or a direct link to the index page on the Washington State Register website that contains links to the information.

This bill would require agencies post on their rule-making pages summaries of no more than 100 words in plain language of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

No Fiscal Impact to the Office of the Secretary of State (OSOS).

OSOS engages in approximately 10 rule writing processes per year. The additional workload to prepare a 100 word summary of each action would be minimal, and could be absorbed within existing resources.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill requires state agencies to maintain a website containing the Agency's rule-making information. This website would include information on all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months. The Department of Financial Institutions (DFI) currently posts a rulemaking docket on its website that is available to the public. The changes that this legislation proposes would be feasible within existing resources. This bill would have no fiscal impact on DFI.

### II. B - Cash receipts Impact

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

There is no fiscal impact to the Lottery.

SB 5835 amends RCW 34.05.270 to require each state agency to include on its rule making webpage a summary of no more than 100 words in plain language of all rules proposed or adopted within the last 12 months.

Lottery makes the following assumptions:

- The 100-word limit applies to each rule package, not the aggregate of all rule making within the 12-month period.
- Lottery will have an average of 2-3 rule making packages per year.
- Creation of each summary will take approximately 1 hour by a Management Analyst 4, for a total of 2-3 hours.
- Posting each summary will take approximately .5 hour by a Communications Consultant 5, for a total of 1-1.5 hours.

This work can be completed within existing resources.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 2 of this bill adds a requirement to include a brief plain language summary of any proposed rule changes on each agencies' rule-making website.

The Commission on Hispanic Affairs (CHA) currently maintains rule-making information on its website. CHA will include the rule-making summaries and hearing/procedures information as the bill requires. CHA can absorb the workload within its current capacity with no fiscal impact because rulemaking is infrequent.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

No Fiscal Impact: Because the Commission is a non-appropriated, non-allocated agency, all the costs associated with the contemplated legislation connected to the Commission will flow through the Commission's operating funds, therefore the Commission believes it has no fiscal impact on the state's budget.

### II. B - Cash receipts Impact

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Pursuant to RCW 34.05.270, agencies are already required by state law to maintain websites describing their rulemakings over the last 12 months. This bill would require agencies to also provide a concise summary of each rulemaking, in plain English and in 100 words or less, for each rulemaking.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

None

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

This would not entail any purchases or expenditures per se, but it would involve a minimal amount of staff time. It is anticipated that this would require a total of approximately 3 hours of time each calendar year for an ALJ to summarize each rulemaking occurring over the last 12 months. This would be a relatively de minimis task. Posting the summaries to the existing rulemaking website and adding space for these summaries are not anticipated to have any material impacts, either.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Washington State agencies are currently required to maintain a rule-making web page containing the complete text of all proposed rules, emergency rules, and permanent rules proposed or adopted within the last 12 months. This bill would require agencies provide a plain-language description in 100 words or less for each of these rules on this web page.

This additional work would be performed by the Washington Student Achievement Council (WSAC) using existing resources.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 2 of this bill adds a requirement to include a brief plain language summary of any proposed rule changes on each agencies' rule-making website.

The Department of Archaeology and Historic Preservation (DAHP) currently maintains rule-making information on its website. DAHP will include the rule-making summaries and hearing/procedures information as the bill requires. DAHP can absorb the workload within its current capacity with no fiscal impact because rulemaking is infrequent.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

AN ACT Relating to transparency in rule making; and amending RCW 34.05.270.

Section 1: Amending RCW 34.05.270 and 2009 c 93 s 1 to read as follows: Separating the paragraph of RCW 34.05.270 into subsections. (2)(b) A summary with a maximum of 100 words in plain/understandable language of all proposed rules, emergency rules, and permanent rule proposed/adopted within the past 12 months will need to be included on the rule-making website.

CWU anticipates a very minimal effort necessary to update language on our website. This effort will be absorbed within existing resources and therefore results in no fiscal impact to comply with this bill.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

SB 5835 relates to transparency in rule making.

Section 1.2(b) requires all state agencies to provide, on their rule-making information web page, a summary of no more than 100 words in plain language of all rules proposed or adopted within the past twelve months.

The other requirements of RCW 34.05.270 would remain the same, although the sections have been reformatted.

There would be no fiscal impact to the college, as meeting the new requirement would only require a minor adjustment to the college's rule-making docket, which can be accomplished within existing resources.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. ## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

This bill adds a requirement for state agencies to add a short (100 words or less) summary in plain language of all proposed, emergency, or adopted rules on the agency website.

We expect that the work to complete these summaries and post them on the website would be closely aligned to work already being completed by the agency. The agency anticipates no fiscal impact as a result of this bill.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

SB 5835 would require state agencies to maintain a website that contains the agencies rule-making information, including the complete text of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months, along with a summary of no more than 100 words for each.

The Washington State Transportation Commission's (WSTC) currently makes this information available on its website, and therefore foresees no fiscal impact to our agency as a result of this legislation.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

The bill changes the statute to require that a summary of all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months be posted to the agency's rule-making website page. The Columbia River Gorge Commission (CRGC) currently maintains rule-making information on its website and will include the rule-making summaries as the bill requires. CRGC can absorb the workload within its current capacity with no fiscal impact.

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

No fiscal impact on the State Conservation Commission.

Section 1 requires all state agencies to provide rule-making information on their websites. A summary of no more than 100 words written in plain language, shall include all proposed rules, emergency rules, and permanent rules proposed or adopted within the past 12 months.

Each state agency shall complete and post the rule-making information within existing resources.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Section 1 directs the Department to create a summary of all proposed, emergency, and permanent rules proposed or adopted in the past 12 months.

WDFW already includes a short summary for all proposed, emergency, and permanent rules. No fiscal impact for the Department.

### II. B - Cash receipts Impact
