Part II: Narrative Explanation

II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

No fiscal impact. This legislation will not increase the appeal workload for the Office of Administrative Hearings (OAH).

This bill eliminates the surcharge for voluntary employer contributions to the Unemployment Insurance program and eliminates a sunset provision limiting changes to the voluntary contribution program. This will not lead to new UI appeals and will not impact OAH.

II. B - Cash receipts Impact

Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.

## Part II: Narrative Explanation

### II. A - Brief Description Of What The Measure Does That Has Fiscal Impact

*Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.*

Bill request Z-0393.1/24 amends RCW 50.29.026 and 2021 c 2 s 18, removing the sunset date and references to the sunset date on changes to the unemployment voluntary contribution program, making the temporary changes permanent.

Section 1(1) removes the reference to the exception in section 1(3).

Section 1(a) removes the ten percent surcharge from the amount of the voluntary contribution, the references to this surcharge, and the language referencing applicable rates for years beginning before January 1, 2005. It also changes ratio of the recalculated rate class from four to two and changes the application deadline from February 15th to March 31st.

Section 1(2) removes the reference to section 1(3) and reduces the minimum number of rate class increases to qualify for this program from twelve to eight.

Section 1(3) removes the sunset date and references in previous sections.

Employment Security Department (ESD) has determined that these changes will not have a fiscal impact. Implementing the changes will require minimal coding adjustments and edits to policy and training manuals.

### II. B - Cash receipts Impact

*Cash receipts impact of the legislation on the responding agency with the cash receipts provisions identified by section number and when appropriate, the detail of the revenue sources. Description of the factual basis of the assumptions and the method by which the cash receipts impact is derived. Explanation of how workload assumptions translate into estimates. Distinguished between one time and ongoing functions.*

N/A

### II. C - Expenditures

*Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates. Distinguished between one time and ongoing functions.*

Implementing the changes will require minimal coding adjustments and edits to policy and training manuals. Therefore, ESD has determined that there will be no fiscal impact.
