Significant provisions of the bill and any related workload or policy assumptions that have revenue or expenditure impact on the responding agency by section number.

This bill relates to adding purposes for the use of existing firefighter safety funding, amending RCW 51.04.175.

Section 1 – Adds the ability for Labor & Industries (L&) to use the funding under RCW 51.04.175 for fire departments to participate in assessments or training related to safety culture or other safety intervention activities. Distinguished between one time and ongoing functions.

II. C - Expenditures

Agency expenditures necessary to implement this legislation (or savings resulting from this legislation), with the provisions of the legislation that result in the expenditures (or savings) identified by section number. Description of the factual basis of the assumptions and the method by which the expenditure impact is derived. Explanation of how workload assumptions translate into cost estimates.
